Chem-Phys Elects Five To Council

Five representatives were elected Thursday to the Chemistry and Physics Council by what was called "a disappointingly low" number of students.

Freshman representatives are Carl Smith, chemical engineering major from Scranton; John Wrigley, pre-medical major from Pittsburgh; and Charles Davis, physics major from Harborcreek.

Upperclassmen Elected

One sophomore and one junior representative were elected. They are John Cummings, sophomore in physics from Toledo, Ohio; and Nancy Casterlin, junior in chemistry from Wilkes-Barre.

Twenty per cent of the 661 students in the three classes voted. The freshman class had the best turnout, with 33 per cent voting. Only 10 per cent of the juniors and about nine per cent of the sophomores voted.

These percentages are lower than those of last spring's election. Council election chairman William Gallagher said that he was disappointed by the low turnout, but encouraged by the responsiveness of the freshman class.

The contests among the freshman candidates were very close, Gallagher said.

Police Take Steps To Control Traffic

State College police and the Campus Patrol, in anticipation of heavy traffic in this vicinity to view the football spectacle today, have taken steps in order to move traffic freely.

Officials said that the usual crowded conditions which occur when there is a football game at Beaver Field would even be multiplied because of the Band Day parade.

Town police have provided special traffic and parking regulations for enforcement today.

For the parade through the borough, there will be no parking on the north side of College avenue between 10 a.m. and 1 p.m. Otherwise, these restrictions will prevail:

Parking Regulations

Parking regulations, which include strict observation of all regular zones, have temporary no parking on both sides of Park Ave., Atherton St. to the University barns, and no parking on the east side of Burrows St., Park Ave. to Hillcrest Ave.

Borough police said for the benefit of visitors, all-night parking restrictions will not be enforced in the borough tonight.

Captain Philip A. Mark, Campus Patrol, said parking will be permitted on the golf course and the vegetable plots along side of Hort Woods.

Bus Space Reserved

He asked students to remove their cars and not to park in areas 70 and 78, on the west side of Hort Woods. These spaces will be used to park buses.
