

# Wolfpack Turncoats In 'Return' Saturday

By FRAN FANUCCI

If the Penn State Blue Band strikes up the "Pennsylvania Polka" during Saturday's game with North Carolina State the designation will be aimed at both teams.

The visiting Wolfpack boasts eight Pennsylvanians on its starting eleven and 30 on the squad. The Lions will have 10 home state boys on their starting team.

Not only is North Carolina state overloaded with Pennsylvania talent, but so is its coaching staff, which is run by three former Lion players—Earle Edwards, Al Michaels, and Bill Smaltz.

This situation could cause the Lions to have extended worries this week, since almost all of the starters on the NCS team will be out to show the home state folks how well they play football.

Lion coach J. T. White, who scouted the Wolfpack the past three weeks, said "North Carolina State found itself against South Carolina last Saturday and played the kind of football of which it is capable."

"The accent was neither on running nor passing," he explained, "and there was a nice blend of the two."

Halfbacks Dick Christy and Dick Hunter both impressed White as one of the best set of backs he has seen this year. "They're the fastest and probably the most dangerous runners we'll face all year," he said.

Christy is the leading ground gainer with 401 yards on 92 carries and Hunter is second with 262 yards on 64 carries. Both are also capable of passing. Hunter has thrown 15 passes, completing three, while Christy has tossed 11 and completed five.

The starting quarterback could be either Tom Katich or Bill Franklin. Franklin has completed 15 of 40 passes for 245 yards and three touchdowns to lead the team. Katich has completed 10 of 16 for 112 yards and two touchdowns.

Tony Guerrieri, the lightest fullback the Lions will face all year at 5-7, 175 pounds, is the fourth starter in the Wolfpack backfield. In fact, the entire NCS backfield averages only 174 pounds. Christy and Hunter are both listed at approximately 175 pounds and Katich at 170. Franklin, if he starts, will be the heaviest at 195 pounds.

Saturday's game will be the fifth between the Lions and Wolfpack, dating back to 1920. The Lions have won the four previous games and have shut-out the Wolfpack three times. In those four games they have scored 143 points to six for NCS.

The Wolfpack will carry a 3-5 record into the game, while the Lions own a 5-2 mark.

## Treys Gain Indie Swim Finals; Minos Miss Two IM Records

By EARL KOHNFELDER

The Treys won a 21-20 thriller at Glennland Pool last night to enter the final round

of the independent intramural swimming league, but it was their opponents, the McKee Minos, who stole the show.

The Minos took three of the five first places, just missing two IM records, yet bowed to the Treys who accentuated the importance of being second.

Dick Choyn of the Minos won the free-style in a flat 33 seconds, 1.6 seconds off the IM record. In the breaststroke, the Minos' Carl Tongberg came within .7 of a second of the record, winning in 38.4.

However, no one backed the swift Minos, and the Treys took all seconds in sight, plus the other two firsts for its victory. Des Phelan won the backstroke in 40.8

and Pete Glick took diving laurels for the winners. The Treys meet the winner of tonight's 38'ers—Supporters battle for the independent title Tuesday.

Tau Kappa Epsilon and Delta Chi earned the right to meet each other in the quarter-finals of the fraternity division with impressive wins. TKE drowned Theta Delta Chi, 37-4, and Delta Chi was almost as hard on Alpha Zeta, 35-5.

Al Rossi led TKE with wins in the backstroke and diving events. His backstroke time was .8 off the IM record of 37.8 (held by Rossi).

# Mustangs, Continentals Wallop IM Cage Foes

The intramural basketball scene was kept pretty busy Tuesday night when a total of nine games were played on the Recreation Hall court.

Sam Mortimer paced the McKee Mustangs in the opening tilt of the night by scoring 15 points to lead his team to a 31-8 triumph over the Dippers. John Eastman was high man for the losers with five points.

The Continentals won out easily over the McKee Five, 29-17. Larry Pecka, Dave Reeder, and Fred Scheinholtz scored a total of 19 points to lead their dorm to victory.

Overcoming a second-half threat, the Greensmokers edged out a win over the Dutchmen, 28-27, in the closest game of the night. John Righi paced the Greensmokers with 9 points. The Dutchmen's Ron Schoener scored nine for the losers.

Trig Rohrbach dumped in 14 points for the Hamilton Five and helped them defeat the Schorers, 35-10. Teammate Gene Greenberg added to the win with his nine points.

Watts Hall lost a half-time lead of 14-13 and wound up on the short end of a 24-21 score to Irvin Hall. Norm Neff led Irvin with 13 points. Dick Breth was high man for Watts scoring 11 points.

The Zips, led by Phil De Witt with 10 points and Bill Haddock with seven, broke a 14-14 half-time deadlock and defeated the

Warriors, 31-20. In the fraternity league, Alpha Chi Rho, paced by Hugh Cooper and Dave Watkins, easily defeated Pi Kappa Alpha, 40-27. Joe Myers scored 14 points for the losers.

In the other two fraternity games Phi Kappa Tau defeated Beaver House, 37-21, and Phi Mu Delta won out over Sigma Tau Gamma, 37-24.

## Phi Epsilon's Robinson Takes Tennis Title

The 1956 fraternity tennis season came to a close during the past week, with Jerry Robinson, Phi Epsilon Pi, nosing out Phi Epsilon brother Carl Witonski, 3-6, 7-5, 8-6, to cop the fraternity court title. Witonski had made the headlines two weeks ago by ousting defending champ Joe Gahardi, Tau Kappa Epsilon.

In independent action, Charles Bibleheimer downed Fred Steinholtz, 6-1, 6-0, in the Flight 2 finals. Bibleheimer takes on Flight 1 kingpin, Pete Dedad, for the time deadlock and defeated the Indie crown.

## GRIDIRON BALL in the HUB Ballroom

SAT., NOV. 17

9-12 P.M.

Admission Free - Party Dress

Master of Ceremonies:  
Len Richards

A.I.M. Band  
Directed by  
Jim Ressler

PRIZES  
GIFT CERTIFICATES FROM KALIN'S AND THE CHARLES SHOP. ALSO CASH PRIZES

How KEARFOTT'S Training Program Works...

A "learning by doing" philosophy is basic at Kearfott. As an assistant Project Engineer, you are given assignments in several engineering laboratories to determine in which you can make your best contributions and find your greatest satisfaction. Under the guidance of senior engineers and specialists, each man takes his project through from inception to final production, thus acquiring a broad experience background. Success depends on individual initiative and resourcefulness.

## KEARFOTT

is interviewing on your campus

Friday, November 16

Make your appointment now with your College Placement Office

Kearfott's leading position in the development and production of aircraft control and navigation instruments makes the company a fertile ground for the young engineer to develop his talents and gain the experience which means success in his chosen profession.

Assisting in the design and development of today's most advanced systems, the graduate engineer quickly gains in knowledge of the functions and applications of the gyros, synchros and other components which comprise systems. You will share in Kearfott's vital role in TACAN, inertial guidance, stable platforms and other servo mechanisms for today's most important jet aircraft and industrial development.

In addition to close association with the engineers whose work has set new standards for the industry, you enjoy an educational assistance program to help you further your formal education, supplementing the "learning by doing" program through which you will choose your field of special interest.

Decentralized plants provide ample opportunity to become familiar with top management and distinguish yourself through initiative and imagination. Salaries and benefits are liberal, and advancement is based on your own value and contribution.

NOTE: If you cannot attend an interview on this day, please write for more information to Robert J. Sperl, Technical Placement Supervisor, Engineering Personnel Office.
