

# Third Community Concert Will Highlight Primrose

William Primrose, who has been hailed as the world's finest viola player and who has been decorated by the Queen of England, will present the third program of the State College Concert Series at 8:30 p.m. tomorrow in Schwab Auditorium.

Primrose is recognized by most authorities as the person chiefly responsible for re-establishing the viola as a solo instrument. He accomplished this by playing with almost every major orchestra in the United States, Britain, and South America and by commissioning a number of viola works from contemporary composers.

### First Appears in '37

In 1937 Primrose made his first appearance in the United States with Toscanini's National Broadcasting Symphony. After five years, he left the orchestra to devote his time to solo work. Since then he has starred at music festivals from "Tanglewood" in the American Berkshires to the Parades Festival in the French Pyreness.

Primrose has made several recordings for RCA Victor and Columbia. His interpretation of Berlioz's "Harold in Italy" was the best-selling non-jazz record in Columbia's catalogue the year it was released.

### English Title Bestowed

In 1953 Queen Elizabeth II conferred the title of Commander of the British Empire on Primrose in recognition of his services to British music. The usually reserved London Times wrote: "Mr. Primrose's viola apparently plays itself; all he does is prop it up in one hand, and the bow in the other and away it goes."

The music world honored Primrose, too. Serge Koussevitzky, the great conductor under whom Primrose often played, stated publicly: "I consider Primrose an incomparable artist whose name will remain that of the greatest viola virtuoso of our time."

Tomorrow's performance will be Primrose's second at the University. He appeared first on April 16, 1952.

## Debate Team Wins 10th Place in Meet

Judged on individual speaker ratings rather than on wins or losses, the Men's Debate Team ranked 10th out of the 50 colleges and universities in the University of Pittsburgh Cross-Examination Debate Tournament last weekend.

Northwestern University took first place in the tournament.

Members of the affirmative team, Jonathan Plaut and Edward Klevans, faced teams from Notre Dame University, the University of Pittsburgh, Richmond University, the University of Southern California, and Vermont University.

Gerald Bogus and Robert Adams, of the negative team, opposed teams from Fordham University, the University of Pittsburgh, the University of Pennsylvania, Wesleyan College, and Amherst College.

## Final LA Lecture Scheduled Tonight

Frederick R. Matson, professor of archeology, will give an illustrated lecture, "The Past in the Present," in the last of the Liberal Arts Lecture Series at 8 tonight in 121 Sparks.

Dr. Matson has worked as a radioactive carbon specialist on archeological projects in Illinois and Iraq. His analysis of the radioactive carbon found on ancient fire sites has made it possible to date them more accurately.

Dr. Matson's writings, along with some archeological finds discussed in his writings, are on display in the Pattee Library.

Originally a professor of ceramics, Dr. Matson joined the faculty in 1948 and became professor of archeology in 1953.
