

Workmen Find No Music In 'Autumn Leaves'—Only Aches

By DENNY MALICK

About 20,000 cubic yards of leaves (compacted) will fall on campus this fall, and University workmen are in the process of removing every cubic foot of them.

Last year the workmen raked and removed 18,000 cubic yards of leaves. Fraternity pledges claimed a higher total but pledgemasters could not give an official figure.

Walter W. Trainer, head of the division of landscape construction and maintenance, said

workmen on the grass mowing crew are doing most of the leaf raking.

Most of the tree foliage is raked by hand although a motorized rotary broom is being used in large areas to gather the leaves.

After being gathered, the leaves are taken to a wooded area where they are stacked in alternate layers with soil for composting. The composting process takes from three to four years.

Trainer said oak leaves are used for compost, but maple and elm leaves are disposed of because the composting process takes too long. The oak leaf compost is then used by the Department of Horticulture for the flower and vegetable plots. Some of the composted leaves also are used for bedding in the dairy barns.

Trainer said most of the leaves will be removed by the middle of next month. He said the elm and maple trees have shed most of their leaves and the oak leaves are beginning to fall now.

Officials at the University Placement Service, 112 Old Main, yesterday said they have been deluged with student requests for work, such as raking leaves.

They said workers for such employment downtown are hired through the office, but not for such work on campus.

Report Date Set in Study Of Rotation

The All-University Elections Committee subcommittee to study the fraternity-independent rotation system will prepare a report to be given in December.

Theodore Haller, subcommittee chairman, said yesterday the results of the study must be tabulated this semester so would-be candidates for the spring elections will not have their plans changed by a last minute change in affiliation regulations.

The subcommittee is compiling information on the history of the rotation system at the University. The facilities of the National Student Association will be used in getting information on election codes of other schools.

The group will meet at 7:30 p.m. each Tuesday in the Hetzel Union Building, Haller said.

Other members of the subcommittee are Marilyn Cohen, secretary, Harry Martini, Lianne Cordero, Stanley Postser and Janice Juppenlatz.

When the group has completed a study of the rotation system, a list of recommendations on the topic will be drawn up and presented to Elections Committee. If the committee passes the suggestions, they will be presented to All-University Cab.

The rotation system is provided for by the Elections Code. Among its provisions is one which states that a fraternity man may not oppose an independent in any election.

Business Fraternity Taps 22 Students

Delta Sigma Pi, professional business fraternity, has tapped 22 students.

They are Joseph Rooks, David Lenzer, Howard Wolfley, Charles Garman, Raymond Starr, Louis Curry, Richard Wilt, Daniel Dautrich, Thomas H. Miller, Charles Edmunds, Roland Schriver, Russell Connelly, Chester Blank Jr., Charles Gordon, Burton Hollander, Peter Murphy, Louis Herman, William Reindell, Richard Fisher, William Walton, John Furst and Robert Altman.

Approved Fraternities

The following fraternities have been approved for the entertainment of women guests tonight and tomorrow night:

Acacia, Alpha Chi Rho, Alpha Chi Sigma, Alpha Epsilon Pi, Alpha Gamma Rho, Alpha Kappa Lambda, Alpha Phi Delta, Alpha Rho Chi, Alpha Sigma Phi, Alpha Tau Omega, Alpha Zeta, Beaver House, Beta Sigma Rho, Beta Theta Pi, Chi Phi, Delta Chi, Delta Sigma Phi, Delta Tau Delta, Delta Theta Sigma, Delta Upsilon, Kappa Delta Rho, Kappa Sigma, Lambda Chi Alpha.

Phi Delta Theta, Phi Epsilon Pi, Phi Gamma Delta, Phi Kappa, Phi Kappa Phi, Phi Kappa Sigma, Phi Kappa Tau, Phi Mu Delta, Phi Sigma Delta, Phi Sigma Kappa, Pi Kappa Alpha, Pi Kappa Phi, Sigma Alpha Epsilon, Sigma Alpha Mu, Sigma Chi, Sigma Nu, Sigma Phi Epsilon, Sigma Pi, Sigma Tau Gamma, Tau Kappa Epsilon, Tau Phi Delta, Theta Chi, Theta Delta Chi, Theta Kappa Phi, Theta Xi and Triangle.

Pi Lambda Phi has been approved for tomorrow night only.

Editor to Head HEc Education

Dr. Marjorie East, home economics editor for a Boston publishing firm, has been named professor and head of the Department of Home Economics Education, effective Feb. 1.

She will succeed Dr. Jean D. Amberson, who has gone to Taiwan Normal University on the island of Formosa. She is serving there on the University faculty, assisting in the broadening of the home economics teacher education program under the sponsorship of the International Cooperation Administration.

Dr. Elizabeth C. Hillier, associate professor of home economics education, has been acting head of the department since January.

Prof Completes Series Of Marketing Seminars

Arthur W. Einstein, associate professor of marketing and retailing, who is on a leave of absence, has completed a series of marketing seminars in Japan.

While visiting in India, Mr. and Mrs. Einstein had dinner at New Delhi with Adrian O. Morse, retired provost, and Mrs. Morse.

Senior Places 6th In Dairy Judging

Jerry Marcello, senior in dairy science from Braddock and a member of the dairy manufacturing team, placed sixth among individual ice cream judging contestants at the annual Dairy Industries Exposition in San Francisco last Saturday.

Marcello and three other team members flew to San Francisco Saturday and returned by plane Wednesday.

They are: Terrence Alwine, senior in dairy science from Johnstown; George Olmstead, senior in dairy science from Montrose; and William Wilson, senior in dairy science from Drexel Hill.

30 Openings Remain In Novice Bridge Club

Thirty more persons may sign up for the beginning bridge class, which will meet from 6:30 to 8:30 tonight in the Hetzel Union classroom.

The class, sponsored by the Association of Independent Men and Leonides, also will meet Nov. 1 and 8. There is no charge.

Students to Visit UN in November

Students will have an opportunity to visit the United Nations, see the General Assembly in action and probably see many famous international figures on the trip to New York City, jointly sponsored by the University Christian Association and the International Relations Club.

The trip, from Nov. 23 to 27 will cost from \$25 to \$30 per student. Transportation and hotel rooms will be provided.

Students may sign up at the Hetzel Union desk and at the desk inside the door of the Helen Eakin Eisenhower Chapel.

United Nations Day ceremonies at the University were called off yesterday because of rain.

A proposed "File of Volunteers for the United Nations" has been organized by a group of students and professors at Harvard and Boston Universities.

The "file" consists of persons throughout the world who are willing to serve one or two years at subsistence pay in a United Nations voluntary service corps.

programs, improving methods of agriculture and industry and organizing literacy programs.

By personal mediation, these groups would also work toward reducing tensions and effecting reconciliations among leaders and groups at the grass roots level.

Although the United Nations has not yet established a voluntary service corps, many officials are enthusiastic about the idea. The possibility of the corps being established will be enhanced by those who volunteer.

Volunteers will be informed of existing positions of service in underdeveloped areas.

Inter-Varsity Christians

This group of teams, composed of workers from many countries, will speak and show slides of his work in Holland at the Inter-Varsity Christian Fellowship at 7:30 would consist of organizing health tonight in 111 Sparks.

MISS CO-ED wants a hairdo with dash. And dash she will have with the campus cut. This coif has flair, from the deep wave at the left to coquette bangs at the right. The "Flapper" Day quality makes the style a perfect mate for the Raccoon coats, no-waist tweed suits and pencil slim dresses slated for college clothes this season.
