

# Annual Youth Communion To Be Observed Sunday

The third annual National Catholic Youth Communion Sunday will be observed tomorrow by Catholic students and members of the Newman Club at Holy Communion services at 8, 9:30 and 11 a.m. at Our Lady of Victory Church and at 9 a.m. in Schwab Auditorium.

# University's Assets Cited By Walker

Approximately 200 class chairmen for the 1957 Alumni Fund were told last night that there are ten things right for each thing wrong at the University.

Speaking at a dinner in the Hetzel Union Building, President Eric A. Walker told the group the leading University faults are offering too many courses and curriculums, lack of good faculty salaries, inadequate student counseling, and limited enrollment of women students.

**Walker Cites Good Points**

Turning to the good points, Dr. Walker referred to the budget as an easy way to measure what we are doing. He said we will spend \$65 million this biennium on education, extension, and research.

Buildings are another measure of what the University is doing, President Walker said. He cited the Hall of Americas classroom building which will be ready next year; the hospital additions now partially in use; and residence halls for almost 1100 women now under construction.

**Ag Research Deemed An Asset**

Still another asset listed by the president was the agricultural research program which he termed as "one of the finest in the east and possibly in the country."

"We have never been strong in research in the liberal arts and social sciences," Dr. Walker said. "This is one of the areas in which I have resolved to do something to help, and I hope, if our plans go through and we get money in the next biennial budget, we can establish a virile program of research in this area."

## Chaplain to Discuss 'Faith and Decision'

Dr. Luther H. Harshbarger, University chaplain, will speak at 10:55 a.m. tomorrow at Chapel service in Schwab Auditorium. His topic will be "Faith and Decision."

The prelude will be the Chorale, "Ein' feste Burg ist unser Gott," by Johann Pachelbel. The postlude will be "Was mein Gott will, das g'scheh' allzeit," by Johann Pachelbel. "Blessed Are The Faithful," by Heinrich Schutz will be the anthem.

## Eng Professor Writes Feature for Magazine

Chester C. Linsky, assistant professor of industrial engineering, is the author of the feature article published in the Oct. 18 issue of Machine Design magazine.

The article spelled out a program for "Training Design Engineers," and was also the subject of an editorial in the magazine.
