

# Students Will Present Jazz Variety Tomorrow

Everything from rock and roll to ballads and progressive jazz will be presented at a jazz concert at 2 p.m. tomorrow in Schwab Auditorium.

Ten student musical organizations will offer their talents in a show for the benefit of the Hungarian Student Assistance Fund.

# UCA Plans Discussions On Europe

"Destination—Europe" will be discussed in a series of meetings sponsored by the University Christian Association.

The meetings will be held at 8 p.m. on five consecutive Sundays, beginning tomorrow in the Memorial Lounge of the Helen Eakin Eisenhower Chapel.

### Open to Public

The discussions are being planned for members of the two European seminars which UCA is sponsoring this summer, but they will be open to the public.

The directors of the seminars, Dr. John Pixton, assistant professor of history; and the Rev. Robert Starbuck, associate director of UCA, will speak at the first meeting on Sunday. The topic will be "General Introduction to Itinerary and Program" and colored slides will be shown.

Other speakers and their topics are: Dr. Margaret Matson, assistant professor of sociology, "Social Patterns and Problems"; Dr. Paul Norton, associate professor of history of art and architecture, "Cultural Trends and Patterns."

### Atwater to Speak

Dr. Elton Atwater, associate professor of political science, "Dynamics of American Politics, and American Foreign Policy."

Dr. Edward Thaden, assistant professor of history, "Historical Roots of European Troublespots"; Dr. Pixton, "The Western Alliance."

Dr. Vaclav Mares, associate professor of economics, "The Quest for European Unity"; and Dr. Luther Harshbarger, University chaplain, "Christian Faith and the World Situation."

### Prof Gets \$4600 Grant

Dr. Sullivan S. Marsden, associate professor of petroleum and natural gas engineering, has been awarded a 1-year grant of \$4600 by the American Chemical Society to study surface properties of petroleum reservoir sands.

# Prof Contributes To Physics Book

Dr. Erwin Mueller, research professor of physics, is among the world's leading scientists who have contributed to the Handbook of Physics, a 56-volume work published in Germany.

He and a former University physicist, Dr. Roland Good, now at Iowa State University, wrote the article, "Field Emission," for the Handbook of Physics.

Leading authorities in every field of physics research were asked to contribute articles to the publication. The Handbook of Physics was first published in 1933 in 24 volumes. It has been revised and enlarged in an international edition.

The performance, "Stomp'n' at State," will be sponsored by radio station WDFM and Alpha Phi Omega, national service fraternity.

Tickets are on sale for 50 cents at the Hetzel Union desk and on the Mall. They may also be obtained at the door tomorrow.

A purpose of the show is to give students the opportunity to see the wide variety of talent available on campus, according to Robert Zimmerman, spokesman.

The following groups will participate in the concert:

• The Tony Williams Quartet, specializing in rock and roll.

• The Midnights, presenting popular tunes.

• The Don Krebs Quintet, progressive jazz, featuring Krebs on the vibraphones.

• The Austin Wells Trio, blues and progressive jazz with Wells on piano.

• Rod Perry, veteran of Thespian productions, singing ballads.

• The Don Early Quintet, progressive jazz group.

• The Continentals, a quartet specializing in rhythm and blues and calypso music. The quartet will do an original arrangement of the hit tune "Jim Dandy."

• The Chi Phi Barbershop Quartet, singing old favorites.

• The Don Smaltz Quintet, Dixieland.

• The Phi Mu Alpha Simphonians, with "big band" music.

Each group will do a 20-minute stand—one following immediately after the other. A musical number from Guys and Dolls, a show to be given this semester by Thespians, will be included in the program.

The masters of ceremony will be Richard Christian and Zimmerman.

# Cuban Police Roundup Suspects in Rebellion

HAVANA (AP)—Cuban police today continued a widespread roundup of suspects in Wednesday's attack on the presidential palace by student rebels.

There was no government announcement on the number detained, but unofficial estimates were that about 200 had been taken in for questioning.

Lerps are small insects in Australia. They cause short circuits in telephone wires.

# 19 Will Seek Office In WRA Elections

# Chapel Choir Gets Orientation Program

By PAT O'NEILL

An orientation program, ranging from the political history of Germany to the correct way to conduct yourself in an English home, is now being taught to Chapel Choir members going on the European tour this summer.

The program covers lectures on present political situations and cultural aspects in the countries to be visited. It also outlines a program of individual study for members of the group who are going.

### After-Dinner Lectures

The program is divided into four parts. It consists of after-dinner lectures in a private dining room of the Hetzel Union Building. The lectures are open only to members of the tour.

The first of the series was held last Sunday by the Rev. Luther Harshbarger, University chaplain, who spoke on the political history of Germany. Reiner Woehlbier, special student in mining engineering from Clausthal, Germany, told the group about the differences between universities in Germany and the United States.

### McGeary to Speak

At this Sunday's meeting, Dr. Nelson McGeary, professor of political science, will speak on "The British System of Government."

Dr. Paul Norton, associate professor of the history of art and architecture, will show slides from a trip he took throughout the British Isles. Dr. Norton will also explain the university system in the British Isles.

### English Home Life

Mrs. Raymond Brown, assistant in the Pattee Library, will speak on English home life, emphasizing the art of being a guest in an English home, as the choir members will be during part of their tour. Mrs. Brown is a native of England.

To wind up the program for this Sunday, J. P. Driscoll, instructor in audio-visual aids, will tell members of the tour what kinds of cameras, film and other photographic equipment should be used on the tour.

The next program, which will be held March 31, will deal with Italy, France and Switzerland.

The final program will be about the technical problems of traveling and how to prepare for the trip.

# Alumni Grants Awarded to 15

Fifteen high school seniors from Pennsylvania and five other states have been selected for Alumni Memorial Scholarships for the next academic year.

The group is the fourth to receive scholarships since the program, made possible by contributions to the annual Alumni Fund, was started in 1954.

Sixty students have been awarded scholarships since that time and winners in the first group will begin their senior year in the fall.

The scholarships provide approximately \$280 per year. They may be renewed from year to year if the student selected maintains the required standards.

All of the 1957 winners were in the upper tenth and the majority were in the top twentieth of their high school classes. All took College Board examinations.

The first sky writing is attributed to a group at Amherst College in 1909.
