

# Police Tag Parked Cars In Fraternity Section

By BOB FRANKLIN

Borough police yesterday found 94 cars parked in violation of the 2 to 6 a.m. parking ban on its first day in effect in the fraternity area.

At 5 p.m. yesterday, four cars were using the temporary parking facilities provided by the University for students who could not find spaces downtown because of the ban.

# Blood Drive Deadline Set By Red Cross

Red Cross blood drive forms are due today at the Hetzel Union desk.

A bloodmobile unit from the Johnstown regional Blood Center of the American Red Cross will visit the campus Tuesday and Wednesday to receive blood donations from students.

The blood drive is sponsored by the Air Force Reserved Officers Training Corps and the campus unit of the State College Chapter, American Red Cross.

The personnel of the unit will be in the HUB card and TV room from 10 a.m. to 4 p.m. to process donors.

The goal for the two days is 600 pints.

Donors may bring their minor release forms with them. Walk-in donors will be accepted.

Donors have been asked to eat a light breakfast and lunch before coming. They are to eliminate all starchy foods from their diet.

Delta Delta Delta and Kappa Kappa Gamma will act as hostesses for the serving of refreshments. The refreshments include orange juice, coffee and doughnuts.

# Dairy Team Wins 3rd Place in Meet

The University dairy products judging team won third place in the International Dairy Products Judging Monday at Atlantic City.

Thirty-three teams competed in the judging. Marlin Fouse, senior in dairy science from James Creek, won ninth place in judging all products. He also finished seventh in milk judging, competing with 98 other contestants.

Other team members are Wendell Yingling, of Hanover, John E. Beam, of Waymart, and Edward Bryan, of Philadelphia. All are seniors in dairy science.

# AIM Judiciary Initiates Action Against Junior

The Association of Independent Men Judicial Board of Review has recommended that a fifth semester geology major receive office probation and that a letter be sent to his parents.

In a charge filed by two West Halls counselors, the student was charged with throwing a firecracker out of his window into the West Halls quadrangle area.

The student told the board he found the firecracker while rummaging through a box of junk in his closet.

He said he bought it in another state and was unaware of state or University firearms laws.

The student said he threw the firecracker out the window on an act of impulse although realizing afterward it was the wrong thing to do.

When accused of throwing the fire cracker by the counselors, he at first denied it, but later sought them out and admitted the act.

# WDFM Will Audition For Announcing Staff

Audition appointments for the announcing staff of station WDFM may be made every afternoon or evening this week in 307 Sparks.

Auditions will be held from 1 p.m. to 5 p.m. Sunday in 304 Sparks.

# 460 Are Soliciting For Annual Drive Of Campus Chest

Solicitors for the annual Campus Chest solicitations drive from Nov. 12 to Nov. 16 will include approximately 460 students.

Robert Gellman, chairman, said this figure includes representatives from sororities, fraternities, independent students, town men and women, and members of Gamma Sigma, national service sorority, and Alpha Phi Omega, national service fraternity.

A solicitors meeting will be held at 7 p.m. Wednesday in Schwab Auditorium. Representatives from the American Heart Association, American Cancer Society, and World University Service, an international organization of students and professors, will speak to the solicitors.

These agencies are three of the five organizations that will receive funds from this year's drive. The other organizations are Penn State Student Scholarship Fund and Pennsylvania Cerebral Palsy Fund.

# Rabbi Kahn to Lecture On Middle East Crisis

Rabbi Benjamin M. Kahn will speak on the subject "Towards an Understanding of Israel's Policy" at the Sabbath Eve services at 8 tonight in the Hillel synagogue.

The present conflict between Egypt and Israel will be evaluated. After the close of the service, Israelis currently at the University will hold an informal discussion.

The European elm and the Norway maple are the most numerous of all the trees on campus.

Police said they ticketed the violators with red warning stickers for the first day of enforcement of the ban.

### In Effect Yesterday

The ordinance went into effect yesterday in the area bounded by Allen street, Beaver avenue, High street, and Irvin avenue. It has been enforced in most other sections of the borough for several weeks.

All four of the students who moved their cars to the University's temporary facilities on the old vegetable gardens behind the Agricultural building have applied for temporary permits from the Campus Patrol office.

### Permits Must Be Used

Application for the permits, which are good until the Thanksgiving vacation, must be made by students who use the area.

Copies of the application questionnaires will be sent to the borough manager's office and to either the Association of Independent Men or the Interfraternity Council in an effort to find off-street parking downtown for the student.

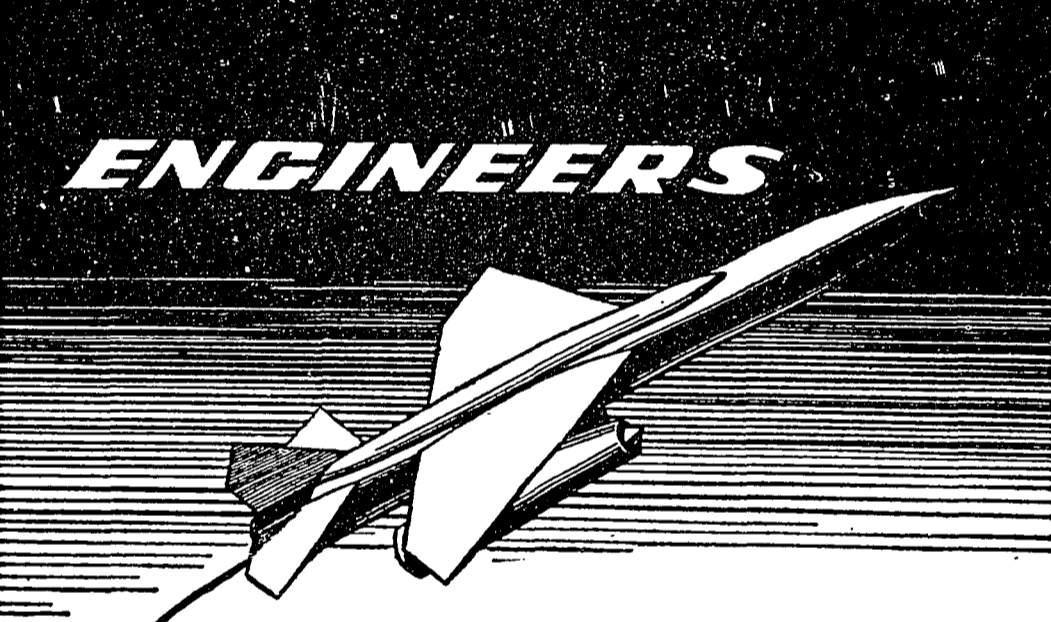

### Form Data Named

Information on the questionnaire will include the student's local address, fraternity, affiliation where he has been parking in the borough, whether he uses his car daily, and whether he would be willing to rent a space downtown if one could be found.

## BOEING AIRPLANE COMPANY

WILL CONDUCT PERSONAL INTERVIEWS ON CAMPUS

### Friday, November 2

Boeing has many positions open for graduating and graduate students. These opportunities are in all branches of Engineering (AE, CE, EE, ME and related fields). Also needed are Physicists and Mathematicians with advanced degrees.

Fields of activity include Design, Research and Production. Your choice of location: Seattle, Washington or Wichita, Kansas.

Personal interviews will cover the details of openings, the nature of assignments, Company projects currently in work, and miscellaneous information about the Company.

Come and learn about the excellent opportunities with an outstanding Engineering organization—designers and builders of the B-47 and B-52 Multi-Jet Bombers; America's first Jet Transport, the 707; and the Bomarc IM-99 Pilotless Aircraft.

For personal interview appointments—consult your
