Counseling Day Will Be Held By MI Council

Mineral Industries Student Council made plans Tuesday night to participate in a counseling day for high school students, sponsored by the College of Mineral Industries.

The counseling day will be held from 9 a.m. to 5 p.m. Saturday in Mineral Industries and Mineral Science.

Members of the council will conduct an information booth in each of the buildings. Don Crago, junior in petroleum and natural gas engineering from Barnesboro, is chairman of the project. Council members will answer questions about the College of Mineral Industries and inform high school students of the available scholarships offered.

Letters have been sent out to high school guidance counselors and advisers and students who will be enrolled as freshmen in the College of Mineral Industries for the fall semester.

The counseling day will replace the annual open house sponsored by the College. A survey conducted last semester by Dr. John J. Schanz, assistant professor of mineral economics, showed that the open house had little influence on a student's decision to enroll in the College of Mineral Industries.

The survey was conducted among juniors, sophomores, and freshmen, presently enrolled in the College.

Dr. H. Beecher Charnbury, professor of mineral preparation, and chairman of the Mineral Industries enrollment committee, said that no guided tours or elaborate displays have been planned for the counseling day.

Vale of Tears --

(Continued from page four) CA's welcomed her with empty coffee percolators.

Then for days she fought fiercely to get over the DT's. And all the while there was this awfully kind boy with the soft blue eyes who cared for her and comforted her. He had a bald head which made him self-conscious but he was wonderful. His name? Egbert. And he didn't belong to any house on the outside world. He was a nothing.

Our story comes peacefully to a close. Trixie and Egbert got hitched. On the outside once again she could face the world—a confirmed CA. We can see her still on Ralph Mann's popular TV show, "What's So Special About Your Life?" as she bravely sang the Drinking Song, danced down a long aisle between smiling masses of age-old buddies.

AIM Band to Play For WH Social

An open-air dance will be held on the parking lot in front of Recreation Hall and the Nittany Lion shrine from 5:15 to 7:30 tonight.

The "street dance," which is being sponsored by the West Halls social committee, is open to the public. The Association of Independent Men band will play.

The dean of men's office has requested that cars be removed from the parking lot by 5 p.m. tomorrow.

In case of rain, the dance will be held in the Waring lounge.

Thalimer Is Elected New WH President

West Hall council members elected Dan Thalimer, freshman in chemical engineering from Pittsburgh, to succeed outgoing president John Carlson, senior in pre-medical from Wilcox, Tuesday.

The only other candidate for the position was Paul Frantz, freshman in architecture from Pottstown.

A report requesting the setting up of a West Halls social committee was read to the members for discussion in their separate units.

The committee, according to the report, is to consist of three counsellors and three men from the West Dorm area, besides two house mothers and two women from Thompson Hall. The committee has the backing of the deans of men and women.

The West Dorm Spring Round-up was announced. The Round-up will be an informal dance tonight on Pollock Road from 5:45 until dark. In case of rain the dance will be shifted to Waring Hall.

Correction

Ellen VanderVoort is being sponsored as a candidate for Dairy Queen by Beta Sigma Omicron, not Beta Sigma Rho, as was erroneously reported in yesterday's Collegian.
