

# Arctic Inspection Favored by Dulles

WASHINGTON, May 14 (AP)—Secretary of State John Foster Dulles said today he favors a limited arms inspection agreement with Russia covering sparsely populated arctic area such as Siberia, Alaska and Northern Canada.

Dulles said it would be easier to win Russian acceptance of such an arctic disarmament plan than one covering a heavily populated European zone where there are political complications.

# Army Suspends 6-Month Terms Temporarily

WASHINGTON, May 14 (AP)—The Army today suspended until July 1 the enlistment of young men of pre-draft age for six months of military training.

Asst. Secretary of the Army Hugh Milton said the halt in recruiting of men with no prior military service was only temporary and that it was done to "unclog the pipeline" overloaded by a rush of men to join up in the last few months.

Milton, the Army's top manpower official, said the suspension would not apply to the National Guard, which is also enlisting recruits for six months of active military training.

Most enlistees in the program are between the ages of 17 and 18½. Recently, however, the Army began accepting enlistments from men 26 and over who had no previous military experience.

# Embalming Fluid to Join Fight Against Cancer

NIAGARA FALLS, Ont., May 14 (AP)—Formaldehyde, the evil-smelling embalming fluid, may join the fight against cancer, a chemist reported tonight.

Dr. J. Frederic Walker of E. I. du Pont de Nemours and Co. Inc., said that the same ability of formaldehyde to destroy the toxicity of cobra venom "may also prove valuable in deactivating tobacco tars and other materials known to produce cancer."

# Miller's Denial Gets Challenged in Court

WASHINGTON, May 14 (AP)—Attorneys clashed in court today over whether playwright Arthur Miller, husband of actress Marilyn Monroe, had denied ever having been a Communist.

The dispute provided a highlight in the first day of Miller's trial in Federal District Court on contempt of Congress charges.

Assistant U.S. Attorney William Hitz said the House Committee on Un-American Activities had information that Miller had been a member of the party from 1943 until at least 1947.

And, Hitz said, so far as he knows Miller has never denied past party membership "in so many words."

Miller's attorney, Joseph L. Rauh Jr., protested that Miller knows it, and that Miller's attorneys, one of Miller's attorneys.

The two-count contempt indictment on which Miller is on trial grew out of his refusal to identify Communist writers with whom he said he attended five or six meetings in 1947 in New York.

Miller readily answered all questions concerning himself when he appeared before a subcommittee of the House committee last June 26, but balked at naming others.

He said "my conscience will not permit me to use the name of another person." He also said such questions were not pertinent to the subject of inquiry.

The subcommittee was looking into what Chairman Francis E. Walter (D.-Pa.) called "fraudulent procurement and misuse" of American passports.

# Tito to Get More Arms From U.S.

WASHINGTON, May 14 (AP)—The United States, with the approval of President Eisenhower, is resuming shipment to Yugoslavia of jet combat planes, tanks and other heavy military equipment.

This was announced today by the State Department, ending almost a year's suspension of major military aid to the independent Communist country.

The announcement said the decision to start arms moving again was based on a finding by the President that "Yugoslavia is and firmly intends to remain independent" and that "it is in the interest of the United States" to keep it free of Soviet domination.

The restored aid program will provide Yugoslavia with additional jet fighter planes in the immediate future. Some F86s and F84s released by this country's European allies have already been reconditioned and are on European fields awaiting delivery.

The military aid program started about five years ago for Yugoslavia.

The military aid program started about five years ago for Yugoslavia.

# Beck Ouster Considered

WASHINGTON, May 14 (AP)—A special committee of the Teamsters Union was reported today to be considering a recommendation that Dave Beck be ousted as union president.

The recommendation, it was reported, is that Beck's fellow Teamsters officials make a solid demand that he relinquish his powerful position.

# Jordan Refuses Invitation To Anti-Red Conference

JAMMAN, Jordan, May 14 (AP)—King Hussein has refused an invitation to an anti-Communist Arab "summit" conference in Baghdad.

A palace announcement of the young king's decision was made shortly after foreign Minister Skamir Rifai had told a news conference the invitation had been received from Hussein's cousin, King Faisal of Iraq, and King Saud of Saudi Arabia.

No reason was given for Hussein's decision. The wording of the palace statement hinted, however, that still unsettled conditions in Jordan prevented the King from leaving the country at present.

At his news conference, Rifai said present emergency measures in Jordan would be curtailed "when the government is convinced by the behavior of the citizens that the situation has become normal."

When Hussein stirred up a Middle East crisis on April 10, risking his throne and dismemberment of his country by dismissing the leftist and pro-Egyptian government of Suleiman Nabulsi, he was reported to have received promises of support from Saud.

The Saud trip to Baghdad was hailed by Iraqis as a big victory for Iraqi Premier Nuri Said, who aligned his nation with the West by joining the anti-Communist Baghdad Pact.

This pact has been fiercely attacked by Egyptian President Nasser who declares himself in favor of "positive neutrality" but who leans on the Soviet bloc for his arms supply.

# Teamster Boss Indicted

NEW YORK, May 14 (AP)—James R. Hoffa, Midwest boss of the Teamsters Union, was indicted today on charges of tapping telephones of the union's Detroit headquarters.

# State Uncovers Segregation In 3 School Areas

HARRISBURG, May 14 (AP)—A survey ordered by Gov. George M. Leader disclosed today that racial segregation is being practiced in three school districts in Pennsylvania.

Dr. Charles H. Boehm, superintendent of public instruction, listed the districts as Coatesville and Kennett consolidated schools, both in Chester County, and the Steelton-Highspire joint schools in Dauphin County.

He also said that Scranton school officials replied in a questionnaire that school dances there were not fully integrated.

In all cases, school authorities said integration efforts were under way to comply with the U.S. Supreme Court decision banning school segregation.

Racial segregation in Pennsylvania's schools is barred under both the penal code and the school code—both on the state's law books for many years.

Leader, in a statement, said he had directed Boehm "to take such steps as the law may provide to stamp out segregation in the few remaining areas where it has been found to exist."

An eight-ton bronze equestrian statue of Somon Bolivar, Liberator of five South American countries, will be presented by Venezuela soon to the United States.

## Graduating Seniors ...

Commencement is the Beginning, not the End, of your ties with Penn State

### Join Your Alumni Association Now

To Welcome You to Your New Status of Penn State Alumnus, We Are Offering ...

#### SPECIAL SENIOR MEMBERSHIP RATES

First Year . . . . . \$2.00

Life Membership: Paid in Full . . . . . \$70.00

Or: \$10.00 now; balance in 4 annual \$15.00 payments

(Special rates apply on or before Commencement Day. After that date, the annual rate is \$3; Life, \$75)

How the Alumni Assoc. Serves You and Penn State:

- Publication of the Penn State Alumni News magazine and the Football Letter, sent only to paid members.
- Publication of the Penn Stater, a quarterly newspaper, sent to all alumni.
- Maintenance of the only active address and occupational file of the more than 52,000 former Penn State students.
- Maintenance of headquarters in Old Main for alumni visitors and a clearing house for all alumni requests.
- The Alumni Office performs an important part in the operation of the annual Alumni Fund.
- The Alumni Association sponsors about 70 alumni district clubs around the nation. These help young alumni become acquainted in new communities.
- The Alumni Association sponsors and plans the Class Reunion and Homecoming weekends.
