

5 Retirements, 3 Leaves, 3 Resignations Granted

Five retirements, three resignations and three leaves of absence have been announced.

Of the five retiring faculty members, four have had more than 35 years of service.

Dr. Stuart W. Frost, professor of economic entomology, Dr. Frederick G. Merkle, professor of soil technology, and Dr. William F. Hall, professor of agricultural education, will retire July 1 with emeritus rank.

J. Stanley Cobb, associate professor of agronomy, will also retire July 1, and Ira L. Yoder, county agricultural agent in Snyder county, will retire April 1.

Joined Staff in 1918

Dr. Frost, a graduate of Cornell University, where he also received his doctor of philosophy degree, joined the University faculty in 1918. Dr. Merkle joined the faculty in 1919. A graduate of the University of Massachusetts, he received his doctor of philosophy degree from Cornell.

Dr. Hall received his bachelor and master of science degrees from the University, joining the staff in 1920. He received his doctor of philosophy degree from Cornell.

Cobb, another graduate of Cornell, received his master of science degree from the University of Massachusetts.

Graduate of University

Yoder is a University graduate and has served on the extension staff since 1928, first in Dauphin county and Crawford county, and since 1929 in Snyder County.

The three resignations include those of Ruth A. Bowman, extension home economist in Armstrong County, effective March 31; Sachindranarayan Bhaduri, associate in engineering research, effective Feb. 28; and Rustam B. Chinoy, also an associate in engineering research, effective March 15.

Three leaves of absences have been approved.

To Work on Book

Theodore J. Gates, professor and head of the Department of English Composition, has been granted a leave from July 1 to Dec. 31 and will work on a textbook in English composition.

Dr. James J. Reid, professor of bacteriology, granted a leave from July 1 to Dec. 31, will visit other colleges and universities to study bacteriology laboratories.

Franklin H. Cook, professor of business law, while on leave from Sept. 1 to Jan. 31, will work on a text he is writing in the public utilities field.

Pollock Council to Meet

The Pollock Council will meet at 6:30 tonight in Room 4 of Nittany 20.

The council will discuss a spring dance and ways of improving the condition of the dormitory's trash and mud problem.

NSA Question--

(Continued from page two)

vice has not been able to work effectively at the University because it has not been recognized by student groups.

NSA, Miss Hill stated, has never been an actual working body—it has always been either on the way in or on the way out.

Richards cited the "active part" played by NSA in screening the Hungarian refugee students and placing them in schools.

Names of schools with community living plans were sent to AIM by the information service, Howes said. However, he went on, in other situations AIM contacted the National Independent Students Association for material rather than NSA.

IFCPA Action--

(Continued from page one)

ernities entered. The award was won by Phi Gamma Delta fraternity.

Alpha Zeta will conduct a blood drive from 10 a.m. to 4 p.m. on April 9 and 10 in the HUB. A trophy will be presented to the fraternity or men's group that has the highest percentage of members as donors. Last year, the drive was sponsored by Phi Delta Theta and the trophy was presented to Alpha Zeta.

The council will hold a special meeting Monday night to vote on the IFCPA constitution and on proposed changes to the IFC Rushing Code.

Gas Well Blows In \$100,000 Fire South of Indiana

INDIANA, Pa., March 5 (AP) — Fire today caused an estimated \$100,000 damage to a natural gas well being drilled about nine miles southwest of Indiana.

The Simpson Drilling Co. was drilling the well for the Manufacturers Light & Heat Co. of Pittsburgh and the Rochester & Pittsburgh Coal Co. of Indiana.

Simpson officials said the drilling rig, pipe and other equipment were destroyed. Whether drilling operations will continue will be determined later.

A spark on the drilling platform apparently set off the escaping gas, Simpson officials said. They said the well was down to a depth of 3,000 feet.

The striking of gas from "Shallow sands" was unexpected, they said, since plans called for drilling to at least a depth of 7,000 feet.

The blaze was extinguished by Simpson workers and fire men from Indiana, Saltsburg and Elderton.

Group to Hear Soc Prof

Dr. Jessie R. Bernard, professor of sociology, will address a dinner meeting of the Centre County chapter of the Reserve Officers Association at 5:30 p.m. today in the Hetzel Union Building.

MESSAGE to Botany majors: today's lesson is easy. No spore lore, plant cant or stalk talk. Just the fact that Luckies' fine tobacco is A-1 Puff Stuff! This information won't help you graduate, but it'll cue you to the best smoking you ever had. You see, fine tobacco means better taste. A Lucky is all fine tobacco... nothing but mild, good-tasting tobacco that's TOASTED to taste even better. Why settle for less? You'll say a Lucky is the best-tasting cigarette you ever smoked!

STUDENTS! MAKE \$25

Do you like to shirk work? Here's some easy money—start Stickling! We'll pay \$25 for every Stickler we print—and for hundreds more that never get used. Sticklers are simple riddles with two-word rhyming answers; Both words must have the same number of syllables. (Don't do drawings.) Send your Sticklers with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.
