

Adenauer Firms Western Bonds

BONN, Germany, Sept. 16 (P)—Chancellor Konrad Adenauer, a bigger kingpin in Europe than ever as a result of his thumping victory in West German elections, made plain today he is in no mood to cater to Russia.

"West Germany's foreign policy will be a safe foundation

Hoffa Allowed To Campaign For Top Post

WASHINGTON, Sept. 16 (P)—The Senate Rackets Committee will resume its investigation of James R. Hoffa next week, but apparently Hoffa will be left free to campaign for the presidency of the giant Teamsters Union.

Chairman McClellan (D-Ark.), announcing today that new hearings are tentatively set to begin Sept. 24, said Hoffa will be invited but not required to be present.

In Detroit, Hoffa said he would have to talk with his attorney before deciding whether to put in an appearance. "I don't know what it's all about yet," he told newsmen.

Last week Hoffa, the Midwest boss of the Teamsters, asked the committee to refrain from calling on him for testimony during the period from Sept. 18 to Oct. 10. His attorney said he would be busy with teamsters convention affairs during that time.

The 1½-million-member union opens its convention in Miami Sept. 30. Hoffa is the front runner for the 50,000-a-year job being vacated by Dave Beck. Beck has also been investigated by the senators and is alleged by them to have misused approximately \$300,000 in union funds.

Panhel Will Meet Tonight

Panhellenic Council will discuss final plans for fall rushing at 6:30 tonight in 215 Hetzel Union.

for the policies of NATO under the leadership of the United States," he told newsmen after learning he had received the greatest popular vote ever achieved by a German leader in a free election.

To Add Weight

"Germany will be able to give all its political and moral weight to this policy."

The West European press welcomed Sunday's election results as a vote of German confidence in the North Atlantic alliance.

Ike 'Gratified'

President Eisenhower announced his great gratification, and the U.S. State Department said it was looking forward to working with the new Adenauer government in a "spirit of friendship, trust and common purpose."

East Germany's Communist commentators bitterly assailed "Hitler storm trooper" tactics, to which it attributed the Adenauer victory.

Tass Assails Victory

Tass, the Soviet news agency, said he had won only by deceptions and the financial and political support of the United States and German monopolists.

There were rumors that gloomy Erich Ollenhauer might step down from leadership of the Social Democratic party, the chief opposition.

His party attributed its defeat to the United States, Roman Catholic priests, and heavy campaign contributions from big business and unwanted Soviet support.

Adenauer, who lacks only four months of being 82 years old, did not stay up to hear the final election returns last night. Smiling and joking, he rode slowly to his office today between jubilant crowds that pressed against his car, and told newsmen awaiting him that the election strengthened "the forces seeking world peace."

Dulles, Lloyd Map Strategy For Assembly

UNITED NATIONS, N.Y., Sept. 16 (P)—Secretary of State Dulles and British Foreign Secretary Selwyn Lloyd mapped strategy today on major issues confronting the new UN General Assembly. Their topics included disarmament and Soviet penetration of the Middle East.

Dulles and Lloyd had lunch a few hours after the British leader arrived for the opening of the 12th General Assembly session tomorrow afternoon.

A British spokesman said their private talks covered the important issues confronting the 81-nation assembly.

Before meeting with Lloyd, Dulles held a secret briefing with members of the U.S. delegation at its Park Ave. headquarters. U.S. Ambassador Henry Cabot Lodge held individual conferences also with each member of the delegation.

Details of the Lloyd-Dulles talks were not disclosed, but it is known Britain is supporting the United States in opposing the seating of Red China in the 1957 assembly.

A U.S. spokesman said the United States has strong support for keeping the UN door closed to Red China. The United States will ask postponement of the question as it has in past assembly sessions.

Coast Guard Ends Prof's Erie Plight

ERIE, Pa., Sept. 16 (P)—The Coast Guard plucked two men, one a professor at the University's Behrend Center at Erie, from the deck of a battered 18-foot sailboat in choppy Lake Erie early today hours after the pair passed up a chance to board another boat.

The crew of a 40-foot Coast Guard rescue vessel removed Dr. John Pixton, the professor, and Richard Hurxthall from the "Venture" and headed back to Erie car, and told newsmen awaiting with the disabled sailboat in tow. The "Venture" is jointly owned by Pixton.

Gop Charges Democrats With Little Rock Politics

NEWPORT, R. I., Sept. 16 (P)—President Dwight D. Eisenhower's headquarters, obviously angered by criticism, today accused a group of top Democrats of trying to play politics in the controversial Little Rock school integration case.

Presidential press secretary James C. Hagerty told a news conference at Eisenhower's vacation office, "The President is concerned with solutions, not with political speeches."

"I think it would be funny if it were not so pathetic," Hagerty said, "to see the Democratic Advisory Council trying to play politics with the situation in Little Rock."

Ike Saw Statement

Hagerty indicated that the President was aware of what the press secretary intended to tell newsmen by saying the President has seen the statement.

What touched off the sharp White House comment was the statement by 15 members of the 24-member Democratic Advisory Council that the President "has lost an opportunity to exert leadership in behalf of law and order."

Demo's 'Disappointed'

The Democratic group expressed disappointment at the statements issued Saturday after the meeting at Newport of the President and Gov. Orval E. Faubus (D-Ark.).

The President's 13th vacation day began with a conference of more than an hour with national security aide Robert Cutler. There was no information on what the two talked about, but Hagerty had said they would discuss the Syrian situation among other things.

Played Golf

Eisenhower left immediately after the conference for the Newport Country Club where he played 18 holes of golf under a hot sun.

The heat was eased considerably by a fresh ocean breeze.

'Phone Use Is 'Normal'

PHILADELPHIA, Sept. 16 (P)—The Bell Telephone Co. of Pennsylvania today said use of its wires was on a close-to-normal basis in the first day of a nationwide strike by telephone equipment installers against the Western Electric Co.

Operators at various points throughout the state honored picket lines by members of the Communications Workers of America. The company made no estimate of the number of telephone operators who continued on the job.

Automatic dial systems at nearly all points provided uninterrupted local service. Bell Telephone said it had taken no efforts to curtail customer telephone calls. In the past it has relied on supervisory personnel to handle long distance calls when operators were absent because of strikes.
