

# Winners to Be Revealed After Basketball Game

The winner of Spring Week and winners of the individual events in Spring Week will be announced following the Donkey Basketball Game to be held at 6:45 tonight in Recreation Hall.

A total of 16 trophies will be awarded for the 1956 Spring Week.

Forty were presented last year. According to Richard Seng, Spring Week chairman, the number was reduced to give more money to Campus Chest to which the Spring Week proceeds are being donated this year.

Two games will be played tonight, one between the CLWDN (campus leaders who do nothing) and members of the faculty, and the other among house presidents, composed of the Alpha and the Omega teams.

## Silva Serves As Consultant On Amendment

Dr. Ruth C. Silva, associate professor of political science, has served as a special consultant to Sen. Paul H. Douglas of Illinois on the proposed constitutional amendment to revise the electoral college system.

Dr. Silva aided Sen. Douglas in preparing and assembling a comprehensive, statistical analysis of the implications and likely results of the proposed changes in the present system of choosing the president and vice president.

She was requested to assist in the matter because of her extensive research and publication in this field.

During Senate debate on the amendment, Sen. John F. Kennedy of Massachusetts was quoted: "... Let me say that Dr. Ruth C. Silva, who I believe knows as much about this matter as does anyone, has made a study of the matter, based on a proportionate division of the votes; and she points out, in effect, that such a change would make the election closer in the years when the Republicans lost the presidency, but it also would endanger the chances of Republican victory in the years when the Republicans won."

Both senators have made frequent reference to the studies of Dr. Silva. Sen. Douglas referred to Dr. Silva as "the most skilled expert on the whole subject."

## Eight Promoted To Junior Board

The Daily Collegian promotion staff has promoted eight students to the junior board.

Newly promoted are Merle Brooks, junior in education from Baltimore, Md.; Barbara Fluck, junior in education from Philadelphia; Lynn Glassburn, sophomore in education from Pittsburgh; Jean Hartley, sophomore in journalism from Pittsburgh.

Dorothy Hirst, junior in education from Wyoming; Nancy Sauer, junior in home economics from Ben Avon; Marie Thierwechter, sophomore in home economics

House presidents to play in the second game are: Alpha team—Ramsey Frank, Alpha Gamma Rho; James Sperry, Alpha Sigma Phi; Allen Kuhn, Beta Theta Pi; James Lessig, Chi Phi; Charles Diefenderfer, Delta Chi; Joseph Palo, Delta Sigma Phi; Darwin Braund, Delta Theta Sigma; and George Simpson, Kappa Delta Rho.

Composing the Omega team are Donald Brown, Lambda Chi Alpha; Frederick Fricker, Phi Kappa Tau; John Harmon, Phi Mu Delta; William Rohm, Phi Sigma Kappa; William Kraft, Pi Kappa Alpha; Thomas Falkie, Theta Delta Chi; Andrew Nestor, Theta Xi; and David Shoop, Triangle.

The CLWDN team, which will play against eight faculty members, is composed of Earl Seely, past All-University president; Bruce Lieske, past Association of Independent Men president; Norman Miller, past Daily Collegian associate editor; Richard Packer, all-American soccer player; Hugh Cline, head cheerleader; Robert Bullock, past Interfraternity Council president; and Robert Cole, past Town Independent Men president.

Faculty Administration  
Opposing the CLWDN team are Richard C. Adams, instructor in mechanical engineering; Elmer A. Gross, associate professor of physical education; Donald B. Swegan, instructor in physical education; Dr. Jerome K. Pasto, associate professor of farm management; William B. Crafts, assistant to the dean of men; Donald M. Cook, assistant director of placement; Lr. Arthur G. Lockard, assistant professor of air science; and William L. Kjelgaard, instructor in agricultural engineering.

Alfred Klimcke, Nittany Lion, and Nicholas Pantages, from Lebanon; and Arabel Wagner, sophomore in arts and letters from Hamburg.

# Police Start Crackdown On Drivers

An all-out drive on motor vehicle violations and a campaign for bicycle registrations have been launched by State College police, according to Chief John R. Juba.

The stepped-up enforcement on automobiles was announced after a special conference of police, Borough Manager R. Y. Edwards, and Burgess David R. Mackey Tuesday, at which they discussed traffic safety.

Violations Bring Increase  
A majority of the increasing toll of accidents in the borough has been caused by violations of the law on the part of motorists, Juba said. Twenty-seven injuries have resulted from 72 motor accidents since Jan. 1, a much larger total than for the same period last year, according to authorities.

We'll need motorist and pedestrian cooperation to stop these accidents, and we intend to get it," Juba said. "Our intent is to catch violators before they cause an accident."

Bicycles to Carry Licenses  
Juba also announced that all bicycles must carry 1956 borough licenses, and that they must be mounted intact on the bicycle.

Tags may be purchased at the State College Municipal building, S. Frazier street, after the bicycle has been inspected at one of the five bicycle inspection stations in the borough. The stations are: Bathurst Gulf Service, College avenue and Atherton street; College Heights Service Station, 803 N. Atherton street; Horlacher's Service Station, 705 S. Atherton street; Lambert's Service Station, 826 Old Boalsburg road; Wimmer's Service Station, 502 E. College avenue. Further information may be obtained at the desk of the State College Municipal building.

Bogus Check Passers  
WASHINGTON, May 2 (AP)—State police today arrested two York men and said they admitted passing phony checks to purchase high-priced cars (Cadillacs) from unsuspecting owners.

SHOWN ABOVE are the winners of last night's Mad Hatters Parade which was held in Schwab Auditorium. Left to right are Richard Bonn, Beverly Corrent, Thomas Brown, and James Ellis.

# 13 Enter He-Man Finals

Thirteen of Penn State's strongest males competed in the finals of the He-Man contest last night, where they proved themselves in the bench press, 220 yard dash, and physique judging contest.

The physique segment, and the original name and costume category were held in Schwab Auditorium. From there the contestants moved to Recreation Hall for the bench press, and finally to Beaver Field for the 220 yard dash.

The dash was run on a muddy track, covered with at least two inches of water from the all-day rain.

The judges for the physique contest were Gene Wettstone, varsity gymnastics coach, and Edward Gilkey, instructor in speech. Gilkey, a certified AAU official, was also the starter for the 220 yard dash.

Some of the more fanciful names and costumes in the Costume Parade were "The Golden

Greek"—John Duraney of Delta Chi, "Robin Hood"—John Tullar of Delta Sigma Phi, "Mr. After Six"—Dion Weissend of Sigma Nu, and two who paraded under the same name of "Mighty Mouse"—Richard Wolford of Alpha Sigma Phi and Robert Metzger of Phi Kappa Psi.
