

13 Attending Seminar On Torpedoes

Nine naval officers and four civilian scientists are attending a seminar on torpedo engineering sponsored by the Navy's Bureau of Ordnance and the Ordnance Research Laboratory of the University.

The two-week seminar provides a broad introduction at the graduate level to torpedo engineering and to the system's approach for solving complex technical problems. It consists of both lectures and practical experience in the ORL laboratories, the Garfield Thomas water tunnel, and the Black Moshannon calibration station.

16 Prepare Material

Directed by Arthur T. Thompson, assistant director of the Laboratory, 16 specialists are cooperating in the preparation and presentation of the material. The Laboratory is the only civilian academic institution in the country concerned with the over-all problem of torpedo research and development.

21 Possible Choices

The seminar was selected by the participating officers from among 21 possibilities for fulfilling their annual active duty requirement. They are temporarily assigned to the University's ROTC unit for the course. Most of them are ordnance specialists as are the civilian scientists.

Last fall the Laboratory offered a pioneering torpedo engineering course for senior and graduate students in the College of Engineering and Architecture. A two-week seminar was conducted last summer.

Feldstein Elected Head Of Delphi Hat Society

Jay Feldstein, sophomore in arts and letters from Elizabeth, Pa., has been elected president of Delphi, sophomore men's hat society.

Other officers are Robert Franklin, sophomore in journalism from Glenside, vice president; and John Bott, sophomore in psychology from Arlington, Va., secretary-treasurer.

Four to Attend PNPA Meeting

Four faculty members of the School of Journalism will meet with the advisory committee of the Pennsylvania Newspaper Publishers Association in Philadelphia tomorrow.

They include Dr. Ira W. Cole, director of the school; Dr. James W. Markham, head of the department of news and editorial journalism; and Donald W. Davis, head of the department of advertising.

Dr. Markham, speaking on the topic "How to Conduct a Readership Survey," will address the weekly newspaper session of the convention.

PhysEd Council Votes on Vacation

The College of Physical Education and Athletics Student Council voted Tuesday night to support any possible action All-University Cabinet will take in an attempt to lengthen the Christmas vacation.

As it is now scheduled, the vacation will be from Dec. 22 until Jan. 2. Inconvenience in traveling, shopping, and working were the reasons listed by the council for extending the holiday.

Coeds to Be Screened

Upperclasswomen who applied for Women's Student Government Association committees will be screened on Sunday.

Thespians Show Appeal--

(Continued from page one) fey held his own in the singing bracket, but his partner Lynn Kinnier's voice faded in and out and she lost most of her words to the audience.

Another high spot of the show was Mary Tassia's choreography. Unfortunately there wasn't enough of it. The chorus numbers also kept up the pedigree of the production, under Albert Ely's direction.

Deserving of honors for writing "Hat in the Ring's" fast mov-

ing, bright skits are Alfred Klimcke, Mike Rosenfeld, Louis Fryman, Ronald Axe and Stuart Kahn. Music by Mike Rosenfeld and lyrics by Ronald Axe is of especially high caliber. Ray Fortunato supervised the production. Louis Fryman coordinated the show.

All in all "Hat in the Ring" with its continuity (rare for a Thespian show), witty parodies, and zesty musical numbers proves to be a substantial candidate for campus musical comedy honors.

J. Paul Sheedy* Was A Lone Wolf Till Wildroot Cream-Oil Gave Him Confidence

"I'm starved for affection", wailed Sheedy, "but the girls think I'm just a cur. Whenever I paws to talk to one she makes tracks for the tall timber and hides." Poor old Sheedy felt so lousy he wanted to pack up and flea. "Don't be such a shaggy dog", said his Den Mother. "Get yourself some Wildroot Cream-Oil and spruce up." Now J. Paul's the most popular wolf in the forest, because his hair looks healthy and handsome, the way Nature intended... neat but not greasy! Try Wildroot Cream-Oil yourself, in the bottle or handy tube. You'll soon be a howling success with the girls.

* of 131 So. Harris Hill Rd., Williamsville, N. Y.

Wildroot Cream-Oil gives you confidence

HAVE A REAL CIGARETTE... have a Camel!

"I want a cigarette I can taste. That's why I smoke Camels—and have for 10 years, ever since I was in college. It's a real cigarette, all the way!"

Jim Ferguson
Helicopter Pilot

Discover the difference between "just smoking" and Camels!

You'll find Camels taste richer, fuller, more deeply satisfying. The exclusive Camel blend of quality tobaccos gives you smooth smoking. You're sure to enjoy Camels, the most popular cigarette today. They've really got it!
