

Right Halfback Position Sudden Football Woe

Football coaches expect trouble during the year, but not in double doses. And right now, Penn State Coach Rip Engle can match his troubles with those of any coach in the country—at present, he has no right halfback to face Vanderbilt Saturday afternoon at Beaver Field.

His two top candidates, Andy Moconyi and Bucky Paolone, are both on the sidelined list—Moconyi has been in the infirmary for the past two days with the respiratory disease that is plaguing the campus while Paolone injured his ankle against William & Mary and will be limited in practice work.

According to team physician Dr. Alfred H. Griess, Moconyi is suffering from the upper respiratory disease so prominent in the news for the past few days and is listed as a doubtful candidate to see action against the Commodores. Griess said that only future developments will determine whether or not Moconyi plays.

Paolone's ankle injury is not so serious that it will prevent him from playing Saturday. However, it will definitely handicap him in practice and will probably make him miss most contact work during the week. Whether he can start or not is still a question.

Right now, Engle will have to work with sophomore Eddie Cave at halfback until he definitely learns of the physical condition of both Moconyi and Paolone. The mentor said that Cave has given indications of being an outstanding back in the future but is sorely in need of experience at present—and experience is vital in varsity play.

In other football developments, Engle said that his squad would work on both offense and defense during the week, probably stressing defense slightly more in view of Vanderbilt's diversified offense.

He did not express exceptional major concern over the fact that the Lions seem to fade greatly in the third quarter. In each of their last two ball games, the Lions have left the field at halftime with a lead only to be outplayed in the third quarter—Army scored 21 points to win the contest while W&M scored two to take a 13-7 lead (Continued on page seven)

Marilyn Hall Scores Intramural Grid Win

By BILL JAFFE

The Marilyn Hall gridders scored a touchdown on a deflected pass play with two minutes remaining to defeat the Ogotz Vets, 6-0, in Intramural football action last night.

McKee Two scored its third League A victory by topping the Skid Row team, 7-0, on a first half touchdown.

In other action, Cal Emery tossed a 25-yard touchdown pass with 16 seconds remaining to give Beaver House an 8-7 win over Theta Chi.

Phi Sigma Kappa defeated Delta Tau Delta, 7-6; McKee One downed the Wolves, 6-0; the Warriors tripped Pollock Nine, 14-0; Irvin Wildcats beat the McKee Rockets, 14-9; and Sigma Chi won a forfeit over Pi Kappa Alpha.

After a scoreless first half in which the Ogotz team held a 3-2 first down lead, Marilyn Hall came to life in the late stages and recorded six points on Whip Engle's tally.

Ogotz recorded two first downs in the second half and drove deep into Marilyn Hall's territory before being stopped on downs. Marilyn Hall, led by the passing of Bill Fabus, then moved deep into Ogotz territory on two successive pass completions.

Then Fabus tossed an aerial which was deflected by an Ogotz defender into the hands

of Engle who raced 18 yards for the touchdown. Ken Bockman missed the conversion attempt.

Shortly after two minutes of playing time had elapsed, McKee Two scored on a Bob Allen to Lou Brown pass play which covered 40 yards. Pat Waple converted the extra point.

After the score, play evened-up during the remainder of the first half with first downs being one apiece at intermission. In the second half, Allen, a fast, agile quarterback with plenty of deception, started finding his receivers with more accuracy.

Allen's passes to Bill Boyer and Bob Kebert registered three first downs while Allen ran 18 yards for another first down. The drive stalled on the six-yard line when two of Allen's passes were batted down by alert defenders on the goal line.

Men in the know know true from false

College students usually settle down in their old neighborhoods after graduation.

TRUE FALSE

False. Statistically, there's only a 50-50 chance that you will return to your home area. If you left your home State to go to school, the odds are 2 out of 3 that you will settle down in a different State after you get your degree.

Students who engage in many campus activities tend to earn more money in later years.

TRUE FALSE

False. A recent survey of college grads showed that the BMOC's do not earn more than students who avoid campus activities. Thus, campus activities should be considered as their own broadening reward, not as stepping stones to wealth.

The vital part of Jockey underwear lasts longer than the rest of the garment.

TRUE FALSE

True. The waistband is usually the weak point of most underwear, but Jockey developed a special, long-wearing, heat-resistant elastic (with U.S. Rubber and the American Institute of Laundering) that actually outwears the garment itself.
