

# Numerous Clubs Create Interest

The incoming freshmen represent a wide variety of personalities and diversified interests, and many clubs have been organized on campus to accommodate these interests.

One of the oldest is the CHESS CLUB, established in 1866. Members need not be chess experts—any interested students may join. Beginners are taught the fundamental rules of the game.

## Office Finds Students Jobs

The Student Employment office in 112 Old Main is responsible for finding part time jobs for interested students. It also handles summer positions in camps and resorts.

The types of employment available through the employment office include babysitting, clerical work, housework, library, draft, and technical work. Positions as kitchen helper, waiter, dishwasher, and soda dispenser may be found off campus. There are openings in general work as gardener, caretaker, painter, carpenter or janitor.

Miscellaneous positions for men as waiters in the dining halls, and room and board jobs are available for upperclassmen. Student managed enterprises such as the snack service, laundry and dry cleaning, newspapers, magazines, and flowers create employment for students.

Students are asked to register with the office after registration since they know their schedule then and can plan their free time correctly. An active list of prospective employees is kept by the office.

## Seniors 'Placed' By University

The University Placement Service is operated to find permanent employment for seniors, aside from education majors, and summer positions, other than camp and resort work, for undergraduates. It also aids Active Alumni who are changing positions.

The Service, which was organized in 1941 by Director George N. Leetch, has many resources available for undergraduates and graduating seniors. It maintains a company address file that lists the person in charge of hiring in almost every company in the United States. Brochures and literature describing the companies and job openings may be obtained from the Company Information File.

Other services the Placement office offers are sheets listing pertinent information such as what an employer looks for in an employee, and how to write a personal data sheet.

Seniors register with the Placement Service automatically, if they aren't in education, when they register classes for their last semester. Undergraduates may come into the office at anytime to register or discuss problems concerning employment and what opportunities there are in their major upon graduation.

# Court Hears Traffic Cases Of Students

Traffic Court is a court of appeals composed of eight students, appointed by the All-University president, who hear and decide upon cases involving student traffic violations.

Students who receive traffic tickets and who don't feel that their fine is justified, may appeal their case to the traffic court. Once before the court, the student may plead "guilty," "not guilty," or "guilty under extenuating circumstances." Most appeals fall under the last category. "Extenuating circumstances" means the student feels there had been reason for the violation and that the fine should not be imposed.

**Decision Follows**  
After the student has presented his case, the court decides whether or not the fine shall be retained.

Failure to register a motor vehicle, unless it is to be operated in State College for less than a three week period, will result in a \$2 fine.

Persons receiving tickets must report to the Campus Patrol office in Old Main with the ticket within one day of the violation or they will be fined an additional \$1. Failure to pay a fine will result in action by the dean of men, which could result in having the car sent home.

**Five Fines Exist**  
The fine for a first violation is \$1. A second violation will result in a \$3 fine and for a third violation, a \$5 fine with probation by the traffic court. For a fourth violation there will be a \$10 fine and a suspension of the student's driving privilege on campus for 60 days. Any student incurring a fifth violation will have his car sent home for a period of 16 weeks.

The traffic court meets weekly in the Board Room in Old Main. Fifty per cent of the fines collected are placed in a fund for the construction of student parking areas.

## Shipman, Journ Teacher Joins Principia Staff

Robert O. Shipman, instructor in journalism, has resigned to join the staff of the Principia College, Elmhurst, Ill.

In this new position, he will be assistant professor of English and journalism to head up an interdepartmental major called "backgrounds in journalism."

Shipman has served on the University faculty since 1952 and earlier served on the copy desk of The Christian Science Monitor.

## \$500 Scholarship Given By Anonymous Donor

A \$500 scholarship designed to encourage students with ability to enter the University has been established by an anonymous donor.

The award, to be given to a male freshman entering the fuel technology curriculum, may be renewed for each of the four years.

# Annual 'Chest' Drive Aids Fifteen Groups

The 15 organizations which combine to form the Campus Chest each receive a share of the proceeds from the annual fall solicitations drive.

Campus Chest was organized in 1950 to consolidate numerous charity drives into one. The drive developed from plans proposed by the National Student Association, of which the University is a member.

The purpose of Campus Chest is three-fold: to eliminate duplicated efforts; to establish a definite policy toward the operation of campus fund drives; and to emphasize the students' responsibility towards charities.

**Organizations Listed**  
The organizations which receive a share of the proceeds are World University Service, Penn State Student Scholarship Fund, Women's Student Government Association Christmas Fund, and State College Welfare Fund.

Also American Red Cross, Damon Runyan Cancer Fund, American Cancer Society, National Scholarship Service Fund for Negro Students, American Heart Association, and United Cerebral Palsy.

Salvation Army, Centre County Heart Association, University Christian Association, Hillel Foundation, and Newman Club.

**Collected \$3500 Last Year**  
During last year's fall drive, Campus Chest collected \$3,516.90 of its \$6000 goal. An engraved trophy was presented to the fraternity and sorority with the highest percentage and amount of contributions.

Acacia won the fraternity trophy with \$83.50 and Kappa Kappa Gamma contributed \$144.65 to win the sorority trophy. Both groups had 100 per cent member participation and the highest amounts of money.

Students were permitted to designate which group or groups they wanted to receive money from their contribution. Last year's drive which con-

## Auditions Planned For Chapel Choir

Freshman students wishing to audition for the Chapel Choir may sign up for appointments tomorrow through Thursday in 208 Carnegie. Upperclassmen will be able to try out next week.

Besides taking part in the Sunday morning Chapel services the choir presents annually a midnight candlelight service before Christmas, a special Palm Sunday program, and a spring concert in collaboration with the University Symphony Orchestra.

The Chapel Choir is organized as a one-credit elective course open to all University students.

The Chapel Choir rehearses on Thursday evenings and sings each Sunday for the Chapel Services. A few vacancies still exist, particularly in the tenor section.

Continued from Oct. 18 to Oct. 22 was headed by John Riggs.

The remainder of the money for Campus Chest is raised through special events such as the annual KickOff Dance, held before the first football game, the Ugly Man contest, sponsored by Alpha Phi Omega, national service fraternity, and jazz concerts.

Alpha Phi Omega donated \$332 from the proceeds of the Ugly Man Contest held in the spring.
