

AIM Board Elects Howes and Seyler To Top Positions

Lash Howes, junior in arts and letters from Philadelphia, was elected the new president of the Association of Independent Men last night.

The remaining three new officers elected by the Board of Governors were uncontested. They are Robert Seyler, freshman in business administration from Allentown, vice president;

Lash Howes
New AIM President

David Faust, sophomore in education from Barnesville, secretary, and Norman Hedding, junior in business administration from Pittsburgh, treasurer.

Howes won the presidency by a vote of 18-12 from Benjamin Winslow, junior in psychology from Patton.

Retiring AIM officers are Bruce Lieske, president; Nelson Seidel, vice president; Leonard Richards, secretary, and Harry Martini, treasurer.

The new officers were sworn into office after the election by John McCabe, retiring chairman of the AIM Judicial Board of Review.

James Tipton, junior in pre-medicine from Hollidaysburg, officially withdrew from the running for the presidency before the election, Tipton, nominated for the post last week, had told members of Town Independent Men Tuesday about his intention to withdraw and throw his support behind Howes.

Other events at the Board of Governors meeting last night included the reading of a letter by Ohio State University's assistant dean of men, M. W. Overholt, concerning that university's community living program.

Winslow, chairman of AIM's community living committee, quoted the dean as saying Ohio State has for the past four years had a type of community living program.

Five buildings with 250 women and six dormitories with 400 men are in operation at Ohio State. The students share recreation facilities and dining halls as well as conduct joint social programs.

Seniors Suspended On Burglary Count

Two seniors were suspended from the University yesterday for their April 5 burglary of fly-tying articles from the training room at Beaver Field.

The Senate Committee on Student Affairs subcommittee on discipline upheld a Tribunal recommendation of suspension after Tribunal heard the case Tuesday night.

The students, Grey Olliver, senior in forestry from Concordville, and Robert Wenner, senior in forestry from Allentown, will be eligible to apply for readmission after the fall semester 1957.

The Senate subcommittee is the third judicial body to penalize the students.

Found Guilty Monday

On Monday, the students were found guilty of burglary by Judge Ivan Walker of Centre County Court. They were given suspended sentences, placed on two-year probation, and required to pay costs of \$20.50 apiece. In addition, Olliver was found guilty of assault and battery and fined \$100.

Later in the week, Olliver, former president of Delta Upsilon social fraternity, was suspended by the house pending a complete review of the happenings. Pi Kappa Phi social fraternity is in the process of bringing suspension proceedings against Wenner.

The students told Tribunal they had been drinking the night of April 4, and on the way back to their respective fraternities, decided to do something different for excitement.

Entered Boiler Room

After Olliver changed clothes, they went to the team room under the Beaver Field stands and broke into the boiler room by cutting the screen and breaking the window.

Finding they were in the wrong room, the pair told Tribunal they used the same procedure to break into the fly-tying classroom. After taking fly-tying articles from the room, Wenner went outside and waited for Olliver to lock the door from the inside and climb out the window.

As Olliver climbed out the window, they were discovered by Campus Patrolman Fred N. Hite. Wenner ran, but Hite caught Olliver. A fight followed during which Olliver hit Hite in the face, and escaped over the fence.

Olliver Admits Crime

Campus Patrol investigated and confronted Olliver at his house April 10. Olliver admitted the crime and told of Wenner's part.

Olliver told Tribunal they were in a "happy-go-lucky mood," and had "much too much to drink." The students said they had no use for the \$40 worth of stolen articles.

When asked why he had hit Hite, Olliver answered that he was very scared.

The subcommittee on discipline

'Ugly' Horse Browses in Yard; Excites Neighbor

State College Police discovered yesterday that it isn't too unusual for a fraternity to have a horse in its yard.

They were called to Pi Sigma Upsilon fraternity to find out just what the fraternity was doing with a horse.

A complaint came from a nearby resident who apparently thought it was strange for the fraternity to have a horse there overnight. But the police didn't.

It seemed that the fraternity used the horse to boost its entry in Monday's Ugly Man parade. The parade over, the horse was tethered at the fraternity.

Police agreed the horse was doing nobody harm but advised that the horse may be better off back from where it came.

The entry in the police register read simply: "7:15 p.m. Rec'd complaint that there was a horse at 139 McAllister Street."

Panhel Installs Nicholls, Antes

Barbara Nicholls, Alpha Gamma Delta, and Grace Antes, Pi Beta Phi, have been installed as president and vice president of Panhellenic Council at a banquet in the Hetzel Union Building.

Other officers installed were Roberta Lerch, Chi Omega, recording secretary; Daria Dutko, Phi Mu, corresponding secretary; and Nancy Showalter, Alpha Xi Delta, treasurer.

The old officers and the two members from each sorority who had been Panhel representatives this year attended the banquet.

Selective Service Test Scheduled for Today

The Selective Service College Qualification test will be given from 8:30 a.m. to 12:30 p.m. today in 121 Sparks.

Class excuses for the test will be given out during the test.

Senate Group, IFC Member To Discuss Pro

The Senate Committee on Student Affairs yesterday approved a written request to hear a representative of the Interfraternity Council at its regularly-scheduled meeting Wednesday morning.

