

Yugoslavia Asks Russian Departure From Hungary

UNITED NATIONS, N.Y., Nov. 8 (AP)—Yugoslavia, the first Communist bloc member to defy Moscow, today teamed with non-Communist nations in a strong demand for the Soviet Union to pull its troops out of Hungary.

USSR Gain In 2 Weeks Called Great

MOSCOW, Nov. 8 (AP)—Western diplomats here say the Soviet Union in the last two weeks has achieved political victories ranking among its greatest since the Bolshevik Revolution 39 years ago.

In private conversations they list these scores for the Soviet side since the Suez crisis developed into shooting:

1. A sharp division of the United States from Britain and France on top international policy for the first time since the cold war began.

2. Soviet propaganda, plus the British-French decisions to attack Egypt, hurt Britain's reputation for fair play with smaller countries, especially in Asia and Africa.

3. Those two vital continents were opened to a great upsurge of communism through the active support of the Arab cause against the Western powers.

"Even among its former colonies Britain had retained a firm reputation for defending the rights of small countries," said one diplomat. "After the conflict with Egypt, it is doubtful if that reputation still exists."

Professor to Head School Site Group

Dr. Charles M. Long, professor of education, has been named chairman of a committee to investigate a controversy in the selection of a site for the Warrior Run Area School in Northumberland County.

The superintendent of public instruction in Harrisburg announced Dr. Long's appointment as head of the committee, which will begin its investigation Thursday.

Pittsburgh Corporation Gives \$600 Fellowship

The division of mineral engineering of the College of Mineral Industries has received a \$600 fellowship grant from Heyl and Paterson Inc., Pittsburgh.

The fellowship, which is still open, will be used to support studies in fine coal cleaning, drying, and clarification of coal with wash water circuits.

Kentucky Loss Hinders Dem's Senate Control

WASHINGTON, Nov. 8 (AP)—A close Republican victory in Kentucky today brought the Senate division for the 85th Congress next year to just where it was in the 84th: 49 Democrats and 47 Republicans.

Dem. Control Likely By ordinary standards, that would assure continued Democratic control of the Senate. Some complicating factors, however, gave Republicans an outside chance at it.

Late returns from Kentucky indicated Republican Thurston B. Morton had come through finally in his seesaw race with Sen. Earle Clements, the assistant Democratic floor leader.

GOP 'Happy' This was one more feather in the cap of the Republicans, already happy with President Dwight D. Eisenhower's nine-million-vote majority for re-election.

Leonard W. Hall, chairman of the Republican National Committee, told reporters at the White House that Eisenhower "worked hard for a Republican Congress and he would like to have seen one elected."

Israel Approves Troop Removal

WASHINGTON, Nov. 8 (AP)—Israel did a dramatic about-face today, under prodding from President Dwight D. Eisenhower, and agreed to pull out of Egypt once if "satisfactory arrangements" are made for a UN force to police the Suez Canal area.

The switch in policy was hailed in Washington as a major step toward relieving Middle East tensions.

These tensions had been heightened by Soviet tough talk about using force to throw British, French and Israeli troops out of Egypt.

Hungary Suffers Famine, Looting

VIENNA, Nov. 8 (AP)—Famine, severe shortages of clothing and widespread looting threaten battle-torn Hungary, the Soviet-imposed government said tonight.

Pockets of resistance still held out doggedly, but at least one fell in a "human shield" incident. "The Russians got us out with a typically Communist dirty trick," said the leader of 45 rebels who abandoned trenches at the Hegyshalom border station and crossed into Austria to surrender their arms.

"Two Russian tanks came down the road toward the border station. Beside them marched some armed Hungarian soldiers who were collaborators of the Russians. In front of the tanks the Communist marched groups of Hungarian civilians, farmers and others.

"The Hungarian civilians shouted to us: 'Don't shoot! we are Hungarians.' We couldn't fire through our own people, so we had to retreat."

Inland, there was a rebel radio blackout after broadcasts reporting continued violent fighting near Budapest.

Other broadcasts, warning that famine was at hand unless supplies could be moved unhampered, begged the people to help stop looting and to open food stores not now operating. Revolutionists evidently were smashing into shops to seize provisions.

Airplane Crashes, Six Killed

NORTH BERGEN, N.J., Nov. 8 (AP)—A twin-engine airplane struck an 800-foot radio tower in the rain today and crashed.

President Orders 5000 Hungarians Admitted to U.S.

WASHINGTON, Nov. 8 (AP)—President Dwight D. Eisenhower today ordered admittance to the United States of up to 5000 refugees from Soviet-oppressed Hungary.

Pierce J. Gerety, deputy administrator of the Refugee Relief Act, told a White House news conference that action to meet the President's instructions is being started at once.

In a statement, the President said: "Few events of recent times have so stirred the American people as the tragic effort of Hungarian men and women to gain freedom for themselves and for their children."

Balloonists Set Record

BROWNLEE, Neb., Nov. 8 (AP)—Two Navy balloonists soared to a record altitude of more than 14 miles today, then plummeted unexpectedly—but safely to earth.
