

Security Program Termed Improved

By BOB FRANKLIN

The nation's security program is improving, but still leaves something to be desired, according to atomic physicist Dr. James Beckerley.

Dr. Beckerley was the main speaker at the state Baptist Student Movement conference held at the University Baptist Church March 2-4.

Debate

Men's Team Places First In Tournament

The men's debate team took first place in the North-South Tournament at the University of West Virginia last weekend.

Edward Klevans, junior in electrical engineering from Roaring Spring, and Jonathan Plaut, junior in industrial engineering from Rockville Centre, N.Y., received second and third places respectively in the individual speaker awards. Klevans had 69 points out of a possible 75 and Plaut had 66 out of 75.

The affirmative team composed of George Haines, junior in education from Nottingham, and David Scott, junior in agricultural economics and rural sociology from Chatham, N.J., had four wins against Marietta College, William and Mary, Bridgewater College, Kent State University, and one loss to Georgetown.

Plaut and Klevans, who made up the negative team, had five wins against Fairmont College, Marshall College, University of Maryland, University of West Virginia, and Morris Harvey College.

Twenty-one teams attended the tournament.

Pollock Council Constitution

Pollock Council will meet at 6:30 p.m. tomorrow in 203 Hetzel Union to continue discussion on its proposed new constitution.

Dr. Beckerley, now director of a million-dollar research project in Texas for a private company, said that the United States is ahead of other nations in the peacetime development of atomic energy and the relationship between government and business in this area is working out fairly well.

Discussing the national security program before the conference's 76 delegates from ten colleges and universities, Dr. Beckerley commented: "You would be dismayed to see how much of government has gone underground . . . We're beginning to identify defense matters with everything in society . . . The trend has been to build an iron curtain around this country as far as technology goes."

Security Up to People
"The security of a country," he said, "depends on what goes on in the minds and hearts of the people of that country."

Dr. Beckerley, who, in addition to editing several atomic energy magazines, has been professor of physics at Rangoon, Burma, and has worked with the Atomic Energy Commission and congressional committees, also questioned the "irresponsible handling of public communication," which, he said, is far more prevalent "than many of us realize."

Communication Important
"Communication of ideas between people is an extremely important part of our civilization," he stated, for "unless we develop the proper sense of values and know how to use" the destructive forces which we now have, the end is disaster.

Dr. Beckerley said he believed mankind now has the power to destroy human life on this planet.

Party Nominations—

(Continued from page one)
nie Keys, John Bott, Eugene Woy, John Dunn, Phil Bostley, Michael Chapman, and James MacLaughlin, on campus committee; John Mallia, Frank Milheim, Nancy Elms, and Eileen Lardo, publicity committee; Jean Dahl, Carol Schaub, Bill VanMatre, Joyce McCloskey, Rosemary Arntz, Marie Torpey, and Margaret Pearce, projects committee; Louis Laube, Walter Barker, and Edward Frear, membership committee; Ronald Davis, David Hamrick, and Harry Newman, distribution committee; Frederick Condon, Phil Calby, and James Byrnes, campaign committee; and John Starkey, Robert Stroup, and Joseph DiAngelo, platform committee.

The Campus steering committee will meet next Sunday at 2 p.m. in 108 Willard.

Thomas Dye was nominated for All-University vice president and Don Richards was nominated for All-University secretary-treasurer on the Lion party slate.

Samuel Valentine was nomin-

ated for senior class president and Thomas Binford was nominated for senior class vice president.

John Olsen was nominated for junior class vice president and Mary Metz was nominated for junior class secretary-treasurer.

Robert Spadaro, Lion party clique chairman, and Richard Lacey, campaign chairman, discussed the coming campaign and went over the duties of committee chairmen at the Sunday afternoon steering committee meeting. Spadaro announced the following appointments:

Edward Fegert, campaign chairman; Elizabeth Hill, Sandra Hoffman, Jim Schree, Priscilla Doll, Maxwell Schultz, Josephine Hough, and Marc Specter, campaign committee; John Waughman, fraternity coordinator; Ed Berkely and Robert Mann, publicity coordinators; and James Adams, fraternity campaign chairman.

The Lion party steering committee will meet next Sunday at 2 p.m. in 217 Willard.

UCA Committee—

(Continued from page one)

dean of women's office prohibited coeds in the dormitories from rooming with a woman of a different colored skin.

Pearl O. Weston, dean of women, said last night this statement is not true. She cited several instances in the past where white and Negro girls have roomed together.

She did say however, that her office does not assign white and colored girls to live together unless they request it.

INTERVIEWS FOR CAREERS WITH HERCULES

Here's an opportunity for a career with one of the nation's most rapidly expanding chemical companies. If you will have a BS or MS degree in . . .

- CHEMISTRY
- ENGINEERING

Chemical
Civil
Electrical
Mechanical
Mining

...a Hercules representative will be on the campus to discuss with you employment opportunities in . . .

- RESEARCH
- SALES
- PRODUCTION
- ENGINEERING

Arrangements for interviews should be made through your placement office.

FURNITURE REPAIRS, upholstery and refinishing. Free estimate. Call AD 7-3693.

WHEN YOUR typewriter needs service just dial AD 7-2492 or bring machine to 633 W. College Ave.

When the songs are light
And the fire's bright
For real delight—have a CAMEL!

—Man, that's pure pleasure!

It's a psychological fact:
Pleasure helps your disposition.

If you're a smoker, remember
— more people get more
pure pleasure from Camels
than from any other cigarette!

No other cigarette is so
rich-tasting, yet so mild!

Camel
