

U.S. Hopes to Ship Missiles on Schedule

AUGUSTA, Ga., Nov. 19 (AP)—Secretary of Defense Neil H. McElroy said today he is "extremely hopeful" the United States will meet on schedule a commitment to start delivering 1500-mile range missiles to Britain by 1959.

Dulles, Pineau Agree to Act On Tunisia Plan

WASHINGTON, Nov. 19 (AP)—The United States and France agreed tonight to try to work out a common policy with Britain and Tunisia governing future deliveries of arms to Tunisia.

Secretary of State John Foster Dulles and French Foreign Minister Christian Pineau failed to resolve the angry dispute, which has split the Atlantic Alliance, in a three-hour meeting at the State Department.

But Pineau said they had decided "to seek a procedure" which would avoid the danger of guns and ammunition delivered to Tunisia falling into the hands of rebels fighting the French in neighboring Algeria.

A State Department spokesman then reported that the United States within the next few days will be in touch with Britain, France and Tunisia to "work out an approach as to arms deliveries in the future."

Girard May Arrive Home for Christmas

TOKYO, Wednesday, Nov. 20 (AP)—William Girard, the Illinois soldier convicted and given a suspended sentence by a Japanese court in the famous shellpicking shooting, had a good chance today of being home for Christmas after 10 months on the hot seat of an international controversy.

When the 22-year-old GI will be able to leave Japan will not be definite until after Dec. 3—the expiration date for appeals.

UN Attempts To Save Talks On Disarming

UNITED NATIONS, N.Y., Nov. 19 (AP)—The United Nations late today added 14 nations to its Disarmament Commission in what appeared to be a futile move to head off a breakdown in East-West negotiations.

The action took place in the 82-nation General Assembly, which also rejected terms laid down by the Soviet Union for its future participation in U.N. disarmament negotiations.

The Soviet Union insisted that the Assembly vote on the 82-nation commission. Twenty-four nations abstained, including members of the Asian-Arab bloc.

In the final vote of the day the Assembly approved by a vote of 60-9 the proposal to add 14 nations to the commission, making it a 25-nation body. This was advanced by the West in the hope it would satisfy the Soviet demands for an enlarged commission. The only no votes came from the Soviet bloc.

Czechs Name President

VIENNA, Austria, Nov. 19 (AP)—Broad-faced Antonin Novotny, who as a boy sold Communist newspapers on Prague street corners, became president of Red Czechoslovakia today.

2-hour meeting with President Eisenhower that supplies of such intermediate (IRBM) missiles will be going to other North Atlantic Treaty nations—all within 1500 miles of European Russia—earlier than had been expected.

McElroy did not say how much earlier.

He did not specify, either, just how early in 1959 the United States expects to start turning over intermediate missiles to the British. Indications in Washington were it will be quite early that year.

Secretary of State John Foster Dulles told a news conference there that 1500-mile missiles will be available in operational quantities by the end of 1958.

Eisenhower said in an Oklahoma City speech last week that spending for space age weapons will have to be hiked by a very considerable figure because of Russian advances.

But if you want to enjoy smoking as never before, switch to Camels. You'll find nothing else tastes so rich, smokes so good and mild. Could be that's why more people today smoke Camels than any other cigarette. Love that Camel!
