

IM Mat Opens With 16 Bouts

By LES POWELL

Jim Hart, last year's 128-pound Fraternity champ from Acacia, led a 16-match card in opening the IM wrestling tournament last night in Recreation Hall.

Hart, making his bid in the 135-pound class, emerged with a convincing 7-1 decision over Glenn Shirk, Alpha Zeta.

The Acacia wrestler displayed complete mastery over his opponent, piling up a pair of takedowns, a reverse and a time advantage. Shirk had to be content with an escape.

Dave Miller, Beaver House, put a damper on the title hopes of defending team champion Delta Upsilon. Miller hung a heartbreaking defeat on last year's 121-pound runner-up, Bill Duff of DU. The match ended in a 2-2 deadlock, with Sid Nodland awarding a referee's decision to Miller.

Footballer Joe MacEcevic of Theta Xi hooked up in a free-wheeling heavyweight match with Alpha Chi Sigma's Bob Bishop. MacEcevic scored two reverses and a time advantage, in copping an impressive 5-2 win.

Another exciting heavyweight encounter saw Dick Tkatch, Theta Kappa Phi, overpower Jim Herlocher, Delta Chi, 4-1.

Tkatch, heavyweight runnerup in boxing, twice had Herlocher in danger of a pin.

Roland Wilkinson, Kappa Sigma, came up with a reverse in the final five seconds of the third stanza to top John Collier, Phi Gamma Delta. Wilkinson's timely comeback gave him an 8-6 decision.

John Salathe, 165-pound Beta Theta Pi, clamped on a half-nelson to pin Dave Swavely, Acacia, at 1:50.

A half-nelson also turned the trick for 155-pound Tom Burns, Phi Delta Theta, who pinned Bill Hastings, Delta Chi, at 1:52.

Other pins were chalked up by Ed Rhoads, Theta Chi, over Doug Smith, Alpha Tau Omega; Tom Webb, Chi Phi, over Lew Shemery, Pi Kappa Phi; Martin Leib, Alpha Zeta, over Merle Smith, Sigma Phi Epsilon; Lou Camp, Alpha Tau Omega, over Roy Vollmer, Pi Kappa Alpha; Bill Smith, Beaver House, over over Bob Franklin, Tau Kappa Epsilon; Bernie Heubel, Delta Sigma Phi, over John Yaple, Phi Sigma Kappa; and John Frey, Beta Theta Pi, over Denny Malick, Chi Phi.

On the decision ledger, Dick Barth, Theta Xi, downed Glenn Fiscus, Alpha Chi Sigma; and Sam Griffiths, Sigma Nu, defeated Ed Anderson, Kappa Delta Rho.

Former Pennsylvania schoolboy stars won seven of eight individual titles in the 1957 Eastern intercollegiate wrestling championships.

Vinkovich, Krall Win In IM Handball Semis

Don Vinkovich and John Krall recorded wins in the semifinals of the 1957 independent handball tournament Thursday night. They meet tonight for the title.

Vinkovich had to go three sets to eliminate Bob Thomas. Thomas took the first tilt, 21-18, but Vinkovich came back to cop the match with 21-20 and 21-17 victories.

Intramural Entries Due

Entries for the intramural handball doubles and badminton singles tournaments are due by 4:30 p.m. Tuesday in the IM office in Recreation Hall.

Right now you're in the process of making one of the most important decisions of your life.

Your decision is important to us, too, because we are interested in engineers and scientists who want to get ahead. We're coming to the campus to give you the facts you need to judge whether Boeing can help you reach the goal you have in mind.

The fact that Boeing is an "engineers' company" is important to your success. At Boeing, you'd work with, and for, engineers—men who talk your language, understand and appreciate your work.

Boeing encourages graduate study, reimbursing full tuition and fees, plus an additional amount for incidentals. Every six months, each Boeing engineer is given a merit review—a personal opportunity for recognition and ad-

vancement. The company's steady, rapid growth assures plenty of opportunities to move ahead. At Boeing, engineers hold positions right to the top.

Another advantage: Boeing assignments are interesting. You'll work on such famous projects as the 707, America's first jet transport; the intercontinental B-52, the nation's principal long-range jet bomber; the supersonic BOMARC guided missile, and top-secret programs that probe beyond the frontiers of the known. At Boeing, you'll be in a young, expanding industry, one with its major growth still ahead.

So whether you plan a career in civil, mechanical, electrical, aeronautical or industrial engineering, physics or mathematics (or related fields), drop in for a person-to-person discussion about your future at Boeing.
