

Thinclads Face Navy-Villanova, Quantico During Easter Holiday

There won't be any Easter holiday for the Lion track team.

Penn State's thinclads travel to "confederate land" during the vacation to open their 1957 season. Saturday Coach Chick Werner's cindermen visit Annapolis to face Navy and Villanova in a triangular engagement and three days later they meet the Quantico Marines in Quantico, Va.

Senior captain Rod Perry, a three-year vet, and monogram winner Dick Winston will supply the one-two punch in the hurdles. They will join letterman Ogier Norris to furnish the power in the high jump.

Ed Moran, Ron Lewis, and Chuck King will handle the 880 while Moran and King will join Clem Schoenbeck for the mile.

John Tullar, Jim Wambold, and Frank Urban will handle the discus.

The 440, mile, two mile, mile relay, and javelin are question marks to Werner, although he feels they could surprise. Letterman Jim Norton and Dave Nash will handle the 440 with the two mile being taken by Fred Kerr and Schoenbeck.

The relay team will come from the likes of Norton, Nash, Lewis, Moran, Chet Cotton, and Buster Thomas. Letterman Dick Coats and Jim Durdan will be entered in the javelin throw.

Originally, Werner had included the pole vault among his strong events but a shoulder injury to Harry Fuehrer in practice Saturday dimmed that event somewhat. With Fuehrer out of action, Norris will bear the full load here.

Don Woodrow, the cross-country captain, will also be left home because of a hairline fracture of the foot.

Bob Parker, a talented high jump performer, may also be missing because of a job interview.

Thomas and Jim Moore will enter the 100-yard dash with Thomas joining Cotton in the 220. Winston, Moore, and Cotton will be in the broad jump, while the shotput will be handled by Tullar and Urban.

Only new face in the Penn State baseball picture is sophomore second baseman Bob Hoover, of Philadelphia. He's a rangy six-footer.

Frosh Thinclads at Navy

Norm Gordon's freshman cindermen will open a three-meet outdoor season against the Navy Plebes April 19 at Annapolis, Md.

Three freshman records may fall against the Plebes. Dick Engelbrink, who in the IC4-A indoor meet ran a 4:17.5 mile on the Lion's crack relay team, yesterday unofficially tied Ed Moran's freshman record of 1:55.5 in the 880. Moran also holds the frosh mile mark at 4:18. Engelbrink will enter the 880 and mile.

Dick Hambright, who last year set a state high school record of 48.7 in the 440, two-tenths of a second faster than Art Pollard's freshman mark, will be another Nittany entry in the 880.

Tentative entries: 100—Jim O'Conner, Al Freeman, Cornelius Sharpe; 220—Hambright, Freeman,

O'Conner; 440—Larry Garrett, Hambright; 880—Engelbrink, Jim Thompson; Mile—Engelbrink, Thompson; Two-Mile—Sam White, Jack Williams; Low Hurdles—Pete Kopsak, John Nehls; High Hurdles—Dick Campbell, Kopsak, Nehls; Broad Jump—Dick Gross, Hambright; High Jump—Mel Ramey, Campbell, Sharpe; Pole Vault—Bob Waldo, Campbell; Relay—O'Conner, Sharpe, Hambright, Garrett, Engelbrink; Shotput—Bud Kohlhaas, Andy Nyce, Don Landenberger; Kopsak; Discus—Paul Sweetland, Nyce, Landenberger; Javelin—Landenberger.

Orioles Down Sens, 7-6 To Open Baseball Year

WASHINGTON, April 15 (AP)—The Baltimore Orioles kept hammering away at Washington pitchers today and finally, after 11 innings, won a 7-6 opening day victory over the Senators.

At the finish it was a 29-year-old Baltimore rookie, Carl Powis, who knocked in the winning run with a sacrifice fly to center field.

"You're darned right I'm sold on that Burroughs engineering deal!"

Q. And just what sold you on it?

A. Lots of things, really. But when I saw I'd start right out on the work I've trained for, that was the clincher.

Q. Sure you won't get lost in the shuffle?

A. Not there! I've talked with a lot of outfits, and it's easy to see Burroughs is a company that's pulling for you all the time. They're convinced that young engineers are the key to their expansion. And their policy's to promote from within. That's for me.

Q. Future look pretty good there?

A. Great! They've expanded their engineering staff seven times since 1945. And with all the new products they have on the way, they're ready for their biggest growth yet.

Q. What's the bulk of their work—commercial or defense?

A. I'd say commercial, for sure. They're a leader in business machines and data processing equipment. And that means plenty of work in mechanics, electro-mechanics and electronics. But they're in the thick of defense work, too... that involves research and development in ballistic missiles, electronics, computation, data processing, optics, magnetics, communications, and many others.

Q. I suppose they have a lot of places to work?

A. Detroit's the home office, you know, and their new multi-unit research center's in Pennsylvania. Plants in New York, New Jersey, Pennsylvania, Michigan and California. Oh, yes... and in Canada, Great Britain, France and Brazil.

Q. Did you go into company benefits with them?

A. They actually pioneered a lot of the benefits. You get hospitalization insurance for yourself and your dependents, secure retirement and educational aid programs, sick benefits, paid vacations, of course—the whole shebang. Why not ask for the booklet they put out. It gives you an interesting picture of the whole Burroughs setup.

SEND FOR THAT FREE BOOKLET TODAY! Get full information on the unusual opportunities Burroughs offers engineering students. See how fast and how far you, too, can go in Burroughs biggest expansion yet. Write:
