# Mad-Hatters Carry 'Disney' into Parade

The varied interpretations of Disneyland, as found in Tuesday's carnival, were carried over last night into the Mad Hatters parade on Beaver Field.

Approximately 5000 people were on hand to witness the parade of space helmets, colorful western scenes and "Alice in Wonderland" themes atop cardboard, wood and wire hats.

This year for the first time competing groups entered 30 to 80 individual hats in addition to the traditional hat carried by five or six persons.

Judges wandered up and down the track surveying the array of entries. After each category had passed, the finalists were announced and asked to return for final judging.

### Finalists Listed

Unit hat finalists in the Fantasyland division were Kappa Delta Rho, Delta Tau Delta, Delta Sigma Phi, Delta Chi, Chi Phi, Theta Chi, Kappa Sigma, Lambda Chi Alpha, Phi Sigma Delta and Sigma Alpha Epsilon.

Frontierland finalists were Phi Delta Theta, Alpha Gamma Rho, Pi Kappa Phi and Theta Kappa Phi. Tomorrowland finalists were Alpha Sigma Phi, Phi Kappa Psi, Sigma Phi Epsilon and Theta Xi.

Winners in the three categories will be announced tonight at the All-Service Revue at 8 p.m. in Recreation Hall.

### 'Train Hat' Included

Unit hats ran from railroad train engines followed by a long line of cars to the wedding of Mickey and Minnie Mouse. Of particular interest was a live rooster perched on top of one contestant's head. The question many spectators asked was whether the boy or the rooster was crowing.

One group in the Fantasyland

division presented a parody of campus personalities in tune with a Pied Piper theme. Disney's portrayal of Alice in Wonderland was carried over to represent "Malice in Blunderland," "Alice in Campusland," and several other interpretations.
