

# Cabinet Will Hear Report On Beaver Dam Project

All-University Cabinet will hear a report from Philip Beard, All-University secretary-treasurer and chairman of the Inter-Class Finance Board, tonight, recommending that Cabinet donate \$5000 to the proposed Beaver Dam project.

The recommendations will be made, Beard said, because the board feels the reserve of \$15,000 which the treasury has

# Annual Award To Be Given To Ed Senior

An award for the outstanding senior in education will be made at a banquet May 7 at the Eutaw House, the Education Student Council decided Tuesday night.

Committee members in charge of the award include Marjorie Hopp, Gwen Davies, Sandra Grotzky, and James Beamer.

The award is presented annually to a seventh or eighth semester student in education. In the past faculty members and students in the College of Education have nominated students for the award.

This year the committee will make the nominations, supplemented by faculty and student nominations.

Applicants are selected on the basis of scholarship, leadership, and activities benefiting the College of Education.

Applications will be available today through April 29 for nominations at the Hetzel Union desk, 102 Burrows, and Pollock 8.

Carol Jones and Miss Davies are co-chairmen of the banquet committee. They are being assisted by Gail Gilman, Sheila Nearing, Sandra Reimer, and David Faust.

It was announced that Gail Rolle is chairman of coffee hours. Others on the committee are Miss Grotzky, John Bruno, Patricia McLaughlin, and Heather Lohrenz. Coffee hour will be held next Thursday in HUB dining room C.

# Muller to Open Lecture Series

Dr. Herbert J. Muller, professor of English at Purdue University, will present the first lecture of the Simmons Series at 8 p.m. today in 121 Sparks.

"The Spirit of Tragedy," the title of Dr. Muller's latest book, will be the subject of his talk.

His books include "Modern Fiction," "Science and Criticism," "Thomas Wolfe," "The Uses of the Past," and "The Spirit of Tragedy," to be published later this year.

### WDFM to Hold Auditions

Auditions for station WDFM staff announcers will be held Sunday afternoon. Applications including time and place of auditions may be obtained in 307 Sparks.

accumulated is far in excess of the amount it should have on hand.

Also, by giving money to the project, the board hopes it will be an inducement for the senior class to donate their class gift to the same project.

The 100 acre Beaver Dam area is presently being considered as one of the recipients of the senior class gift.

**Class Gift Donations**  
If Cabinet decides to donate the money to the project, Beard said, the joint class gifts of the classes of 1948, 49, and 50 may possibly be donated to the project.

The gifts of the three classes which amounts to \$25,000 was set aside to finance a student printing press. The idea has since been dropped and the money invested in bonds.

**Questions Answered**  
Harold B. White, acting head of the department of recreation, will be on hand at the meeting tonight to answer questions on the project, and report on improvements which have been made on the area.

The tract, which is nine miles from the University, was donated to the University four years ago by the State Department of Forests and Waters as a place to develop an outdoor recreation area.

The board will also recommend that Cabinet drop an amendment to the Student Government Association constitution which was proposed at the February 23 meeting of Cabinet.

**New Financial System**  
Under the proposed amendment, a new financial system would be drawn up which would set up a general fund from the accumulated treasury reserves of student organizations.

Beard will suggest that organizations that have excess reserves in their treasury contemplate using the reserves on some project that would be beneficial to the student body.

Immediately after the reports of officers, new officers to Cabinet will be installed. The officers to be installed at tonight's meeting are Robert Bahrenburg, All-University president; William Clark, All-University vice president; Leonard Richards, All-University secretary-treasurer; Joseph Hartnett, senior class president; Harry Martini, junior class president; Daniel Land, Interfraternity Council president; Barbara Nicholls, Panhellenic Council president, and Dion Weissend, Athletic Association president.

### 3 Added to Honor Arch

Constance Weitknecht, Ann Lederman, and Alletta Manbeck have been added to the list of names of women selected to participate in the Honor Arch for May Day.

# Eng Group Constitution Discussed

Douglas Tharp, vice president of Engineering Student Council, asked for a revision of the constitution in his election report Tuesday night.

Instead of electing an entirely new council each year with the exception of the president, Tharp said he would like to see some of the old members automatically carried over. He asked for the appointment of an investigating committee to work on the problem of providing a carry-over of experienced members from year to year. He suggested the constitutions of other councils be examined.

In his election report, Tharp also pointed out that no fifth-year architects had voted. "I'm in favor of not giving them an office at all," he said.

The greatest election problem was low turnout, according to Tharp. He commended the Civil Engineers for a voting record of 50%.

Robert Stroup, sophomore in industrial engineering, and John Haas, junior in architecture, were nominated for the office of vice-president; Lawrence Perez, Jr., freshman in sanitation engineering, and Allen Knappenberger, junior in industrial engineering, were nominated for treasurer; and Lawrence Perez, professor of civil engineering, was nominated as faculty adviser.

There were no nominations for the offices of recording secretary or corresponding secretary. Nominations will remain open until the next meeting, April 24.

### Home Ec Group to Meet

The Home Art Interest Group of the Home Economics Club will meet at 7 tonight in 224 Home Economics. A laboratory is planned to enable students to finish old work.

# IFC Council Sets Magazine Deadline

Deadline for fraternity pictures and information for the Interfraternity Council rushing magazine is April 21, not today as was erroneously reported in yesterday's Daily Collegian.

Fraternities wanting to change pictures of their houses or individual information, should turn material into the Fraternity Affairs Office in the Hetzel Union Building.

Pictures should be on glossy paper and must be 4 by 5 inches. Writup information should be typed.

### One New Measles Case

The University Infirmary reported that one student was admitted with German (three-day) measles yesterday.

Three other students are still confined in the temporary wards in Grange dormitory.

# Senator Sees Budget Action

State Sen. LeRoy E. Chapman (R-Warren) expressed optimism yesterday concerning the University's \$27,194,000 appropriation which has rested with the Senate appropriations committee for nearly a month.

Sen. Chapman, chairman of the committee, said: "I wouldn't be surprised if all of the \$2 million increase is approved." Chapman said he believed that action on the measure would take place by Monday, according to the Centre Daily Times.

Concerning the \$2 million increase, Sen. Chapman was referring to an addition to the original \$25,194,000 bill which passed the House several months ago. He said he would push hard for the boost because "It's badly needed by the school and I think most of the committee will agree on that."
