'Ugly Men' Collect \$200 During 1st Day

First day proceeds from the Ugly Man contest have reached a total of \$199.31, Paul Johnston, chairman of the contest, announced yesterday. Balloting by penny-a-vote system will end today on Pollock road at the Mall.

Johnston said that Alpha Phi Omega, national service honor society and sponsor of the contest, will not release the

6 Representatives Chosen to Attend NSA Conference

Delegates to the National Student Association regional conference to be held at the University on April 27, 28, and 29 were chosen Monday at NSA committee meeting.

Representatives are Robert Bahrenberg, All-University president; Barbara Hendel, chairman of the NSA special arrangements committee; James Musser, NSA coordinator; Robert Heck, campus affairs chairman for NSA; Donna Cowder, NSA international affairs chairman; and Edward Long, member of the NSA national and regional affairs committee.

AIM Elects—

(Continued from page one) State has encountered no obstacles in carrying out the program. The biggest obstacle, he wrote, was the decision to carry out the program.

The Association of Independent Men is currently conducting a program of informing independent men of the possibilities of setting up a community living program at the University.

The Board of Governors also changed one of AIM's by-laws allowing the nomination of dormitory unit officers from the floor. Before, the by-law had only allowed self-nominations by petitions signed by 10 members of a candidate's dorm unit.

total votes collected by each individual entry, a procedure followed in previous years' contests.

He said that the reason APhiO refused to announce the per capita results was to "de-emphasize a sponsor's buying their way into the finals." He said fraternities which can afford to, will contribute more than smaller, less wealthy houses, and that if individual results were announced, the smaller houses would feel that they wouldn't have a chance of winning.

Individual campaigns will continue today from noon to 1 p.m. on the Mall from College avenue to Pollock road.

Final Judging Tonight
Final judging will complete the three-day event and will be held at 6:30 tonight at the Hetzel Union ballroom.

Seven finalists will compete for the title of Ugly Man by presenting skits depicting why the candidate is the ugliest man. The winner will be judged on the basis of the skits, individual campaigns, parade participation, and originality.

A bonus of 1500 points were awarded to the three outstanding floats in the Ugly Man parade Tuesday night. The winning floats belonged to Alpha Tau Omega, Lambda Chi Alpha and Delta Upsilon.

Winner to Receive Key
The name of Delta Delta Delta was omitted yesterday in the Daily Collegian as co-sponsor along with Lambda Chi Alpha in the Ugly Man contest.

The winner of the contest will (Continued on page twelve)

Angel Flight Elects Bass Commander

Rosemary Bass, sophomore in journalism from Camp Hill, has been elected flight commander of Angel Flight.

Patricia Schoonmaker, sophomore in liberal arts from Tyrone, has been elected vice president and Joan MacKenzie, sophomore in arts and letters from Lansdowne, secretary.

Other Officers Named

Other officers are: Lynn Kinrier, sophomore in education from Danboro, treasurer; Camela Blount, sophomore in education from Homestead, chairman of the judicial board; and Marilyn Seltzer, junior in home economics from Lansdowne, pledge trainer.

The interview scheduled for coeds who have applied for Angel Flight membership has been postponed on the Armory bulletin board.

Women should report at the time designated. School clothes with heels and hose will be considered proper attire for the interview.

Will Post Names

The names of those who are approved in the preliminary interviews will be posted on the Armory bulletin tomorrow. They have been invited to attend the rushing social on Monday in Atherton lounge. Suits are to be worn.

The final screening is scheduled for 6:30 p.m. April 26 in the Armory.

The pledges will be formally introduced at a combined installation of new officers and initiation rites for the pledges. This will be held April 29.

Scientists Begin Training Period

Under an enlarged atoms-for-peace program, 31 scientists began a four-month training program in nuclear science and engineering at the University Monday.

The group, first of its kind to study at the University, includes 18 foreign scientists.

A similar group is enrolled at North Carolina State College. After completion of the four month program, the scientists will go to the Argonne National Laboratory in Illinois for advanced training.

Prior to this year, the program was conducted at the Argonne National Laboratory, but growing demands for enlarging the program made it advisable to use the two schools for basic training.

Priestley Lecture Series To Close Tomorrow

The annual series of Priestley lectures will conclude with a lecture at 5:15 p.m. today, and one at 10 a.m. tomorrow in 119 Osmond.

