Supreme Court Denounced by Two Senators

WASHINGTON, May 11 (AP)—The Supreme Court came under sharp attack at a Senate Internal Security subcommittee hearing today for its ruling that the federal government has sole jurisdiction in sedition cases.

The decision, handed down April 2, had the effect of upsetting state laws against subversion.

Sens. James O. Eastland (D.-Miss.) and Joseph R. McCarthy (R.-Wis.) criticized the Supreme Court as "politicians instead of lawyers." McCarthy said, "They don't understand what they are doing."

McCarthy singled out Chief Justice Earl Warren for attack, saying:

"We made a mistake in confirming as chief justice a man who had no judicial experience and very little legal experience . . . His only experience is as a politician."

Eastland, who has denounced the court repeatedly for its ruling against segregation in the public schools, commented that, "There are some very bad influences in the Supreme Court."

Cypriots Report Things Even Now: Hanged 2 Britons

NICOSIA, Cyprus, May 11 (AP)—The Greek Cypriot underground said today it has hanged two British soldiers in reprisal for the British hanging of two Greek Cypriots.

A Greek Cypriot scattering leaflets boasting of the reported reprisal hangings was shot dead by a British patrol in Nicosia's main square this afternoon.

The British acknowledged the two soldiers were AWOL but raised doubts that they had fallen into the Underground.

The leaflets called the executions of the two Greek Cypriots judicial murder and vowed the underground would answer hanging with hanging, torture with torture.

The Greek Cypriots had been condemned by British courts of political shootings and were hanged on the British gallows here Thursday morning.

The outlawed underground Cypriot Fighters said it hanged Cpls. Gordon Hill and Ronnie Shilton yesterday. It did not say where.

British military authorities issued a statement saying they had no information that either Hill or Shilton ever was in EOKA's hands. They called EOKA's claim "patently an attempt to make propaganda."

The British statement said Hill, 24, had been missing from his unit since Dec. 19. It reported Shilton missing since April 17 after he was reprimanded for sending home false reports that he had been seriously wounded.

The British said EOKA never had put forward any claim that it was holding the pair as hostages for the lives of the two executed Cypriots—Michael Karaolis and Adreas Demetriou.

HST Asks 'Liberals' To Battle With Ike

Former President Harry S. Truman accused the Eisenhower administration Friday of laying down a "smoke screen" and he said "liberals" must force the real issues into the open.

In a letter to the Americans for Democratic Action convention in Washington, Truman accused the administration of "concealment and complacency" and said it is preparing for "another election campaign of high-level presidential smiles and low-level vice presidential sneers."

Truman's message was read as he boarded ship in New York for a trip to Europe. He said liberals must find ways to reverse a trend toward the "curse of bigness." He called on them to oppose "socialism of corporate power quite as much as socialism by government."

Highlights Convention His message was the highlight of the opening of a three-day convention. The ADA, which describes itself as a liberal organization supporting New Deal and Fair Deal policies, may be asked to endorse one of three Democratic presidential possibilities.

National Chairman Joseph L. Rauh Jr. said any one of the three—Adlai Stevenson, Estes Kefauver or Averell Harriman—is acceptable. He said any moves for an individual endorsement will be discouraged at this time.

Stevenson and Kefauver were both campaigning in Southern California for support in the state's June 5 Democratic primary. Harriman, the governor of New York, remains "not an active" candidate.

Charge Brings Retorts A charge by Stevenson that Republican money was being used to defeat him in the Democratic primaries brought retorts from Kefauver's camp that the 1952 standard bearer was preparing an alibi.

Kefauver, denying any Republican financial help, said he only wished he had the money he said was being spent by Stevenson.

Kefauver, while saying he thought he was gaining on Stevenson in California, was making no predictions about the outcome of their primary contest there.

Bus Segregation Hearing Ended; No Decision

MONTGOMERY, Ala., May 11 (AP)—The three-judge panel in federal court completed a one-day hearing on city bus segregation this afternoon and adjourned without announcing an immediate decision.

They gave no indication when the decision would be announced. Two of the three judges agreed in observations from the bench, however, that there has been no Supreme Court decision as yet on the constitutionality of city and state segregation laws on bus travel within a state.

Judge Richard T. Rives of the 5th U.S. Circuit Court of Appeals and Dist. Judge Seybourn Lynne of the Northern District of Alabama said they don't construe the April 23 Supreme Court ruling as a decision on the merits of bus segregation.

The third member of the panel, Dist. Judge Frank M. Johnson Jr., of the Middle District of Alabama, didn't comment.

In their closing arguments, opposing attorneys emphasized the issues of separate but equal facilities on city buses and whether the three-judge panel which heard the case actually has jurisdiction to decide it.
