

# Lion Stickmen Wallop Lehigh, 15-3; Hess Within 3 of Scoring Record

Everybody put their hands in the scoring pie yesterday afternoon when the Lion lacrosse men stopped a disastrous three-game losing streak by whipping Lehigh, 15-3.

The Lion record now stands at 5-6 for the season with another away game with Cornell, Saturday, and a home game with Penn next Friday, remaining.

Star attackman Bill Hess was again the Lion high-scorer for the 11th straight game. The southpaw attackman hit for four more goals yesterday to give him 10 in the two-game trip against Rutgers and the Engineers.

He is now within three scores of his own Penn State scoring record, which he set last year as a sophomore while earning himself honorable mention on the Lacrosse All-America.

Although midfielder-attackman Johnny Steinmuller was the runner-up in the scoring column with 3 goals, Captain Lou Girard led the team in the combined goals and assists column. Girard had two goals and six assists.

"It was simply a matter of good hustle and taking advantage of the breaks," head manager Harry Yaverbaum said about the game. "They had trouble trying to fake the Lehigh goalie out of position in the beginning, but they overcame that and really swarmed over the goal the rest of the game."

Steinmuller broke the ice when he gave the Lions a 1-0 lead at 5:05 of the opening period. Girard hit for his first score at 8:24, followed by midfielder Kent Chestnut at 10:31 and crease man Tom Seeman at 13:16.

Goalie Jim Houck and the defense held the Engineers scoreless in the first quarter but yielded a single score in the second quarter. Hess made his first goal in the second stanza to maintain the four-goal spread at halftime, 5-1.

The Lions continued the 5-1 scoring ratio in the third and fourth periods as Chestnut scored his second goal at 1:25 of the third, followed by Don Snyder at 8:05, Steinmuller at 10:15, Hess at 12:15 and Seeman at 13:25.

Girard opened the scoring in the final period on an assist from football captain Joe Sabol at 8:02. Hess added two more fast ones at 8:23 and 8:35. Chuck Carlson scored at 10:48 and Steinmuller closed out the scoring at 12:55.

## Driver Killed In '500' Tests

INDIANAPOLIS, May 15 (AP)—Keith Andrews, 36, winner of the 1954 Pike's Peak hill climb, was killed today in a test run in the car that was to be driven in the 500-mile race by 1950 world champion Giuseppe Farina.

Andrews had been averaging about 136 m.p.h. around the 2½-mile brick-and-asphalt track when the car slid 300 feet on the front straightaway. Farina, who comes from Turin, Italy, also had been having trouble handling the new lightweight car.

It was the 13th accident since the track was opened for practice May 1. Time trials start Saturday.

## Top Lion Athletes Hold Intramural Track Titles

By GEORGE FRENCH

The Intramural track meet, held annually during the last week of the spring semester, has had several top Lion athletes participating in its ranks during the history of the competition.

This year's meet will begin at 6:45 p.m. Tuesday on Beaver Field with trials in the 100-yard dash, 440-yard dash and the 880-yard relay.

Trials and finals in the high jump, broad jump and shot put will be held Wednesday evening. Finals in the running events will be held Thursday evening.

Several athletes hold track records. Frank Urban, a tackle on the Lions' football team and a shot putter on Chick Werner's track squad, holds the lone independent record with a 42" 11¼" heave in the shot put. He set the record in his freshman year.

Buster Thomas, who is currently running the dashes for the Lion trackmen, set the IM high jump record of 5' 10¾" last year while competing for Alpha Phi Alpha.

Probably the best known of the IM record holders is Larry Joe, a speedy back on Bob Higgins' eleven in 1946. Joe, who competed in the North-South grid tilt during his senior year, set the 100-yard dash mark of :09.9 for Sigma Nu in 1947.

Don Ashenfelter, the last of the three famous brothers to run for Penn State, holds the 440-yard dash record of :51.4 for Delta Upsilon.