Dr. George B. Kistrowsky, who opened the series Monday will give both lectures. His topic will be "Chemical Equilibria," and tomorrow he will speak on "Reaction Rates."

Lectures are open to the public.

WOMEN— JUNE GRADUATES—

The Atlantic Refining Co. offers you an excellent opportunity to start your business career. No matter what your college major, or your ultimate career interests, we believe that a secretarial position is the best way in and the best way up. If you are proficient in shorthand and touch typing, we would like to consider you for our Secretarial Training Program.

Our representative will be on campus on Monday, April 23rd for interviews. Consult the University Placement Service for further information.

Evans to Present Puppet Show Today

William Evans, graduate student in theater arts from Pittsburgh, will give the first dramatic presentation using larger-than-life puppets at 5 p.m. today in the Little Theater in the basement of Old Main.

Large puppets have been used in an opera once, but have never been used in a strictly dramatic production. Evans is presenting the show as an experiment for part of his thesis.

Evans will direct the production and Russell G. Whaley, instructor in theater arts, will direct a choir.

A choir made up of students from the theater arts department will sing for the skit. They will do all the voice parts and the puppets will remain silent.

2 Students to Work Puppets

Two students, Elizabeth Morrill, junior in labor management from Moorestown, N.J., and John K. Thomas, junior in arts and letters from Hyndman, will manipulate the nine-foot puppets from inside.

The puppets will pantomime the actions of the story. They have extra large heads for their size.

Evans constructed the puppets and wrote the 15 minute skit. He also set up the part for the choir. The two characters in the play are an old woman and an old man.

Skit Based on Troy Story

The skit is based on the story of the fall of Troy. The old woman is the maid to Helen. When Troy falls she realizes what has happened, but cannot grasp the full impact. The old woman, who is blind, cannot find Helen and is eventually taken away by the invading soldiers.

The show will be free and students may attend. Evans said that he is interested in finding out reactions to the type of show so that he may use the information in his thesis.

Hanson—

(Continued from page two) that the biggest use people today make out of their collective heads is for a hatrack. This ability is necessary to see through to real values, he said.

The ability to get along with people was the third point cited by Rev. Hanson. Tying this point in with frustrations and fraternity life, he said he wished all college students could be members of fraternities. "I am very definitely pro-fraternity," he added.

In concluding, Rev. Hanson said, "You never go and 'get'—you get back what you have given people." Great rewards in life are not things that you grab but are things that you earn.

Rev. Hanson, who for 25 consecutive years was on the Chapel staff at the University, became president of Gettysburg College in 1923. He retired in 1952.

Debate Teams To Participate In Forensics

The men's and women's debate teams will enter the Eastern Forensic Debate Championships today through Saturday in Wilkes-Barre.

The men's team won the championship last year.

The affirmative men's team will be composed of George Haines, junior in education from Nottingham, and David Scott, junior in agricultural economics from Chatham, N.J.

Negative Team

Jonathan Plaut, junior in industrial engineering from Rockville Centre, N.Y., and Edward Klevans, junior in electrical engineering from Roaring Spring will make up the negative team.

The affirmative side of the woman's team will be Mary Maum, senior in education from King of Prussia, and Mary Ann Gemmill, freshman in education from New Cumberland.

Barbara Kimble, junior in home economics from Havertown, and Phoebe Fell, sophomore in arts and letters from Ambridge will compose the negative team.

Forensic Events

Besides five rounds of debates, forensic events will be held.

Haines, Klevans, Miss Fell, and Barbara Kimble will be entered in the Persuasive Speaking contests.

Scott, Plaut, Miss Maum, and Miss Gemmill will be entered in Extemporaneous Speaking.

Outstanding—

(Continued from page two) the highest average for the fall semester went to Kappa Alpha Theta. The sorority had a 3.01 All-University average. Kappa Alpha Theta and Gamma Phi Beta received awards for first and second place finishes in the IFC-Panhel Sing.

All fraternity awards were presented by Robert Bullock, retiring president of IFC and all sorority awards were presented by Joanne Caruso, retiring president of Panhel.

Dairy Science Club Meeting

The Dairy Science Club will meet at 7 tonight in 117 Dairy.

THE SLIM, TRIM SLACKS

ATHERTON slacks are tailored to be casually distinctive. Available with dropped belt loops, unpleated front, back strap and vertical pockets. Available in tropical worsted, poplin and flannels of currently accepted colors.
