

## Softball Team Entries Due At Noon Today

The deadline for entries in the West Dorm and Nittany-Pollock softball leagues to the dean of men's office has been extended until noon today.

The deadline originally set was for 4:30 p.m. yesterday. The extension will enable teams not yet organized to submit entries before league play begins Monday.

The Nittany-Pollock league will definitely begin play Monday, according to William B. Crafts, assistant to the dean of men. It is probable the newly-created West Dorms league will also get underway Monday, he said.

Several teams of Town Independent Men have requested permission to play. If permitted, Crafts said, TIM teams will play in the West Dorms league.

A roster of players for each team, along with a \$1 fee, must be submitted with an entry.

Diagrams of the playing fields to be used by the two leagues and fraternity teams have been distributed to unit athletic chairmen and the fraternities.

## WSGA Hears NIAWS Report

Convention reports of the National Intercollegiate Association of Women Students presented at a meeting of the Women's Student Government Association Tuesday night by Lee Leaphart, NIAWS co-ordinator.

She said that the University was rated highly by representatives to the convention and that they favored the WSGA set-up used here.

The convention was held March 26 to 31 at the University of Indiana in Bloomington. University representatives included Daisy Zimmerman, WSGA president, Rita Brown, elected representative, Helen C. Sittig, assistant to the dean of women and WSGA advisor, and Miss Leaphart.

It was decided to postpone the annual WSGA retreat between old and new Senate members until the fall. The purpose of the retreat is to discuss duties and responsibilities of WSGA officers.

## Marine Interviews Scheduled Monday

Students interested in earning commissions in the Marine Corps may talk to a Marine Corps officer interviewing team which will be on campus Monday.

The team will be situated in the Hetzel Union game room.

A student may enter any of four programs leading to commission. Two lead to flight training and the other two to ground training.

Interested students should contact Captain William F. Saunders of the Naval Reserve Officers Training Corps for an appointment with the interview team.

The fraternities are required to sing "Blue and White" and the sororities are required to sing "Halls of Ivy." Each fraternity and sorority also sing a song of its choice.

The judges for Sunday night's finals will be James W. Dunlop, associate professor of music education; William G. Noves, instructor in music education; Frank Gullo, associate professor of music; Mrs. Jo Hays, wife of the state senator from State College; and Mrs. Louise Roscoe, Episcopal Church organist.

The sing finals will not be broadcast live by radio station WMAJ but the station will tape the program and broadcast it at some undisclosed time. Campus radio station WDFM will broadcast the finals live from Schwab, beginning at 7 p.m.

# What's doing... at Pratt & Whitney Aircraft

Professors practice what they preach... and vice versa

Following a practice of twenty years, Pratt & Whitney Aircraft will again welcome a group of college professors as members of the engineering staff during the coming summer months.

Last year our "summer professors" represented colleges from coast to coast. They tackled important projects in such diverse fields as instrumentation and vibration, combustion, compressible flow, and materials development. Despite the limited time available to these men, they made significant contributions to our overall effort.

Though it was to be expected that both the company and the participating professors might benefit directly from such a program, the sphere of influence has been much broader. The many students who are taught by these professors during the college year are sharing the ultimate benefits... profiting from lectures that are sparked by the kind of practical experience that can be gained with a recognized industry leader like Pratt & Whitney Aircraft.
