

Chest Funds Reach \$540; APhiO Will Aid Hungarians

Drive Enters Last Day

Contributions to Campus Chest today amounted to \$536.70 as the drive entered its final day, \$11,463.30 short of the \$12,000 goal.

Returns received yesterday totaled \$229.26, in comparison to \$195.42 collected on Thursday, and \$56.50 collected Wednesday.

This figure represents returns from 12 solicitors. The average contribution per person yesterday was approximately 61 cents.

Edward Long, tabulations chairman, said that the strongest area for solicitations so far has been the Nittany-Pollock dormitory area.

The weakest group of contributors were found in fraternities, according to Long.

11 Tonight Deadline
The deadline for filing returns is 11 tonight at the lounge opposite the Hetzel Union desk. Members of the Campus Chest executive committee will be on duty today from 2 to 11 p.m.

Two sororities, Kappa Kappa Gamma, and Sigma Delta Tau, conducted special events this week to raise money for Campus Chest in addition to regular chapter contributions.

Members of Kappa Kappa Gamma conducted a car wash at fraternity houses. Sigma Delta Tau members sponsored a shoe shine booth at the Main Gate and also shined shoes at fraternity houses.

Combines All Fund-Raising
"The purpose of the drive was to combine all fund-raising activity into one, big drive in order to minimize duplicate effort," Robert Gellman, Campus Chest chairman, said.

"If this drive is not successful, I shall recommend to All-University Cabinet that the drive be discontinued next year," Gellman said.

Last year, \$3516.90 was collected in a four-day drive. This figure fell short of the \$6000 goal by \$2483.10.

Acacia Wins Trophy
Winners of the fraternity and sorority trophies were Acacia fraternity who collected \$83.50, and Kappa Kappa Gamma sorority who collected \$144.65. Both these groups had the greatest amount collected per capita and had 100 per cent contributing.

B level of Hamilton Hall had the highest percentage for independents with 96 men contributing \$89.15.

Part of the proceeds from the Ugly Man contest, sponsored last spring by members of Alpha Phi Omega, national service fraternity, will also be used for Campus Chest.

Ugly Man Contest
A total of \$862 was collected in the Ugly Man Contest. Of that, \$332 was contributed to the Campus Chest. The remainder of the proceeds was divided between the Beaver Dam Recreational Area which received \$332 and Alpha Phi Omega community projects which received \$100.

The card, preferential system was again employed in this year's drive. It was first used last year. Under this system, the contributor could select which of five organizations he wanted to con-

Team Takes Second In Stock Show

The University meat judging team, preparing for next week's International Livestock Exposition at Chicago, placed second in competition at the ninth annual Eastern National Livestock Show at Timonium, Md., earlier this week.

The University livestock judging team placed fourth in its competition.

Thomas Blose, junior in animal husbandry from Glen Campbell, was first in the meat judging contest with an individual score of 884 points, and Sandra Snowdon, junior in animal husbandry from Allison Park, was fourth with 863 points. Richard Fowler, junior in animal husbandry from Danville, the other University entry, accrued 815 points.

Team Lost to Wisconsin
The team lost by 10 points to the University of Wisconsin team, who also edged the University judges for first place in the American Royal Livestock Show at Kansas City, Mo., in October. Ten college teams competed in the Timonium event.

In livestock judging, Henry Gruber, senior in animal husbandry from New Tripoli, placed seventh, and Vernon Hazlett, senior in animal husbandry from Tarentum, placed ninth.

Steer Championships
The grand and reserve championships were awarded to two steers from the University herd. A 1,125-pound Aberdeen-Angus was named grand champion and sold for \$5.10 a pound. A 950-pound University Shorthorn was named reserve champion. These animals won similar honors at the Ohio State Fair last summer.

Two first prizes were won by University Shorthorn bulls, and in the steer show, University animals won first, second and fourth places in the best of three animals class.

tribute, or he could select an undesignated spot on the IBM card.

All undesignated contributions will be divided equally among the American Heart Association, the American Cancer Society, Pennsylvania Society for Crippled Children and Adults, Penn State Student Scholarship Fund, and World University Service.

Alpha Phi Omega, national service fraternity, will give University students an opportunity to "Give Hungary a Christmas" this year.

The fraternity will launch a campaign Nov. 27 to provide money and clothing for the millions of needy Hungarians. The project is also intended to demonstrate the admiration and support from students and State College residents for the courage of the Hungarian people.

Clothing will be collected during the afternoons of Nov. 27, 28, and 29. Collection points will be the I.F.C. office in the Hetzel Union Building and downtown State College. A clothesline will be stretched from the Corner Room and the Athletic Store to Beaver avenue with the parking meters used as clothes poles. Clothing which is donated will be hung on these lines.

Final contributions will be collected at the same time in four trunks located on downtown street corners.

Alpha Phi Omega has suggested that students gather old clothes while they are home for Thanksgiving vacation.

The project has been given the support of David Mackey, State College Burgess, and Police Chief John R. Juba.

'Lantern' Sets Deadline For Submitting Articles

The deadline for submitting articles to the Lantern staff for consideration is Monday.

All contributions which have been submitted prior to this time will be read by the literary staff and considered for publication. The articles may be left at the Hetzel Union desk.

PROBLEM: To evaluate the all-round career advantages offered by the widely diversified activities at Divisions of North American Aviation, Inc.

FIRST STEP: GET THE FACTS in man-to-man interviews, on campus See Your Placement Service

As a graduate in Engineering, Physics, Applied Math. or allied subjects you need complete, factual information to help you make a sound decision in choosing your career.

Get the facts in a man-to-man interview with our representative. Let him tell you about our unique placement and training devised to help your potential develop rapidly in a company where continued expansion has doubled the number of employees in 5 years. Your possibilities are wide and varied, as you will see from these brief notes on the 4 Divisions:

AUTONETICS creates automatic controls and electro-mechanical systems of a highly interesting nature. Work includes research, design, development, manufacture and testing; you will become a part of the latest advances in inertial navigation and guidance, fire and flight controls, analog and digital computers.

ROCKETDYNE is building power for outer space—large, liquid propellant rocket engines. The Field Test Laboratory in the Santa Susana Mountains is the most complete rocket engine workshop in the free world. Here a man meets more aspects

of his specialty in one week than in a year of "conventional" practice.

ATOMICS INTERNATIONAL is pioneering in the creative use of the atom. If you are able to meet the high requirements for this work, you can help introduce a new industrial era. Atomics International is designing and building varied types of nuclear reactors, for both power and research, with the practical experience gained by 10 years in the field.

MISSILE DEVELOPMENT ENGINEERING

Long range missiles, including the intercontinental SM-64 Navaho, present problems of the most fascinating nature. Speeds, materials and functions now being dealt with were only theoretical a few years ago. The work is vital; the opportunities for you, as a creative engineer, are correspondingly great.

CONTACT YOUR PLACEMENT OFFICE TODAY Make an appointment NOW to see North American Representative on campus. OR WRITE: Mr. J. Kimbark, College Relations Representative, Dept. 991-20, North American Aviation, Inc., Downey, Calif.
