

# 3 Women Debaters Win Championship

Three members of the women's debate team won four grand national championships at the Grand National Debate and Forensic Tournament held during the Easter recess.

The team members won four of the 11 championships awarded in the forensic competition. Winners were Mary

Ann Gemmill, sophomore in education from New Cumberland; Marion Camins, sophomore in arts and letters from Scranton; and Ellen Donovan, sophomore in arts and letters from Emporium.

## Gemmill Wins 2 Awards

Miss Gemmill was awarded two championships. One was in the original oration contest. She presented an original, memorized speech, "The Blind Believer." Her second award was for impromptu speaking. Miss Gemmill also placed in the finals for encomium, or delivering a speech praising a living individual. Her speech praised President Eisenhower.

Miss Camins was named grand national champion in informative speaking, "The Place of Art in Civilization." She also placed in the finals in address reading and encomium, praising Winston Churchill, former Prime Minister of England.

Miss Donovan won the championship for declamation, or the delivering of a speech previously prepared and given by someone else. She placed in the finals of after-dinner speaking.

## Grotzky Places

Sandra Grotzky, the fourth team member to enter the tournament, placed in the finals for book reviewing and dramatic reading. Miss Grotzky reviewed the book, "Soldier of Fortune," and read from "The Glass Menagerie." She is a sophomore in education from Glen Lyon.

# Soc Prof Aids In Writing Book

Dr. Jessie R. Bernard, professor of sociology, is one of the chief contributors to a book, "Tensions and Conflicts," published by the United Nations Educational, Scientific and Cultural Organization.

Discussions at the Second World Congress of Sociology held in Liege, Belgium, in 1953 were the idea for the book. The framework of these discussions was a working paper on current research in the sociology of conflict presented by Dr. Bernard.

The international Sociological Association was invited by UNESCO to prepare a comprehensive critical survey of current research, both sociological and psychological, on inter-group conflict. The new book is a result of this effort.

position, consulted with France and allies of the Baghdad Pact. Iraqi troops were reported moving up to the frontier. Saudi Arabian forces in the southern part of Jordan are under orders to aid Hussein where necessary.

The King may demand the withdrawal of Syrian troops encamped in the northern part of his country, and may call on his Hashemite cousin, King Faisal of Iraq, for military help to force the Syrians out. Jordanian broadcasts said Faisal sent an urgent personal message to Hussein but did not disclose the contents.

## Merck Index Award

The Merck Index Award in recognition of outstanding scholarship has been presented to Peter Mashok, junior in chemical engineering from Dunmore, and Beverly Rimm, junior in chemistry from Coaldale.

# UCA Schedules Joint Meeting

The Forestry Camp will be the scene of a UCA-sponsored conference on "Campus Christianity" tonight through Sunday noon.

Students from the University, Bucknell University, Mansfield State Teachers' College and Juniata College will attend the conference.

The weekend has been designed for "looking into Christian faith in its relation to campus lives—for thinking and talking and learning, for wholesome fellowship and much fun."

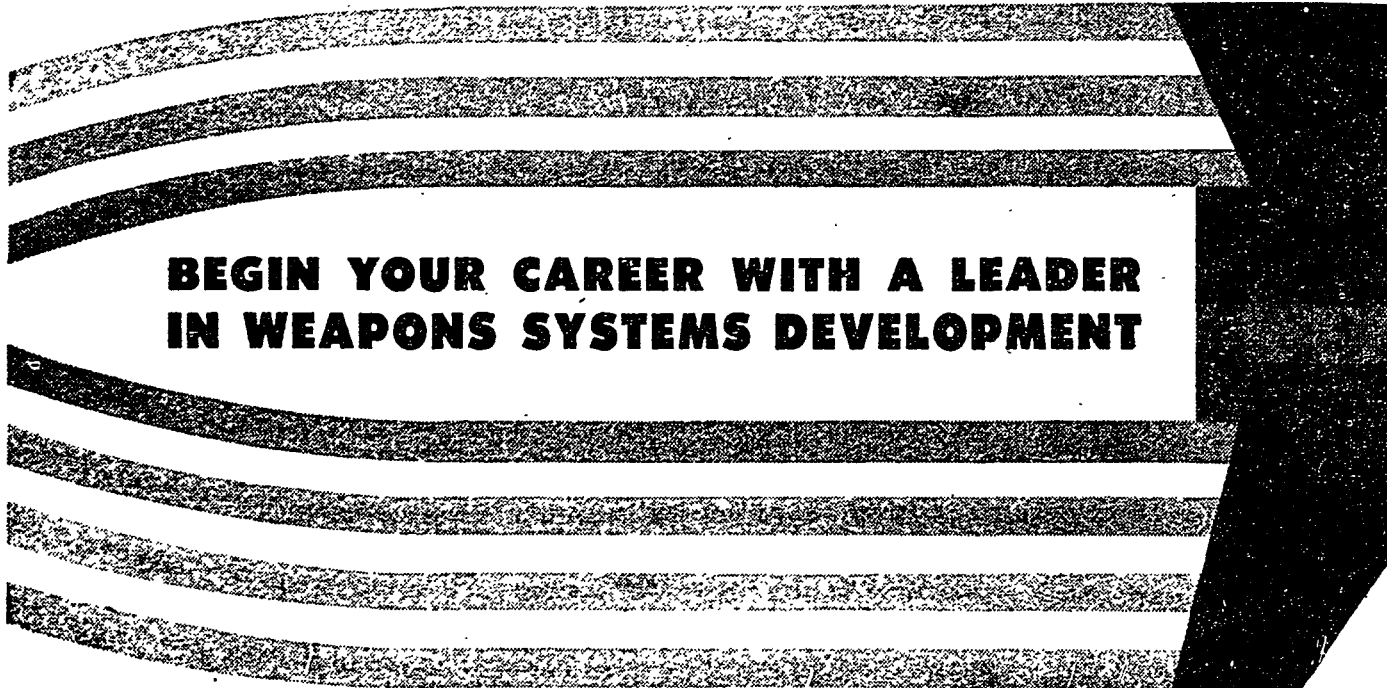

The Rev. Hal Leiper of the University Christian Association will speak. The Rev. Brown Higginbotham will act as chaplain.

posed of Miss Grotzky and Miss Gemmill, placed in debate competition. About 25 colleges and universities competed in the tournament. The women were accompanied by Mrs. Harriett Nesbitt, assistant professor of speech.

## Newman Club Swim Party

The Newman Club will hold a swimming party at 8 tonight in the Glennland Pool.

**BEGIN YOUR CAREER WITH A LEADER IN WEAPONS SYSTEMS DEVELOPMENT**

Bell Aircraft Corporation now offers you the opportunity to join the Nation's foremost team of missile specialists. The combined efforts of our engineering team members directed towards the development of better weapons systems for defense have been crowned by such achievements as the Rascal Missile, key weapon in Air Force strategy, airborne electronic and servomechanisms systems, and rocket motors for a variety of missiles programs including the "Nike". The missile and aircraft weapons systems of the future are now being developed in our laboratories. In addition opportunities for a permanent and promising career are also available for engineering and scientific graduates in many other fields including our NEW NUCLEAR ENGINEERING DEPARTMENT.

★ Be sure to arrange through your placement office to meet with our representative on April 29, 30 for complete information on the varied, creative assignments offered with the Bell Aircraft Engineering Division.