Kappa Alpha Psi holds the other IM track records—the broad jump and the 880-yard relay. Three years ago, Clarence Watts, Jim Brewer, Wendell Toland and

## KDR, Phi Delt Win in Soccer

Aided by football stars Milt Plum and Billy Kane, Phi Delta Theta and Kappa Delta Rho copped their leagues in intramural soccer Tuesday night.

The Phi Delt's downed Theta Xi for the League O crown, 2-0 on Plum's two field goals.

KDR defeated Phi Kappa Sigma, 2-0, as Kane also had two tallies.

Sigma Alpha Epsilon also was a league winner, defeating Phi Epsilon Pi, 3-0, for the League M crown.

Sigma Pi finished their season with a 1-0 triumph over Theta Chi.

In other games Irvin Hall downed McKee V on corner kicks; McKee II defeated Co-Op, 1-0; and the Five Freshmen shut-out Pollock 4, 2-0.

Phi Kappa Psi won the League A crown, not Alpha Chi Sigma, as erroneously reported in Tuesday's Collegian.

Eugene Wethers set the present standard of 1:36.1 in the relay. Toland also set the present mark of 21' 0" in the broad jump in the same meet.

# Lions Face Lehigh In Links Test Today

Penn State's golfers take a 7-1 season record into a "Nassau" match against the Lehigh linksmen today at Bethlehem's Saucon Valley Country Club.

Coach Joe Boyle will send just six men against the Engineers. The contest is run on a match play and best-ball basis, with two golfers from each club comprising each of three foursomes. A possible six points can be earned in match play, with an additional three markers awarded to the winning duos in the best-ball column.

Pat Rielly, Johnny Boyanowski, team captain John Branish, Bill Davidson, John Felus and Bob Bainbridge are the Lion entries. Sophomore Davidson, star of the Lions' second-place finish in the Easterns, will probably draw the leadoff assignment along with Boyanowski.

Davidson sports a 9-2 mark, including two triumphs in three tournament matches. Boyanowski, Bainbridge and Felus each have won seven of eight starts, while Branish and Rielly are 5-3 on the regular season. Rielly played one match in the Easterns, dropping a 1-up decision to tournament medalist Earle Smith of Navy's championship team.

The Penn State linksmen have met Lehigh five times, and have yet to bow to the Engineers. Last season the Lions swept the field to record a 9-0 triumph. 1951 saw the first meeting and the closest match between the two clubs, with Penn State winning by a 5½-3½ count.

Lehigh wound up second in the Middle Atlantic Conference this year. In addition, the Engineers boast the circuit's individual champion.

Three matches remain on the Penn State schedule after the Lehigh encounter. The Lions return home to host Colgate on Saturday.

Johnny Boyanowski May Team with Davidson

day, then play Bucknell at Lewisburg, May 24, and Pitt at home, May 25. The Panthers were seventh place finishers in the Easterns.

## HAVE YOU TRIED THIS EASY TEST?

Here's an interesting way to test a summer shirt for coolness. Have your friends truss you up like a barbecued pig and put you on a spit. Then have them light a roaring fire underneath you. Then get somebody to keep turning you, slowly and deliberately, over the crackling flames. Do you feel the heat? Do annoying beads of perspiration break out on your forehead and neck? Are you uncomfortable? Does your collar wilt, wrinkle and curl? In fact, do you generally dislike the test?

If any one of these things happen, you're not wearing a Van Heusen Century Sheer, the summer shirt that's about

the coolest you can buy and which features the famous one-piece soft collar that can't wilt or wrinkle, no matter how hot or humid it gets.

The Van Heusen Century sheer Shirt is the summer version of the great Van Heusen Century Shirt. It's made of pique, that featherweight, cool-weave fabric, launders beautifully and (we repeat) it's impossible to wrinkle its collar. Takes no starch either, so it's always soft and comfortable. See it at your campus haberdasher. He's got the Van Heusen Century Sheer in several collar styles. \$4.00.

Phillips-Jones Corp., 417 Fifth Ave., New York 16, N.Y.

A dressy, but cool summer shirt... the **VAN HEUSEN Sheer**. Select yours at **Hur's Mens Shop** Your Summer Clothing Headquarters
