

Nittany Freshman May Be Suspended In Firecracker Case

Suspension from the University has been recommended for a second semester pre-veterinary student involved in a firecracker incident in the Nittany area.

The Association of Independent Men Judicial Board of Review Tuesday night made the recommendation after involved questioning of the student, a dorm mate and the dormitory counselor.

Air Service Survey Set By Borough

The State College Airport Authority will conduct a survey to get a consensus on an airport for the area.

The Authority met Tuesday night to discuss tentative plans for the survey.

Dr. Roger Saylor, sampling consultant for the Authority, presented a list of contacts in the borough he had prepared. He stated he would need about 40 volunteer interviewers to conduct the survey.

20 Volunteer
About 20 are already lined up, and several more were obtained from the group of citizens on hand for the meeting.

Dr. Marklin K. Gingrich, who attended a session of the Pennsylvania Aeronautics Commission, said that the PAC had asked State College to come up with a definite proposal for air service "not only for the borough but for the area."

Area Service Sought
In connection with such an area plan, State College has been asked by a representative of the DuBois Airport Authority to meet in order to discuss broad area service.

It is felt by the DuBois group that the area would be served better by two airports—one in State College and one in DuBois—than by one airport in Philipsburg.

LA Grades Available
Transcripts of fall semester grades for Liberal Arts students who were on campus during the fall are available in 132 Sparks.

The student, who had a 1.00 average for the first semester, was previously placed on office probation for bringing into the University skating rink and sleeping overnight because there was "too much noise in the dormitory." The AIM board said this offense was taken into consideration in reaching its decision.

Probation Recommended
In other cases, the board recommended judicial probation for two second semester freshmen for bringing beer into a dormitory and judicial probation for two other freshmen who violated the Interfraternity Council's drinking code.

A Nittany area counselor reported the student in the firecracker incident. At approximately 2 a.m., the counselor said he found a "live" firecracker pinned to his window sill after seeing the student strike a match while crouched near the window.

The counselor said he shouted, "Don't light that," to the student, suspecting he was lighting a firecracker. Earlier that night a firecracker was exploded near the dorm.

Wanted to See Student
The student said that he wanted another member of the dormitory, whose room is next to the counselor's, to wake him for an 8 o'clock class the next morning. He said he tried to arouse the dorm mate by knocking on his door, but without results. He then went outside, clad only in pajamas, to the second student's window and awakened him.

While standing at the window, the freshman said he noticed "something" fastened to the counselor's window sill. He said he struck the match to see what the object was and also to light a cigarette which he was carrying. The student added that when leaving the dormitory he observed someone running around

\$606 to Close Theft Case

\$300 Will Go To AChiRho

A \$606 Western Union money order will close the Alpha Chi Rho robbery case and allow three Theta Chi's to return to their University of Maryland chapter house.

The money order will pay the fines of the three and restitution agreed upon by both fraternities.

Alpha Chi Rho had been robbed of \$1300 worth of furniture and clothing Sunday morning by four pledges from Theta Chi of the University of Maryland.

Three men from that fraternity brought the articles back

Tuesday morning and have been detained here by State College police since then.

Police had intended to arrange for extradition of the four pledges so that they could be tried here in State College.

But because of the age of the four—they are only 17 and juveniles in the eyes of the law—it was agreed by Centre County District Attorney John H. Miller and lawyers of the University of Maryland to close the case by trying the three students who are here on charges of disorderly conduct, and allowing Theta Chi to make monetary restitutions to Alpha Chi Rho.

The three were tried yesterday by Justice of the Peace Guy G. Mills and fined \$100 each plus \$11.50 costs.

Restitution to be paid includes \$140 for a topcoat, raincoat and suit, and \$270.40 for

Thieves Held At Theta Chi

other damage done to various items of furniture.

The four looters carried out early Sunday morning \$1300 worth of furniture and clothing. Taken were 10 overcoats, two end tables, six lamps, a radio-phonograph combination and a hi-fi set.

The three "volunteers" who have been in detention here returned the loot Tuesday morning. They stacked it in a driveway at 320 East Hamilton Ave. and informed Alpha Chi Rho of its location by anonymous phone call.

They have been in detention at the Theta Chi house in State College. Their car was impounded by police.

'Service Revue' May Replace Axed Spring Week Festival

An All-Service Revue, presented in Recreation Hall by nationally known entertainers who are members of the armed forces, may replace the Spring Week outdoor festival blocked last week by the Senate Committee on Student Affairs.

