Parking, Traffic Problems Considered at Workshop

By PAT EVANS (Last of a Series)

The hundreds of cars jammed into the Grange parking lot on Friday and Saturday nights have been compared by some students to a swarm of bumble bees determinedly trying to find a way out of their hive.

This and others of the University's pressing parking and

traffic problems were considered at Student Encampment by the Regulations, Controls and Student Welfare Workshop.

The following recommendations were made by the workshop:

That parking and stopping be prohibited on Shortlidge Road from Pollock Road to College Avenue; that an exit from parking area 23 (behind Grange) to Pollock Road be constructed; that an additional entrance to parking area 23 be constructed from Shortlidge Road, and that traffic enter parking area 23 only from Shortlidge and exit only to Pollock.

That parking be prohibited on the north side of College Avenue in front of the new women's dorms.

That a campus patrolman be stationed at Pollock and Shortlidge Roads and at Shortlidge and the road behind the new women's dormitories from 10:30 p.m. to 1 a.m. on Fridays and Saturdays.

The workshop objected to "inadequate social and recreational opportunities and programs for University students," citing lack of information, long-range planning and facilities.

A recommendation proposed by the workshop participants was that the administrative committee on student affairs create a sub-committee on recreation, to include student representatives in its membership.

Workshop members felt a "definite need for and a sincere desire to have a form of insurance which would extend the existing infirmary facilities to give additional accident and sickness coverage."

It was recommended that "a combined but ever-cautious administration-student effort be made to determine the plan most suitable to our needs."

Other recommendations were that:

An attempt be made to persuade the local banks to cash checks of larger amounts. If this is unsuccessful, the possibility of establishing a check cashing service on campus be investigated.

The freshman orientation program should include a full understanding of the seriousness of the students' responsibility to the University and the consequences which may result from violations of any rule or law.

David Faust, senior in art education from Barnesville, was workshop chairman. Secretary was Alice Beebe, junior in home economics from Scranton.

Others in the workshop were James Wambold, Anne Friedberg, Samuel Alfansi, Carl Smith, Richard Friedman, John Yeosock, Robert Yeager, John Morgan, Louis Wenderly, Frank Simes, Miss Pearl Weston, Mrs. R. Mae Shultz, and Charles LeeDecker.

Ed Council To Enlarge Membership

A constitutional amendment to increase the number of representatives on the Education Student Council from 25 to 36 in the fall elections, and to about 60 in the spring elections, was approved by the council Tuesday night.

The amendment, presented by David Faust, senior from Barnesville, must be approved a second time to go into effect.

Faust said the amendment is designed to represent all departments in the college fairly. A proportionate number of students from each class in every department would be elected under the plan.

One freshman would be elected from each of the 11 departments in the college. A proportionate number of students from each class in each department would be elected in the spring.

Two other amendments approved on first reading would bar a council member removed for non-attendance from re-election and would require a candidate for council to submit a wallet size photograph to be used at the polls.

The council has been allotted 10 minutes every 2 weeks in the Education 1 television class. Patricia Pyott, junior from Berwyn, and Florence Moran, junior from Pittsburgh were appointed chairmen of the project.

The council will hold a mixer with the Chemistry-Physics Student Council Oct. 27.

Alfonsi Quits Post As JBR Chairman

Samuel Alfonsi, senior in arts and letters from Philadelphia, has announced his resignation as chairman of the Association of Independent Men Judicial Board of Review.

Alfonsi listed financial difficulties as his reason for resigning. He was appointed in May to succeed William Johnson, who was graduated in June.

AIM President John Morgan said he has not been notified of the resignation. He did not comment on a successor.

Lantern to Change Name, Format; Staff Meeting Set

The Lantern, campus literary magazine, will begin publication this semester as a new magazine under a new name. It will be "designed to fill the literary and cultural

needs of Penn State."

Robert Nurock, business manager of the new publication, said the magazine will be larger in scope than The Lantern. It will include articles about art, music and theater as well as poetry, fiction and non-fiction stories.

Last year the magazine contained short stories, poems and illustrations, all done by students. The magazine was published once each semester. In the spring, a full page painting was included in each issue.

The art, editorial and circulation staff of the old Lantern will meet at 6:45 p.m. Monday in 214-216 HUB. The name of the magazine will be announced at the meeting. New students and others interested in working on any of the staffs of the magazine may also attend.

The business staff of the new magazine is studying a new plan for financing it, which has not been disclosed. Last year the magazine was subsidized by the Liberal Arts Student Council and other groups.

Before the Lantern, Inkling was the University's literary magazine. It was supported in 1950 by All-University Cabinet but it failed in 1954. Other literary attempts included Portfolio, which folded under wartime pressures, and Critique, which failed possibly because it "leaned too heavily on expensive photography."

Radio to Salute University, Penn

The Buddy Morrow Radio Show will salute Penn State and the University of Pennsylvania on the CBS network at 11:30 tomorrow, the eve of the Penn State - Penn game.

In saluting the University, the Morrow band will play the "Nittany Lion."

In addition, it will play a dance number popular with Penn State students. This will be "Fascination," "Tammy" or "Night Train." These three choices were obtained through a survey of local dance bands.

The coast-to-coast show will also present historical information on both schools.

The nearest CBS station is Altoona, WFBG.

In 1954 the University of Rhode Island offered free tuition in its evening classes to men and women 70 years old or older.
