

Nasser Hears UN Peace Plan As Tensions Ease on Border

CAIRO, Egypt, April 11 (AP)—Premier Gamal Abdel Nasser heard Dag Hammarskjold's plea for Arab-Israeli peace and then explained Egyptian views in a 75-minute conference today. Afield, the series of incidents which have threatened war slackened.

The Moslem world was on the eve of Ramadan, a month of religious significance somewhat resembling the Lent observed by Christians. Moslems fast from sunrise to sunset throughout the 30-day period.

A well-informed Egyptian source said the UN secretary general submitted to Nasser proposals approved by the Security Council for easing Middle East tension. The Council, in unanimously asking Hammarskjold a week ago to undertake the peace mission, proposed:

Rival Forces

1. Withdrawal of rival forces from the armistice demarcation lines.
2. Full freedom of movement for UN military observers along these lines, in the demilitarized zones and in the defensive areas of both sides.
3. Establishment of local arrangements for the prevention of incidents and the prompt detection of any truce violations.

Hammarskjold himself wouldn't say what he talked about and declined to confirm a published story that he had laid before the Egyptians a six-point program envisaging a troop withdrawal and triple fencing along the Egyptian-Israeli border.

Imaginative Press

"You newspapermen are all too imaginative," he said. "I have nothing to say to the press, but I certainly expect to meet Prime Minister Nasser again."

In Tel Aviv, Israeli's Premier David Ben-Gurion met with the Security and Foreign Affairs committees of his Parliament for a discussion of recent developments and the Hammarskjold mission. Hammarskjold is due there next Monday.

Psychiatric Tests Given to Non-Com In Marine Deaths

Editorial on page four
PARRIS ISLAND, S.C., April 11 (AP)—A drill sergeant who ordered a forced march that resulted in the drowning of six Marine recruits has been given a psychiatric examination, his commanding general reported today.

Maj. Gen. Joseph C. Burger, Parris Island base commander, said he ordered the examination Monday night, the day after Sgt. Matthew C. McKeon, 31, of Worcester, Mass., led the party of 78 recruits into a treacherous tidal stream "to teach them discipline."

Burger said the examination was made by Lt. (JG) Charles E. Herlihy, of the Navy Medical Corps psychiatric department. He would not divulge results of the examination. Herlihy will testify before a board of inquiry which is underway on orders of Gen. Randolph McCall Pate, Marine Corps commandant.

Burger told reporters, "I am completely puzzled by the whole thing. I have never known of a comparable situation."

Senate Kills CIA Plan

WASHINGTON, April 11 (AP)—The Senate, after much talk about whether Congress can keep a secret, today killed a plan to set up a Senate-House committee to keep tabs on the supersecret Central Intelligence Agency.

Senate Investigates Army Contracts

WASHINGTON, April 11 (AP)—Senators searching for graft in Army uniform contracts heard two witnesses testify today they knew nothing about \$198,000 worth of bonds purchased in their names by Joey Abrams, a New York garment tycoon.

The Senate Investigation subcommittee has received evidence that Abrams bought about nine million dollars worth of bonds between 1950 and 1953, at a time when he was involved in several big government uniform contracts.

Leaders Fail to Agree On Sales Tax Amends

HARRISBURG, April 11 (AP)—Republican and Democratic legislative leaders failed tonight to reach an agreement on how the 3 per cent sales tax should be amended.

One of the biggest stumbling blocks was reported to be Republican insistence on exempting the sale of items which are later leased or rented.

These would include the automobiles rented by a drive-it-yourself agency or the leasing of pinball machines to the corner drug store.

Eisenhower Beats Stevenson In Illinois Preference Primary

CHICAGO, April 11 (AP)—President Dwight D. Eisenhower drew more votes than Adlai E. Stevenson today in final tabulation of incomplete returns from the Illinois presidential preference primary.

But the race was very, very close—and the result probably caused more concern than celebration among national political strategists.

Gov. William G. Stratton, the state's No. 1 Republican, earned nomination for a second term in a breeze. And Democrat Herbert C. Paschen took his party's gubernatorial nomination without much trouble.

But the preference vote—a popularity contest—didn't jibe

with the general pattern.

Eisenhower had nominal opposition on the Republican preference ballot from Sen. William F. Knowland of California, who is supporting the President for a second term, and Lar Daly, a Chicagoan who has made several unsuccessful bids for public office.

With only 308 of the state's 9511 precincts unreported—279 of them downstate—Eisenhower had an over-all total of 723,267, Knowland 32,685, Daly 9,099.

Stevenson appeared alone on the Democratic ballot in his home state. Sen. Estes Kefauver, who was not listed on the ballot and who did not campaign in Illinois, received write-in votes.