Robert Krakoff, Spring Week chairman, will appear before the committee at 3 p.m. today to present the plan.

If the committee members refuse to approve the plan, Krakoff said, he will present two other alternatives for their consideration.

Ike Wants Israel 'Pressured' by UN

WASHINGTON, Feb. 20 (AP)—President Dwight D. Eisenhower declared tonight "the United Nations has no choice but to exert pressure upon Israel" to get her troops out of disputed Mideast areas.

Eisenhower thus threw out an apparent hint that the United States stands ready, if a showdown comes, to support some kind of United Nations sanctions against Israel for her failure thus far to heed UN demands to withdraw.

But the President coupled with the hint a statement that "we still hope" Israel will accept U.S. assurances and go along with the UN demands.

Eisenhower spoke out in a half hour radio-television report to the nation on his administration's efforts—so far unavailing—to settle the latest Middle East crisis without sanctions against Israel.

He opened his talk, broadcast worldwide by the Voice of America, with the solemn statement:

"The future of the United Nations and peace in the Middle East may be at stake."

Eisenhower's talk went step by step over the situation as he saw it. In a warning to Israel he said: "The United Nations must not fail."

"I believe that—in the interests of peace—the United Nations has no choice but to exert pressure upon Israel to comply with the withdrawal resolutions." And then he offered the Israelis a way out:

"Of course, we still hope that the government of Israel will see that its best immediate and longterm interests lie in compliance with the United Nations and in placing its trust in the resolutions of the United Nations and in the declaration of the United States with reference to the future."

Eisenhower spoke shortly after the UN announced a postponement, the third this week, of General Assembly debate on the question of sanctions against Israel. The announcement said that at United States request debate was being put off from tomorrow until Friday on an Asian-African bloc move to impose UN economic strictures against Israel in an effort to force withdrawal of Israeli forces from the Gaza Strip and the mouth of the Gulf of Aqaba.

Life Covers Hypnotic Show

The recent campus contest to determine the girl with the most hypnotic eyes has achieved national recognition.

A two-page photo feature of the contest appears in the current issue of Life magazine. Articles have also appeared in four newspapers.

The contest, which was sponsored by Alpha Phi Omega, national service fraternity, was held Feb. 9 in conjunction with a hypnotist show. The winner was Candace Huber, sophomore in arts

and letters from Wynnwood. The pictures appearing in Life show the eyes of all six finalists and a view of the judging booth during the contest. There is also a picture of Miss Huber holding the trophy which she won. A brief description of the contest is given, stating that it was held at the University.

Articles about the contest have appeared in the Altoona and Harrisburg newspapers and in a Miami, Fla., paper.

"We must get approval and get started on some type of plan," he said. He indicated that there will definitely be an event on May 2, the Thursday night of Spring Week, and that the Spring Week committee cannot waste time by presenting a number of plans individually to the Senate committee.

May Ask Cabinet OK
Krakoff said that if the Senate approves one of the three plans, he will ask its approval by All-University Cabinet when he reports on Spring Week planning progress tonight.

The two proposals described by Krakoff as alternatives to the All-Service Revue are a concert by a nationally-known jazz or other musical group and a variety show similar in content to the discarded festival program.

The proceeds from whatever event is approved for Thursday night will go to national charities and to the Penn State Student Scholarship Fund.

Will Not Seek Funds
Krakoff said the Spring Week committee will try to arrange the indoor event on a service basis, which would eliminate the need for advance funds for expenses and retainers. He said he will definitely not repeat the request he made to Cabinet last week for \$2000 for these purposes.

Krakoff said he knew of no change in the plans of Life magazine for a possible article on Spring Week in a forthcoming issue. When the music festival was proposed, representatives of the magazine indicated that it would feature the week in a spring issue, if the festival included celebrities and were an integrated part of Spring Week.

Overall Plans Held Up
Members of the Senate committee held up approval of the overall plans for the week because they believed the proposed outdoor festival was too much of an extravaganza and not a true educational endeavor, Krakoff told Cabinet last week.

He said the committee members did not oppose an alternate plan, but offered some suggestions to make it acceptable to them, including "toning down" the festival and moving it indoors to Recreation Hall.

Best Foot Forward

—Daily Collegian Photo by Harry Furringer
MARCIA FREDERICO, left, freshman in medical technology from Ridgway, a rushee, and Val Sigelen, sophomore in education from Mechanicsburg, a sorority member, put their best foot forward last night as they left Thompson Hall for coffee hours. This is the final phase of sorority rushing.
