

## Hours Will Change During Examinations

The final examination period, which officially gets underway 8 a.m. Monday and ends at 5:30 p.m. Jan. 22, will bring changes in hours and routines throughout the University.

The dining halls will observe special hours during exams. Breakfast and dinner for men will be served at the regular hours, and lunch will be served from 11:30 a.m. to 12:45 p.m.

## Late Hours Granted For Exam Week

A motion was passed at the Women's Student Government Association Senate meeting Wednesday night to grant freshman women 10 o'clock permissions and upperclass women 11 o'clock permissions during the final exam period.

The special permissions will go into effect Sunday.

Senate gave final approval on the nomination of Mary Sterbutzel for WSGA elections chairman.

### To Post Agenda, Minutes

In other business, a motion was passed to post the minutes and agenda of WSGA meetings on permanent bulletin boards which will be placed in the women's dormitories, Waring Hall and the Hetzel Union Building.

Susan Whittinton, WSGA publicity chairman, suggested the idea in a report because her committee feels that this would stimulate interest in WSGA from women students. Also, she said, very few students realize that meetings are open to those interested.

### Faculty Reception

Claire Ganim, senior senator, asked that Senate pass a motion to hold the Junior-Senior Faculty Reception on Dec. 4. The reason for bringing up the motion so early in the year, she said, is so that it can be placed on the activities calendar.

Previously, she said, many faculty members could not attend because the announcement was made so late and was not placed on the calendar. The motion was passed.

WSGA decided to table discussions on compensations until the subject could be taken to Panhellenic Council and the Women's Recreation Association.

## Coed Calendar Now on Sale

The Penn State Engineer's "Coed Calendar" issue will go on sale today.

The magazine will feature a calendar containing double-spread page pictures of six coeds.

Barbara Rinehart, sophomore in journalism from Upper Darby, is the calendar coed for January-February.

Five other coeds represent the other ten months.

They are:

Susan Mamolen, sophomore in education from Williamsport; Elizabeth Corman, freshman in education from State College; Barbara Ray, sophomore in home economics from Huntingdon Valley; Carol Dominick, freshman in journalism from Arlington, Va.; and Ann McKnight, junior in education from Pittsburgh.

A technical article on "Solar Power," Clever Collegiate Quips and Slide Drools are also included in the January issue.

The Engineer will be on sale at the Hetzel Union desk, the Corner Room and at the bulletin board on the Mall. The price is 25 cents.

### Debaters Meet Tonight

Two members of the Men's Debate Team and two coeds from Mount Mercy College will debate on the topic Resolved: "That Women Dominate American Business" at 7:30 tonight in 121 Sparks.

## Highlights Of Ike's Report

By the Associated Press

President Eisenhower, in his State of the Union message Thursday, made these main points:

**BOOM TIMES**—Prosperity in America is at a record peak, but inflation is a continuing threat. Government must not be spend-thrift, and private groups should not press irresponsibly for special gain.

**RED MENACE**—The Russian dictatorship still threatens the free world, but America's security force, which must remain strong, is a major deterrent to war.

**MONEY, CREDIT**—Congress should set up a commission to study how adequately the nation's financial system serves the economy.

**FARM**—There are grounds for gratification in the farm picture, but farm families must share more fully in national prosperity.

**SCHOOLS**—High priority must be given to federal aid for school construction, uncomplicated by the question of racial integration.

**RIGHTS**—Congress should pass the program which Eisenhower asked last year, authorizing more federal activity to protect any whose rights may be violated.

## Lion Expects Snow, Cold

The Nittany Lion dashed out of his den this morning between snow flurries to replenish his dwindling supply of logs in order to maintain warmth in his den during today's expected colder weather.

He was too tired because of his long hike on Mt. Nittany yesterday to go out and chop his own logs, but, fortunately for the Lion, several SAE's gave him some trees they had left after Christmas.

Along with the colder temperatures and intermittent snow flurries, today is also expected to be partly cloudy with a high temperature of 25 degrees. Last night's low was forecast at 10-12 degrees.

The campus had received approximately 2 inches of snow from Wednesday afternoon to yesterday morning, according to the University weather station.

## New Matric Card Will Be Issued At Registration

Registration for the spring semester will be held Jan. 30 through Feb. 2 at Recreation Hall, following roughly the same procedure as that used for fall registration. One exception will be the issue of the new streamlined matriculation card.

Each student will receive a new card with a new matriculation number, which he will pick up with his Athletic Association card. Under this system, new matric cards will be issued each semester.

Each student should arrive on campus at least 24 hours in advance of his scheduled time for reporting to Rec Hall so that he may confer with his adviser, obtain approval of his schedule, pay fees and make allowance for unexpected delays.

### Alphabetical Order Printed

The correct alphabetical order for registration is printed on the front of the timetable for the spring semester. The timetable, priced at 25 cents, is still available in 4 Willard. Students must report according to the schedule. No one will be admitted at any other time.

For admission to Rec Hall, each student must present his matriculation card, a bursar's receipt for fees and an official registration form signed by his adviser.

### Present Matric Number

Students have been requested to use their present matric number when filling out registration forms so that confusion may be avoided. The new numbers will go into effect immediately after registration.

All students who register late will pay a fee of \$10 for the privilege.

The dean of each college will be seated at a table in the center of Rec Hall to help students with any problems that may occur in registering.

### Schedule Change

This is the only way in which students may make changes in their schedule at Rec Hall.

Students will enter Rec Hall from the north exit opposite the Nittany Lion Inn.

Any students who have lost their matriculation cards must report to 190 Willard before registration to receive a temporary card. A \$1 fee will be charged.

Special students and University employees will register Saturday morning, Feb. 2.

