

# KDR, 2 Indies Win League Titles 10 Advance to Handball Semi's

By BOB GULLO

Kappa Delta Rho, defending Intramural Fraternity basketball champions, won the League A title by defeating Theta Kappa Phi, 30-25, in a playoff contest, Tuesday night at Recreation Hall.

Both teams went into the game with seven and one records. KDR took an early lead to move out front at the half, 14-10. KDR's Billy Kane led the scoring with 13 points, followed by teammate, Ray Alberigi, with seven. Dick Dill paced the losers with seven points.

In other playoffs, Nittany 41 downed Nittany 38 for the Independent league E title; and The Tribe whipped the Cougars for the league G championship.

Nittany 41 took the lead immediately and at halftime led 15-4. The Nittany 38'ers came back strong in the second half, but fell four points short of the victors, 28-24. Nittany 41's Don Robinson was high man scoring 13, trailed by teammate Jerry McGinnis, 7, and Ross Farber who topped the losers with ten.

The Tribe, holding only a two-point lead at the half, ran wild in the second half to win the game and the title, 25-11. Barry Frank of the Tribe scored seven points to lead the scoring efforts and Henry Dornish and Bob Devlin combined for nine more Tribe tallies. Thomas and Rice each scored four for the Cougars.

As for the regularly scheduled contests, The Five Nitts wound up a winless season bowing to Nittany 30, 33-29, after holding a halftime lead of 18-17. Tom Davenport scored 12 for the winners to lead scoring, while Mike Kush and Will Squire contributed 14 more. Larry Wolf scored ten to top the losers.

Theta Chi enlarged on a 20-6 halftime lead and walloped Phi Kappa Psi, 38-16. Ed Rhoads was high man with 19 points. Theta Chi, 6-1, and Phi Kappa Psi, 5-2, finished second and third respectively behind Sigma Chi in the final Fraternity league F standings.

KAPPA DELTA RHO's Pat Rielly leaps up to grab a rebound in Tuesday night's playoff game with Theta Kappa Phi. Teammates Jack Arnst (second from left) and Ray Alberigi (back to camera) and Dick Dill, Theta Kappa Phi, look on. KDR beat Theta Kap to win the league title.

Alpha Chi Sigma downed Delta Chi, 23-17, as both teams finished the season with identical 6-2 marks and ended up in a three way tie with Phi Kappa Sigma for second place in league D.

Kappa Sigma almost won its first game of the season but was edged out by Beta Sigma Rho, 18-16 and finished the season with an 0-7 record. Kappa Sig's John Waugaman led scoring with nine points and Beta Sig's Bert Swerdling followed with eight. Beta Sig finished with a 2-5 mark and in sixth place in league E.

## Coed Bowling Mark Set

Carolyn Briggs broke her own bowling record of 170 when she rolled 186 to lead Kappa Kappa Gamma in a 640-450 win over Alpha Omicron Pi in the coed intramural bowling league.

Mary Mergot aided the winning cause with 150.

Zeta Tau Alpha defeated Sigma Kappa, 519-473, with Geri Kill rolling 124 for the winners. Peggy Stoehr had 117 for Sigma Kappa.

Phi Mu beat Kappa Delta, 529-469. Audrey Jersun bowled 125

for KD, while Betsy Savidge hit 122 for the winners.

Alpha Gamma Delta picked up their third win of the season by beating Delta Gamma, 544-516. Ann Serino had a 140 score for the winners.

Leonides and three sororities copped victories in the volleyball league on Monday and Tuesday nights.

Leonides evened its record by stomping Atherton, 34-24. Maxine Hampton scored eight points (Continued on page eight)

*"I'm a liberal arts senior... no specialized training but I've heard there are some fine opportunities at AETNA LIFE for me in their MANAGEMENT TRAINING PROGRAMS. You can bet I'm going to talk to their representative and find out more about what they have to offer!"*

How about you? Why not drop over to your Placement Office and ask for a copy of "Commencement 1957"? . . . And while you're there, make an appointment to meet the Aetna Life representative who'll be on campus:

**March 22, 1957**

Note to prospective Admirals and Generals...  
If you're facing a stint of military service, we'd like to meet you anyway. In many cases, placement is possible before active duty. If not, we still want to make your acquaintance so that we can remember each other when you're back in circulation.

**PROBLEM:** To evaluate the all-round career advantages offered by the widely diversified activities at Divisions of North American Aviation, Inc.

**FIRST STEP:** GET THE FACTS in man-to-man interviews, on campus March 18 and 19

As a graduate in Engineering, Physics, Applied Math. or allied subjects you need complete, factual information to help you make a sound decision in choosing your career.

AUTONETICS

Get the facts in a man-to-man interview with our representative. Let him tell you about our unique placement and training devised to help your potential develop rapidly in a company where continued expansion has doubled the number of employees in 5 years. Your possibilities are wide and varied, as you will see from these brief notes on the 4 Divisions:

AUTONETICS creates automatic controls and electro-mechanical systems of a highly interesting nature. Work includes research, design, development, manufacture and testing; you will become a part of the latest advances in

ROCKETDYNE

inertial navigation and guidance, fire and flight controls, analog and digital computers.

ROCKETDYNE is building power for outer space—large, liquid propellant rocket engines. The Field Test Laboratory in the Santa Susana Mountains is the most complete rocket engine workshop in the free world. Here a man meets more aspects

of his specialty in one week than in a year of "conventional" practice.

ATOMICS INTERNATIONAL is pioneering in the creative use of the atom. If you are able to meet the high requirements for this work, you can help introduce a new industrial era. Atomics International is designing and building varied types of nuclear reactors, for both power and research, with the practical experience gained by 10 years in the field.

**MISSILE DEVELOPMENT ENGINEERING**

Long range missiles, including the intercontinental SM-64 Navaho, present problems of the most fascinating nature. Speeds, materials and functions now being dealt with were only theoretical a few years ago. The work is vital; the opportunities for you, as a creative engineer, are correspondingly great.

ATOMICS INTERNATIONAL
