

Eight Negroes Barred From Kentucky School

STURGIS, Ky., Sept. 19 (AP)—After attending classes for nearly two weeks, eight Negro students were barred from Sturgis High School today and an attorney said he planned to take their case to federal court.

A white boycott of the school began lifting immediately after the Negroes were barred. Troops remained on guard here and in nearby Clay.

NACP to Ask for Injunction
 "We will ask for a temporary as well as permanent injunction within a few days," said James Crumlin, Louisville attorney for the National Assn. for the Advancement of Colored People.

Crumlin said the suit would be filed at Owensboro. He already filed suit earlier asking that four Negroes be reinstated at Clay consolidated school. The Negroes were refused admittance yesterday on orders of the Webster County Board of Education.

Negroes Not Legally Enrolled
 Both school boards based their orders on an opinion from the state attorney general's office. The opinion said the Negroes were not legally enrolled because neither board had taken official action to start integration.

Adj. Gen. J. J. B. Williams, commander of National Guardsmen here and at Clay, said they will remain on duty for the time being.

Approximately 180 of the 275 white students at Sturgis returned to classes after the Negroes departed.

None of those turned away made any immediate plans to attend Dunbar Negro high school at Morganfield, 11 miles away.

Ike Bids Reelection On Peace

WASHINGTON, Sept. 19 (AP)—President Dwight D. Eisenhower declared tonight that in a world confronted by "grave problems" America stands ready to dedicate its vast strength "to serving the needs, rather than the fears of the world."

In an address built around a single word—peace—the President said that "our task is far from done." And he said that the people of the world, including the Soviet leaders, "must never be deceived—or delighted—by any myth of American weakness."

This was Eisenhower's first big speech of the presidential campaign, an address prepared for delivery at 8:30 p.m. EST over the CBS television and radio network from studios here.

There wasn't any thundering against the Democrats in this opening campaign address of the chief executive. Nevertheless Eisenhower didn't pass up a chance to take a couple of digs at his Democratic rival, Adlai E. Stevenson, although he didn't mention Stevenson's name.

State Parties Battle Over Democratic Meal

HARRISBURG, Sept. 19 (AP)—Republicans and Democrats exchanged new charges today on whether state employes or persons dealing with the state were forced to buy tickets to a \$50-a-plate Democratic fund-raising dinner.

George I. Bloom Jr., Republican state chairman, made public a photostat of envelopes he said were imprinted with state address plates and sent to a Perry County automobile dealer.

BusAd Council Will Meet

The Business Administration Student Council will meet at 7 p.m. Monday in 209 Hetzel Union.

Duff, Clark Engaging In Vigorous Campaign

WINDBER, Pa., Sept. 19 (AP)—Joseph S. Clark, Democratic candidate for U.S. Senate, today pledged, if elected, to give the small businessmen a "break through longer term credit at reasonable interest rates."

Clark told a luncheon gathering in this small Somerset County community that his Republican opponent, Sen. James H. Duff, is "preoccupied with serving the single interest of big business rather than the interests of all Pennsylvanians."

Workers Will Vote On Social Security

PITTSBURGH, Sept. 19 (AP)—Some 4000 Allegheny County employes will vote Dec. 27 whether they want to come under Social Security.

Public employes who have their own retirement system become eligible for the coverage for the first time under a law passed by the State Legislature.

It requires, however, that a special election be held to determine the wishes of the employes.

Observatories to Open

Observatories will be open to the public from 8 until 10 p.m. tonight, weather permitting.

Dr. Carl A. Bauer, associate professor of physics, said Mars is now in a good position for evening observations and that the telescopes would be trained on the planet.

Detectives Seize Garment Worker In Reisel Case

NEW YORK, Sept. 19 (AP)—A shadowy figure in the racket-ridden garment industry was seized today in the acid-blinding of labor columnist Victor Riesel. He is Theodore Rij, 43, the target of a nationwide FBI manhunt.

Rij was described as a henchman of John "Johnny Dio" Dioguardi, alleged ringleader in the April 5 acid attack on the newspaperman. Police quoted Rij as saying he met Riesel about a year ago in a restaurant on 52nd St.

It was not the crack sleuths of the FBI who caught up with the husky, florid-faced Rij, but two detectives of New York's W. 30th St. station. They were Frank O'Sullivan and Edward Cavanagh.

Both knew Rij by sight. They did not say how they were tipped off to his whereabouts. But they found him idling in front of a clothing store on W. 32nd St., two and a half blocks from the precinct station house.

\$100,000 Federal Aid Granted for Flood Area

WASHINGTON, Sept. 19 (AP)—President Dwight D. Eisenhower today authorized \$100,000 in federal assistance for the storm-stricken section of Western Pennsylvania that was designated a disaster area after Ohio River floods last May. Eisenhower notified Gov. George M. Leader of Pennsylvania of the grant.

Dairy Club to Meet

The Penn State Dairy Science Club will meet at 7 tonight in 117 Dairy.

Freshmen in dairy science may attend the meeting.

Air Force Grounds B52 Jet Bombers

WASHINGTON, Sept. 19 (AP)—For the second time this year, the Air Force has grounded all its B52 jet bombers—the biggest plane in its nuclear striking force—until it learns the cause of a fatal crash.

Air Force headquarters, announcing this today in response to inquiries, said the grounding order was a "precautionary measure" taken after one of the eight-million-dollar aerial giants crashed Monday in California.

Spokesmen said they couldn't estimate how long the planes might be grounded.

Five Airmen Die in Crash
 Five airmen died in the California accident, in which an eight-jet B52 burst into flames while in flight and fell in pieces.

In a similar accident last February, three airmen lost their lives. Both crashes involved planes based at Castle Air Force Base, Calif.

Jets to be Standing By
 The Air Force said the B52s, though grounded, will be readied for flight daily with crews standing by.

The big bomber can travel more than 6,000 miles without aerial refueling. It can cruise at an altitude exceeding 50,000 feet at a speed of more than 650 miles an hour.

Lutheran Service Today

A Lutheran Vesper Service, first in a series of services to be delivered throughout the school year in the Helen Eakin Eisenhower Chapel, will be conducted from 4:30 to 5:15 p.m. today.

'Pike' Group Will Decide On Extension

HARRISBURG, Sept. 19 (AP)—The Pennsylvania Turnpike Commission hopes to decide next week exactly what part of the north-eastern extension can be opened this year.

"I think we'll be able to decide just what we can open this year after we receive a full report on progress to date at the next meeting," said Chairman G. Franklin McSorley.

Both McSorley and Commissioner James F. Torrance expressed concern with delays in construction of the T. J. Evans tunnel through Blue Mountain in Carbon County.

They said they don't think it possible for the contractor to finish work by the target date of Jan. 15, 1957.

The end of next January has been unofficially set as the deadline for the full operation of the 11-mile northeastern extension.

In other action the commission authorized a pay increase of about 25 cents an hour for some 400 hourly-paid maintenance workers and toll collectors.

EE Group OK's Frosh Program

An information program for freshmen in electrical engineering has been arranged by the Electrical Engineering Society.

The program, arranged by the officers of the society, is designed to give freshmen the information they should have and to enable them to meet professors in their own and other departments.

The series will run for one month, meeting at 6:30 p.m. each Monday in 110 Electrical Engineering.

The program are Monday, the liberal arts side; Oct. 1, technical courses; Oct. 8, the meaning of grades; and Oct. 15, extracurricular activities.