Either Robert Bullock, IFC president, or Daniel Land, president-elect who will be installed at the Council's meeting Monday night, will appear before the Committee to discuss further the Committee's action to place three fraternities on social probation for the remainder of the semester.

Fall Below 2.0 Average
The Committee placed Delta Tau Delta, Pi Kappa Phi, and Lambda Phi on probation Monday for falling below an All-University 2.0 average the past semester.

The Committee said its reason for making the move was "not particularly because the three fraternities were at the bottom of the list among University fraternities, but because they fell below the average required for graduation from the University."

The Committee also approved applications from three honorary societies.

Similar to Alpha Phi Omega

The three groups applying were Gamma Sigma, women's service fraternity which is similar to Alpha Phi Omega, national men's service fraternity; Delta Phi Alpha, national German honorary, and Sigma Tau Delta, national English honorary.

Margaret Nichols, junior in arts and letters from Scranton is president of Gamma Sigma; Francis Fochler, sophomore in pre-medicine from Altoona is president of Delta Phi Alpha, and James Parmiter, senior in arts and letters from McKeesport, is president of Sigma Tau Delta.

Weatherman Predicts Cloudy, Cold for Today

Partly cloudy, breezy, and quite cool is the weather forecast for today, according to students in the department of meteorology.

The expected high is 48 degrees, and the predicted low is 35. Yesterday's high was 43, while the low was 35.

Cease-Fire Pact Expected

JERUSALEM, April 18 (AP)

—UN Secretary General Dag Hammarskjold is expected to announce a new Egyptian-Israeli cease-fire guarantee before morning.

A usually reliable political source told a reporter tonight Hammarskjold would issue a communique finalizing a fundamental no-shooting agreement for the armistice demarcation line between the two countries.

Hammarskjold, on a Middle East peace mission for the Security Council, conferred privately for a second day with Israeli Premier David Ben-Gurion and others here.

An official spokesman said the

atmosphere was "very, very satisfactory."

Hammarskjold announced last Thursday that Ben-Gurion and Egyptian Premier Gamal Abdel Nasser had written him that their forces would refrain from all warlike acts along the border line except in self-defense. Hammarskjold then undertook to get confirmation that they had issued the necessary orders to those forces.

That border was quiet today. But an Israeli army spokesman said the water pipeline on Lahav settlement, in the southern Judean Hills near the Jordan border, was blown up in three places early Wednesday morning.

Hammarskjold's mission, under way since April 6, aims to bolster the 1949 armistice agreements of Israel with Egypt, Jordan, Lebanon and Syria. He left New York two days after unanimous approval

of a Security Council resolution providing for it.

A Soviet Foreign Ministry statement promising help in UN efforts to get lasting peace in Palestine brought reaction today in Washington, London and the Middle East.

The White House said President Eisenhower welcomed it.

British Foreign Secretary Selwyn Lloyd told the House of Commons in London he welcomed the statement too.

But the Washington and London declarations were both qualified.

Murry Snyder, assistant press secretary, read newsmen a statement saying the President welcomed the Soviet communique "if it demonstrates a real desire and determination on the part of the Soviet Union to back the United Nations effort."

Blood Drive Goal Set At 500 Pints

A goal of 500 pints of blood has been set for the Red Cross blood drive, which will be conducted in the Hetzel Union card room from 10 a.m. to 4 p.m. Tuesday and Wednesday.

Red Cross workers from Johnstown will set up headquarters in the card room. Doctors from the University Hospital will also assist.

Students over 21 years of age, or those under 21 with parental consent, have been urged to help in the blood campaign. All wishing to give blood will be examined before hand for any signs of blood infections. Temperature and pulse rate of each prospected donor will be taken.

The process examination, giving blood, and resting afterwards—is expected to take one hour.

Coffee and donuts will be served during the rest period, according to Mary Mergott, junior in arts and letters from Boston, Mass., chairman in charge of the campus blood drive.

Phi Delta Theta fraternity has offered to recruit students for the drive. The campus drive is conducted twice a year. The last one, held in November, was termed a success.

Senior Ideas For Gift Due

Today is the deadline for submitting suggestions for the senior class gift. Seniors who want to submit suggestions may put them in boxes at the main desk in Hamilton Hall, the Hetzel Union desk, and in Grange, McElwain and Simmons dormitories.

The suggestion boxes will be collected tomorrow by members of the Senior Class Advisory Board. Leading suggestions will be placed on a ballot. Graduating seniors will vote when they pick up LaVies in June.

Groups wishing to publicize suggestions for the gift may advertise anywhere on campus. However, advertisements must be taken out of the Hetzel Union Building one week prior to the time seniors vote on the gift.

Student's Parked Car Struck by Automobile

A student's parked car was struck by an auto driven by Juliet R. Light, 426 S. Allen street, at 10:15 p.m. Monday in the 300 block of Gill street.

The car, belonging to Frank Kreps, senior in business administration from State College, was struck on the left side, causing an estimated \$300 damage. Damage to Miss Light's car was estimated at \$200.

Tribunal Applications

Tribunal applications are available at the Hetzel Union desk for sophomore and junior men with at least a 2.3 All-University average. Applications are due by 5 p.m. Monday at the HUB desk.
