

# Phones Will Be Installed In West Halls Next Week

With the wiring half completed, Bell Telephone Co. will begin installing new dial telephones in West Halls next week, according to Wilbur F. Diehl, manager of telephones.

The new dial system is scheduled to be completed and in operation for the fall semester.

University electricians started work on the project in the middle of January when they began running conduits in Thompson, McKee and Hamilton Halls.

# Chapel Speaker Will Discuss 'My Thoughts'

The Rev. Edmund A. Steimle, professor of homiletics at the Mount Airy Theological Seminary, Philadelphia, will speak at chapel services at 10:55 a.m. tomorrow in Schwab Auditorium.

His subject will be "My Thoughts Are Not Your Thoughts." For the service, the choir will sing the anthem, "O Lord God to Thee Be Praise," Sweelinck. George E. Ceiga, organist, will play Prelude in G Minor, Richter, as the prelude and Finale in F Major, Capocci, as the postlude.

Dr. Steimle, the author of "Are You Looking for God," was the preacher on the National Radio Pulpit in 1955. He has appeared during the past three years as the preacher on the United Lutheran Series of the Protestant Hour.

At 6:30 p.m. tomorrow, Dr. Steimle will address the Lutheran Student Association at the Student Center on "You, Christ and the University."

# AphiO to Meet Tonight

Members and prospective pledges of Alpha Phi Omega, national service fraternity, will meet at 7:30 p.m. Monday in 214-16 Hetzel Union.

Projects for the rest of the semester will be discussed.

University electricians started work on the project in the middle of January when they began running conduits in Thompson, McKee and Hamilton Halls.

When they finished this preliminary work, Bell Telephone employes began running telephone lines through the conduits and installing central boxes on each floor.

## Work in 3 Halls

This wiring is now half-finished in the three halls. Electricians will begin working on the rest of West Halls before the end of the semester.

There will be one telephone for each four rooms when the system is installed. These phones will be placed at intervals in the hallways.

Each room will be on a separate extension, and a bell placed in each room will signal the occupants when their number is being dialed.

## Special Directory

Diehl emphasized that the extension numbers will not be determined by the room numbers.

A special directory will be placed at each telephone, listing the room numbers and the corresponding extension numbers.

The new system for West Halls will mean that calls may be placed to telephones there by dialing from any telephone on campus. It will also mean that long-distance calls may be received or placed at any time during the day or night. This has not been possible in the past.

## St. Clair Will Give Talk

Allen C. St. Clair, director of purchases, will lecture for one week at Princeton University.

# Fraternity Pledging Will Begin for 600

Fraternity pledging for approximately 600 men will begin today and continue throughout the spring semester.

Hugh Moore, Interfraternity Council rushing chairman, said the pledging date was officially set as noon today by the council, but that men may be pledged at any time during the semester.

He advised men who are interested in rushing during the spring semester to register at the Fraternity Affairs Office, 203 Hetzel Union, or at the dean of men's office.

Moore reminded all fraternity rushing chairmen to check men's averages before pledging them. A 2.0 semester or All-University average is necessary for pledging.

## Must Be Registered

Moore also said that if men are pledged today, the rushing chairmen of the 55 fraternities have a two-week deadline until March 9 to register the pledges at the Fraternity Affairs Office.

Commenting on the open houses that were held at the fraternities last week, Moore said: "I have received favorable reports from both fraternities and rushees. I feel the third open house was very beneficial."

Last week, IFC sponsored a third open house in fraternities with the program being divided into three sections. The three sections were divided among the fraternities east of Locust Lane.
