'Madwoman' to Open World Celebration

Players this week with their presentation of "Madwoman of Chaillot" by Jean Giraudoux, will officially celebrate International Theatre month.

In a letter from Gov. George M. Leader, it was stated that "colleges and universities, as well as theatre organizations, are planning special programs during March to demonstrate the important place which the theatre holds in our lives." March was therefore proclaimed International Theatre Month in the Commonwealth by the Governor.

The purpose of this celebration is to promote international understanding through the drama. To some extent, this will be accomplished Thursday, when the foreign students on campus will be guests of Players at the opening performance of "Madwoman of Chaillot."

"universal respect for justice, for the rule of law and for the human rights and fundamental freedoms which are affirmed for the peoples of the world by the charter of the United Nations."

5 Foreign Plays

Included among the foreign plays usually presented in honor of ITM are "Shakuntala," India; "Life Is a Dream," Spain; "Nathan the Wise," Germany; the works of Chekhov, Russia; and the works of Moliere, Corneille, Racine and Giraudoux, France.

ITM Began in '50

International Theatre Month was inaugurated in 1950 to contribute to the work of the United States National Commission for UNESCO, which encourages cultural activities to serve world peace through mutual understanding.

American plays popular for ITM include Arthur Miller's "The Crucible," Sidney Kingsley's "The Patriots" and William Saroyan's "Th Time of Your Life" and "My Hearts in the Highlands."

Since that time, many hundreds of theatres, both here and abroad, have participated annually by presenting dramatic programs and plays.

Foreign Plays Included

Some ITM productions have been foreign plays, as is "Madwoman of Chaillot," and have led audiences to a fuller understanding of the lives and thoughts of other people.

Plays presented for ITM in the past have varied from the ancient classics of Sophocles to the modern comedies of Giraudoux. The lands of the plays' origins include almost all the countries of the United Nations.

In addition, original plays, dramatic programs, and pageants have been written to demonstrate

Coeds Slow In Entering Roto Contest

Only four days remain for coeds to register for the "Campus Cover Girl" contest being sponsored by the Pittsburgh Press.

Only one coed has registered for the contest since its opening last week. Friday is the deadline for entries. University coeds may enter by submitting a photograph of any size at the Hetzel Union desk.

'Roto' Conducting Contest

Roto Magazine, supplement to the Pittsburgh newspaper, is conducting the contest over a three-state area—Pennsylvania, West Virginia and Ohio.

The contest winner will have a color photograph of herself published on the cover of the May 12 edition of Roto. A biological sketch will accompany the photograph.

Photos to Be Judged

Judging for the contest will be based solely on the submitted photographs. Local judges will select the University cover girl and she will be entered in the tri-state contest. The Press has selected judges for the final naming of the "queen."

Officials of Roto Magazine stressed that the contest will not be based on "cheesecake" and the pictures should be a reasonable likeness. However, they said the entrant should select a flattering photograph.

MI Council Will Meet

The Mineral Industries Student Council will meet at 7 tonight in 214 Hetzel Union.

A faculty evaluation to be conducted by the council will be discussed.
