U.S. Offers Aid To Anti-Red Jordan

AMMAN, Jordan, April 29 (AP)—The United States today offered 10 million dollars in economic aid to King Hussein's new anti-Communist government. Jordan indicated immediate acceptance. Talks began at once on ways to put the money to quick use in this troubled, poverty-stricken Middle East kingdom. The Soviet Union called the United States the "main culprit" in the Jordanian crisis. A Foreign Office statement broadcast by Moscow Radio said the situation is dangerous and could lead to "grave consequences." The aid is proffered outside the framework of the Eisenhower Middle East Doctrine which provides military as well as economic support to any Middle East nation requesting help to resist Communist aggression. The U.S. Embassy announcement said the offer was made in recognition of "the brave steps taken by His Majesty King Hussein and the government and people of Jordan to maintain the integrity and independence of their nation."

Moscow Radio Blasts Sixth Fleet Movement

MOSCOW, April 29 (AP)—The Soviet Union charged tonight that the United States increased the danger of war in the Middle East by sending the powerful 6th Fleet to the eastern Mediterranean. A Foreign Ministry statement, pictured the United States as leading a sinister Western plot to deprive the Arab countries of their freedom, and cast the Soviet Union itself in the role of the Arabs' friend. The statement was broadcast by Moscow radio and heard in London. U.S. Supreme Court Justice William O. Douglas was once chairman of the Securities and Exchange Commission.

Plan to Cut Budget Gathers Momentum

WASHINGTON, April 29 (AP)—A bipartisan drive to cut President Dwight D. Eisenhower's \$71,800,000,000 budget gathered momentum in Congress today despite fresh administration resistance. The Senate's Republican and Democratic leaders flattened any administration hopes that Congress members may have returned from their Easter vacation with cooling ardor for economy. Some of Eisenhower's advisers were reported as believing the pressure among the lawmakers for budget cuts might have been lessened by talking with voters at home who want expanded health, social security, housing and natural resource development aid. Eisenhower's plea yesterday for Senate restoration of 47 million dollars cut by the House from State Department funds got a cool reception from the two party leaders.

House Postpones Vote On Gambling Activities

HARRISBURG, April 29 (AP)—The House, heading a warning of unconstitutionality, returned to committee a plan to sound out voter sentiment on legalizing bingo, lotteries, horse race betting and Sunday activities. Almost simultaneously, the Senate put off until tomorrow a final vote on a separate plan to hold a statewide referendum on whether betting at horse race tracks should be made legal in Pennsylvania.

Union Boss Upholds Beck's Suspension

WASHINGTON, April 29 (AP)—George F. Meany, AFL-CIO president, today told David L. Beck, beleaguered Teamsters Union president, that his suspension as an AFL-CIO officer stands despite Beck's claim his ouster was an illegal "nullity." Beck immediately went into a huddle with his lawyers and fellow Teamsters Union chiefs to decide their next moves in defending Beck and the union itself from AFL-CIO charges stemming from Senate Rackets Committee hearings. It appeared that a showdown might be in the making on Beck's status as Teamsters boss. The union's most pressing immediate problem was whether to make an appearance on May 6 before the AFL-CIO Ethical Practices Committee on charges the union was substantially dominated by corrupt influences.
