# Chem-Phys Final Tests Discussed

The Chemistry and Physics Student Council, has decided to investigate the possibility of spreading chemistry and physics final exams over the full exam schedule.

A committee to be headed by Donald Abraham will consult with the scheduling officer to prevent cramming the exams into the first few days as has been the practice.

### Elections Planned

The committee will also work with the professors of the college to minimize bluebook conflicts during the year.

The council chose to continue meeting on Wednesday nights. It was tentatively decided to have council officer elections on March 13 so the president could be installed by Cabinet on March 21.

Elections of new members will be held on April 3 and 4. Maryln King was appointed elections committee chairman.

### Course Evaluation Accepted

A report was given on the Open House which will be held on May 4 and 5. A letter was read from the student branch of the American Chemical Society which volunteered to take charge of the School of Chemistry's part of the program.

The society also suggested that in the future the organizations associated with the college plan and carry out the program for their respective curriculums.

A course evaluation report of Physical Chemistry 462 was read and accepted by the council.
