

Poof—There Goes a Camera

—Daily Collegian Photo by Marty Scherr
 THIS SPARKS TV camera operator seems to be shocked and doesn't seem to know what to do about the camera going up in smoke. Several students left their seats in a hurry when the smoke poured out last week.

Traffic—

(Continued from page one)
 jees of other borough's in the state have indicated that an 80 per cent growth in traffic volume can be expected in the next 20 years, not only requiring more off-street parking, but necessitating the elimination of some curb parking to ease the flow of traffic.

Although private development of off-street parking facilities is to be preferred, the report said, "if private capital does not provide sufficient off-street parking facilities to meet the demand, then it must be recognized that

ENGINEERING STUDENTS

WE CAN'T PROMISE YOU THE WORLD...

...but

we can offer you a genuine career opportunity with the leading jet aircraft equipment manufacturer.

Hamilton Standard's tremendous rate of expansion alone is evidence enough of the obvious opportunities now open at this beautiful, modern plant. However, there are numerous other "plus" values which you will want to consider:

- 1) the opportunity for further, tuition-assisted study at R.P.I. Graduate Center.
- 2) the exciting, challenging projects dealing with fuel controls for both jet and nuclear engines, air conditioning systems, jet starters, and turbo-propellers.
- 3) the tremendous variety of openings, so that you may select the field which interests you most.
- 4) the ideal location, in beautiful Connecticut, within easy travel distance to Boston or New York.

These are just a few of the reasons it is essential for you to talk to Hamilton Standard.

If you cannot attend an interview, please send your resume to Ted Fisher at
