

## Coed Keglers Ranked in Top Ten of Nation

A 201 game put the Penn State coeds among the top ten keglers in the country after competing in the National Intercollegiate Telegraphic American Ten Pin Tournament Saturday.

Barbara Cox rolled the 201 game and netted 337 in the two-game series to lead the Penn State quintet to its 1461 total points.

Becky Jackson scored the second highest two-game total when she rolled 289, one game totaling 179.

Lee Hart was third in the two-game series with 283, Carol Bradt, fourth with 278, and Barb Drum, fifth with 274.

Final results from the competing colleges and universities were not all received by Penn State, the center of tabulation, but top contenders for the first ten teams, besides Penn State, are Iowa State Teachers College, Wisconsin State College, Kansas University, Indiana University, Mexico University, Cortland State Teachers College, Syracuse University, and Chicago University.

Bradt and Hart led the Penn State keggers in capturing the bowling event in the Women Recreation Association's annual winter sports day Saturday.

## AROTC 7th In Rifle Meet

The Army Reserve Officer Training Corps rifle team finished seventh in a field of 12 in National Intercollegiate Rifle Matches held Saturday in Buffalo, N.Y.

The Army team under the direction of M/Sgt. B. J. Goebel, Jr., fired a point total of 1363 out of a possible 1500.

In individual competition with 60 other universities and college ROTC cadets, George Reimann shot a 279 out of a possible 300 for 15th place.

A match scheduled for Friday evening at Bradford High School against the University of Pittsburgh was postponed.

The Air Force ROTC rifle team failed to make the weekend trip to Buffalo because of bad weather.

The Army and Air Force teams will compete against each other April 28 in Recreation Hall for the Army and Air Force Trophy. The Army now holds the trophy by virtue of last year's win which marked the beginning of the competition.

Mac Says . . . Got Any Inhibitions!

We don't often have a legitimate excuse for being extravagant in our dress—and what's worse, even less often have we the wherewithall when we have the excuse. Still, in so far as we are able, it is rather satisfying to be extravagant and release a few inhibitions on appropriate occasions.

Easter, of course, is probably the most appropriate occasion. Traditionally it is a time of high spirits and gaiety, and the promenade of churchgoers in bright, and somewhat, boisterous arrays of dress suggests that inhibitions flow thick and fast at the clothing stores. Our desires are reflected in our dress.

Now, if you are harboring any inhibitions concerning sports coats and slacks, you'll delight in knowing that Alpaga, one of the better clothing manufacturers, has in their Spring line a few of the most uninhibited sports coats I've seen in several seasons. Light, bright, and stripes! What's more, the wherewithall required is negligible. A complete sports outfit, coat and slacks, is less than \$30.00; a hundredth part of what a psychologist would charge to rid you of the same inhibitions!
