

## 'State vs. Vanderbilt' To Be Lawn Theme For Homecoming

"Penn State vs. Vanderbilt" has been chosen by the Interfraternity Council as the theme for fraternity lawn displays on alumni homecoming weekend, Oct. 18 and 19.

The Vanderbilt football game, on Oct. 19, is part of the homecoming weekend activities.

## Tickets For Jazz Series Available

Tickets will be available to students beginning at 1 p.m. Monday at the Hetzel Union desk for the Dave Brubeck Jazz Quartet concert.

The Brubeck concert is scheduled for Sunday night, Oct. 20, in Recreation Hall. The concert is the third of the student-sponsored Artists' Series.

Students may obtain tickets without charge by presenting their activity and identification card at the desk.

Graduate students who have paid full fees or who hold grants or assistantships for which full fees are paid also may obtain tickets with students. A list of eligible graduate students is at the HUB desk.

The student tickets will be available from 1 p.m. to 5 p.m. Monday and from 9 a.m. to noon and from 1 p.m. to 5 p.m. Tuesday and Wednesday.

Tickets will be sold to non-students beginning at 9 a.m. Thursday. The sale will continue from 9 a.m. to noon and from 1 p.m. to 5 p.m. Thursday and from 9 a.m. to noon Friday. These tickets will cost \$1 each.

Tickets remaining after the sale will again be available to students from 1 p.m. to 5 p.m. Friday.

The tickets for the two previous concerts were made available to students this week immediately preceding the concert. The tickets for the Brubeck concert are being made available two weeks before the concert because the HUB desk has other tickets to handle the next week.

The purpose of the display theme is "to colorfully illustrate to the alumni and townspeople that the fraternities give their full support to the Nittany Lions."

The displays will be judged by a committee of faculty members, with awards going to the six considered most outstanding. Judging will be on the basis of originality, craftsmanship and adherence to the theme.

The first place winner will receive the Alumni Association Trophy and five points toward the outstanding fraternity award. The second place fraternity will receive three points, and the third place winner, one point. Three other displays will receive honorable mention awards of .25 points each.

The winning displays will be announced at the Vanderbilt football game. Displays must be registered by noon Oct. 17 at the Hetzel Union desk.

The displays must be completed by 7 p.m. Friday, Oct. 18, and must be intact until 6 p.m. Saturday. They will be judged from 7 to 9 Friday night.

The Interfraternity Council has placed an expense limit of \$35 for each display, and ruled that no animate parts may be used.

The IFC has cautioned that any display failing to adhere to the contest rules will be disqualified, and displays will be removed if they are ruled in any way derogatory, demoralizing, or in poor taste to our University or fraternity ideals.

The judges for the contest are Richard C. Maloney, assistant dean of the College of the Liberal Arts; Otto E. Mueller, director of housing, and Mrs. R. Mae Schultz, assistant to the dean of women.

### Navy Scientist to Speak

"The Earth Satellite" will be the topic of speech by Alex Simkovich, Naval research scientist, before the American Society for Metals at 7:30 p.m. Monday in the Mineral Sciences Auditorium.

# Lions Host Army In 'It' Grid Tilt

By VINCE CAROCCI,  
Sports Editor

The eyes and ears of the East's football fans and sportswriters turn to Beaver Field this afternoon when Penn State and Army tangle in the Eastern game of the week.

Kickoff time is set for 1:30 p.m.

Coach Rip Engle, who will be seeking the first win of his Penn State coaching career over the Cadets, said that he planned to start the same 11 men that he opened with last

—Daily Collegian photo by Bob Thompson

**'FACE OF VICTORY'**—Students cheer for a Nittany Lion victory over Army today in last night's pre-game pep rally. About 3000 students attended.

## 3000 Watch Lion Capture 'Army Mule'

About 3000 students cheered the Nittany Lion as he fought off "cadets" trying to recapture the "Army mule" at last night's pre-game pep rally in front of Old Main.

Richard Christian, junior in business administration from Lansdowns, broadcast a "play by play" description as the

Lion walked boldly down the Old Main steps to retrieve the two "Army" mules at the edge of the crowd.

Suddenly a motley crew of "Army cadets," looking more like bedraggled ROTC students, broke through the crowd to "rescue" their mascot.

The stalwart Lion gave the "cadets" a "sample of what their team is going to get tomorrow."

Vincent Carocci, sports editor of The Daily Collegian, urged the students to show their spirit in cheering for the team. He noted the cadets' reputation for team support at West Point games.

The Blue Band and cheerleaders led the students in songs and cheers, closing with the Alma Mater.

The rally was sponsored by Androcles, junior men's hat society. Chairman John Bott said it took more than two hours to get the mules from the barns to the Old Main steps. They were loaned by Bill McMullen.