### Last Collegian Today

This is the last issue of The Daily Collegian of the semester. Publication will be resumed Feb. 6.

Tomorrow's issue was cancelled in order to give staffers a chance to begin studying for finals.

Women's dining halls will serve breakfast at the regular hours, lunch from 12:15 to 12:45 p.m. and dinner at 5:40 p.m. All meals will be served cafeteria style.

### Residence Halls to Close

Residence halls will be closed at 12 noon Jan. 23. The last meal served in the dining halls before the recess will be dinner on Tuesday evening Jan. 22. Resident halls will re-open for student occupancy Jan. 29. The first meal to be served for the spring semester will be breakfast on Jan. 30.

Special arrangements will be made for graduating seniors and new students. The graduating seniors should make requests through their respective counselor or hostess for the arrangements.

### Pattee Library Schedule

The Pattee Library has announced that it will keep the same hours during the examination period. The tentative schedule from Jan. 23 through 25 is from 9 a.m. to 5 p.m. On Jan. 26, the Library will open at 9 a.m. and close at noon. It will be closed Jan. 27.

From Jan. 28 through Feb. 1, it will open at 9 a.m. and close at 5 p.m. On Feb. 2, it will open at 9 a.m. and close at noon. The Library will be closed on Feb. 3.

Regular hours will be observed with the beginning of spring semester classes on Feb. 4.

### HUB Announces Hours

The Lions Den and Terrace Room, located in the Hetzel Union Building, will close at 6:45 p.m. on Jan. 22. The Lions Den will re-open at 7:15 a.m. and the Terrace Room at 11:30 a.m. on Jan. 29.

Other areas in the HUB will be open from 8 a.m. to 5 p.m. with the exception of Jan. 27, when it will be closed.

University offices and the Student Employment Services will remain open on regular schedule during the exam period and semester recess.

## Coed Escapes Injury In Automobile Crash

Sylvia Breneman, junior in education from State College, escaped injury Wednesday in an accident at the intersection of W. Foster Ave and S. Gill St.

Miss Breneman's car was hit by a car driven by Henry C. Musser of State College as he attempted to make a left turn. Musser was not hurt.

Damage totaled \$200.

## World at a Glance

### England Gets Prime Minister

LONDON, Jan. 10 (AP)—Bristling with confidence, Harold Macmillan took over as prime minister tonight and opened the way for early talks with President Eisenhower to heal the rift in British-American relations.

There were indications the White House was dusting off the "welcome" mat denied Sir Anthony Eden after the Suez invasion. Washington officials said Macmillan will be welcome whenever he decides to visit Eisenhower, a long-time friend.

Macmillan served notice he will not call national elections, as the Labor party has demanded. But it seems certain there will be a shakeup in the Conservative Cabinet.

### UN to Investigate Hungarian Revolt

UNITED NATIONS, N.Y., Jan. 10 (AP)—A special truth committee to investigate the tragedy of Hungary's abortive revolution was created today by the United Nations Assembly despite Soviet refusal to cooperate in any manner.

The Assembly voted 59-8 for a resolution introduced by the United States and 23 other UN members setting up a committee composed of Australia, Ceylon, Denmark, Tunisia and Uruguay.

### Streamlined Streetcars

PHILADELPHIA, Jan. 10 (AP)—The Pennsylvania Railroad plans to replace electric commuter cars—some dating back to World War I—with streamlined, stainless steel self-propelled cars.

### Violence Erupts In Montgomery

MONTGOMERY, Ala., Jan. 10 (AP)—The worst outbreak of violence since the fight over bus segregation began left troubled Montgomery without public transportation today.

City authorities halted bus service indefinitely after assailants bombed four Negro churches and the homes of two anti-segregation ministers today. No one was reported injured.

The City Commission order suspending bus operations "until further notice" forced thousands of bus riders, both white and Negro, to find other means of transportation.

Some walked. Others caught rides or used taxicabs.

## Gymnastics To Highlight May Day

May Day will take a unique turn this year, with music and gymnastics stressed as never before.

The Women's Student Government Association House of Representatives yesterday unanimously approved a report given by Eugene Wettstone, associate professor of physical education, suggesting a new approach toward May Day.

### 'Expression of Beauty'

In the report Wettstone said May Day has always been, to him, an organized expression of the beauty and femininity of University coeds, and that he hoped to see these qualities emphasized in the May Day program this spring.

As a means of emphasizing these qualities, he introduced tentative plans to select the best girl gymnasts from a new gymnastic course being taught this semester by himself.

These girls would be included in some gymnastic dance arrangement, and special care would be taken in selecting the music for this year's program.

### To Highlight Features

This new addition to the May Day ceremonies will highlight the regular May Day features: the queen, the Blue Band, the jesters, the maypole and the Interfraternity-Panhellenic Sing winners.

The house will meet Feb. 6 in the Grange playroom.

## Closed Sections Will Be Listed

Information on course sections which have been closed will be distributed during registration by the Sophomore Class Advisory Board.

John Sopko, class president, said the lists of the closed sections will be published each afternoon and evening until registration has been completed.

These lists will be distributed to all fraternities, dormitories, and the Hetzel Union Building.

The first will come out at 5 p.m. Jan. 29 and will serve as supplement to the timetable. It will contain the changes which have been made in sections and courses since the timetable was printed.

## ROTC Units Grant Thirty Commissions

Thirty seniors graduating this month are to receive commissions in one of the three Reserve Officers Training Corps divisions on campus.

The Army is awarding seven commissions, all of which will be in the reserves.

The Air Force is also granting only reserve commissions, with 16 January graduates receiving them.

The Navy is the only branch granting regular commissions, with five seniors receiving them and two more being granted reserve commissions.