### Dinks Required at Game

Freshman men and women are required to wear their blue and white dinks to this afternoon's football game, according to Heather Lohrentz and Alvin Clemens, Freshman Customs Board co-chairmen.

Tradition dictates that frosh wear dinks to the first home football game.

weekend against Penn. That means that Jack Farls and Les Walters will be at end; Bill Wehmer and Joe Bohart at tackle; Captain Joe Sabol and Dick McMillen at guard; and Charlie Ruslavage at center.

The backfield will have Al Jacks at quarterback; Dave Kasperian and Andy Mocoyni at halfback; and Babe Caprara at fullback.

Engle's alternate unit underwent some changes, however. With fullbacks Maurice Schleicher and Ben Williams on the injured list, Pete Shopa will handle the number two fullbacking duties. Norm Neff, a sophomore, replaces Ron Markiewicz at right end and Earl Kohlhaas moves to left guard in place of Sam Stellatella. Kohlhaas was switched from center to guard this week in order to bolster the alternate unit defense.

Another switch sees Charlie Janerette move into the right tackle spot in place of Tom Mulreany. The rest of the team has Paul North at the other end post; Andy Stynchula at tackle; Willard (Bull) Smith at guard; and Steve Garban at center.

Rich Lucas will quarterback the alternate club with Bruce Gilmore and Bucky Paolone at halfback. Schleicher and Williams will be available for limited duty at fullback.

Coach Earl Blaik said that he would use the same lineup that opened against Nebraska last weekend. That has: Don Usry and Bill Graf at end; Bill Melnik and Fred Wilmoth at tackle; Bill Rowe and Stan Slater at guard; Captain Jim Kernan at center; Dave Bourland at quarterback; Bob Anderson and Milt Dawkins at halfback; and Vince Barta at fullback.

Engle, in looking at the game, said that he expected to see Army use a more wide open attack than in past years because of its size—meaning good blocking on pass plays. Noted chiefly for a ground game, the Cadets took to the air

## Lion, Campus Parties Set Organizational Meetings

Campus and Lion parties will hold organizational meetings at 8 p.m. tomorrow.

Campus will meet in 10 Sparks and Lion in 121 Sparks.

Tomorrow will be the last chance for students to register in Campus party if they did not register at the Sept. 23 meeting, since the party will hold elections next week for class clique officers.

Students must be present for at least one meeting before they can be admitted to clique elections.

Since Lion party will not hold its elections until Oct. 20, students may have the chance to register at next week's meeting.

Both parties will also hold steering committee meetings at 2 p.m. tomorrow. Lion party's committee will meet in 103 Willard. Campus party's committee will meet on the second floor of the Hetzel Union Building.

The Campus party committee is a newly-formed one; however, its members have not been announced yet by Herbert Levin, clique chairman.

They will be announced at the general clique meeting tomorrow night.

A date for preliminary and

final nominations of candidates for the fall elections has not been set yet, since an All-University elections committee has not been appointed.

Peter Fishburn, elections committee chairman, said the dates will be set soon.

Many students, Fishburn said, are unacquainted with the provisions of the elections code which govern clique elections. A summary of these provisions follows:

A student, in order to vote in a clique election—either for clique officers or for party candidates—must have attended and registered at at least one meeting prior to the meeting at which the election is held.

When the student arrives at the election meeting, he will be given a party card. Only by presenting this card will the student be permitted to enter the building.

## Russia Claims Launching Of First Man-Made Moon

LONDON, Saturday, Oct. 5 (AP)—The Russians announced they hung an artificial moon 560 miles out into space yesterday and it is streaking around the earth at enormous speed today.

They said it can be seen in its orbit with glasses and followed by radio through instruments it carries.

In thus announcing the launching of the first earth satellite ever put in globe-girding orbit under man's controls, the Soviet Union claimed a victory over the United States.

The two big powers had been in a hot but mainly secret race to be first to probe the high space realms with spheres laden with instruments.

The Moscow announcement said:

"The successful launching of the first man-made satellite makes a tremendous contribution to the treasure house of world science and culture . . .

In a special bulletin early this morning, the Soviet Tass agency said the Russian moon "is now revolving around the earth at the rate of one circuit every hour and 35 minutes."

The launching occurred just three months and four days after the opening of the International Geophysical Year.

Moscow reported the satellite can be seen with the simplest kind of telescope glasses. Its velocity was given as something like five miles per second at a height of about 560 miles above the earth.

The broadcast said the Russians plan to launch several more earth satellites in the next year. It declared the developments will open a way for travel to the planets.

Moscow said the satellite is fitted with steel radio transmitters continuously sending signals earthward on the 15 and 7.5 meter wave lengths and easily received by a broad range of amateur sets. Its announced weight of about 185 pounds is more than eight times the weight of a projected U.S. earth satellite.
