

Dulles Declares Opinion Money Aid More Soviet Show On NATO's Retaliation Given Egypt Of Strength Expected By Russia

CHICAGO, Nov. 20 (AP)—Secretary of State John Foster Dulles said tonight NATO forces would "almost certainly fight back" without waiting for a declaration of war, if attacked in the field.

The decision would be made on the spot by field commanders, Dulles told a news conference.

Asian Security Threat Stated By Indonesia

UNITED NATIONS, N.Y., Nov. 20 (AP)—Indonesia warned today that the security of all Asia is wrapped up in its claims to sovereignty over West Irian known as West New Guinea.

Indonesian Foreign Minister Subandrio indicated to the 82-nation U.N. Political Committee that this might be the last time his country will seek a U.N. settlement of its bitter quarrel with the Dutch.

He declared the Indonesians would prefer a U.N. settlement but added that "the patience of a people is not inexhaustible."

Netherlands Ambassador C.W.A. Schurmann, speaking in the committee after Subandrio, accused the Indonesians of deliberately creating a "threat to peace" over the issue.

Schurmann quoted President Sukarno of Indonesia as saying last Nov. 7 that "if the United Nations fail us, we will resort to methods which will startle the world."

The Dutch Ambassador said the situation in West New Guinea is "completely peaceful and undisturbed," and "if there is any threat to the peace, that threat does not come from The Netherlands but from Indonesia."

He declared that the people of the area must decide their own future, as soon as they reach a stage in their political development where this is possible.

Adlai Not Invited To Next Month's NATO Conference

CHICAGO, Nov. 20 (AP)—Adlai E. Stevenson, who has been acting as a Democratic consultant to the Eisenhower administration on foreign problems, said today that he has not been asked to attend next month's big NATO meeting.

Stevenson made the statement to newsmen after he and Secretary of State Dulles arrived at Chicago's Midway Airport from Washington in a U.S. Military Air Transport plane.

Asked if he was going to the NATO conference with President Eisenhower and Dulles, Stevenson replied: "I haven't been asked. There won't be a decision on that until later."

Furman Gives Thanks For Gubernatorial Boost

HARRISBURG, Nov. 20 (AP)—Lt. Gov. Roy E. Furman said today Rep. H. G. Andrews (D-Cambria) gave him a "tremendous boost" by endorsing Furman as a possible Democratic candidate for governor.

"I am extremely grateful to him for the confidence expressed in my possible candidacy," Furman said in a statement.

CAIRO, Nov. 20 (AP)—Maj. Gen. Abdel Hakim Amer flew home from Moscow today in a Soviet jet airliner with a reported promise of 175 million dollars in Russian economic aid for Egypt. A Soviet-Egyptian communique said he also discussed military questions in Moscow.

The war minister reported immediately in a two-hour session with Egypt's President Nasser on his three-weeks Soviet tour spanning the Soviet 40th anniversary celebration of the Bolshevik Revolution.

The deal for economic aid as described here is similar to the 12-year tie-up recently made between the Soviet Union and Syria, Egypt's close Arab ally and prospective partner in federal union.

There was no announcement direct from the government, but Egypt's Middle East News Agency said tonight that Amer and Soviet leaders reached an agreement calling for Russia to provide 700 million rubles—about 175 million dollars at the official rate of four rubles to the dollar.

The agency said Egypt would use the aid in its five-year industrialization plan and would make repayment over a 12-year period.

The agreement with Syria called for Russia to provide all necessary equipment, materials and technical assistance in Syrian development projects and repayments over 12 years at 2.5 per cent interest. The Middle East News Agency did not mention what interest Egypt might pay.

The attack, Dulles said, "almost certainly would involve American troops because the NATO forces are so intermingled." The fire would certainly be returned, he said, "if it were something comparable to Pearl Harbor, say."

Dulles had been asked what was the "time for decision" in the face of a possible atomic attack on NATO forces.

The secretary was here to address members of the Council on Foreign Relations at a dinner meeting.

Dulles made these other points in answer to questions:

American atomic weapons now being stockpiled in Europe will remain under American control.

Prospects "are not rosy" for an arms limitation agreement with Russia.

The organization of a pro-Communist government in Syria "is a disturbing fact" but he doesn't consider it a sign of failure of the Eisenhower Doctrine for stabilization of the Mideast.

The United States always has maintained the "initiative" over Russia and will continue to do so.

He has reached an agreement with French Foreign Minister Christian Pineau about American arms to Tunisia. There was no elaboration.

Ives Proposes Labor Management Legislation

WASHINGTON, Nov. 20 (AP)—Legislation to help labor and management protect themselves "against the odorous minority of unscrupulous men in both camps" was proposed today by Sen. Irving M. Ives (R-NY).

Ives, vice chairman of the Senate Rackets Investigating Committee, made public four bills he plans to introduce when Congress reconvenes in January.

The measures, all amendments to the Taft-Hartley Labor Relations Act, are designed to insure democratic elections in labor unions, prevent misuse of union funds, end picketing practices aimed at extortion, and outlaw payments through middlemen to

employees or union representatives intended to interfere with union organization.

Ives said these measures, along with two others he offered at the last session of Congress, were part of a program that he described as "corrective, not punitive" in purpose. He said he probably would advance additional proposals later.

Teamsters to Establish Fund for Legal Defense

ST. LOUIS, Nov. 20 (AP)—Officers of the International Brotherhood of Teamsters plan to establish a legal defense fund in anticipation of a wave of litigation, top officials of the union said today.

James R. Hoffa, president-elect of the giant union, predicted the fund would total \$75,000 to \$100,000.

GUS'S DAIRY LUNCH

322 E. College Ave. Across from Atherton Hall

MOSCOW, Nov. 20 (AP)—Diplomatic observers here said today there are indications that the Soviet Union will come up soon with a new and dramatic demonstration of Russian strength and influence to counter a propaganda setback in the United Nations.

The UN Assembly has just voted to add 14 members to its Disarmament Commission, bringing the total to 25. The 60-9 vote, over Soviet opposition, does not represent a serious political defeat for the Russians. But propaganda-wise it has other implications. Even the Middle Eastern nations Russia is helping with arms and economic programs lined up with the West in the vote.

The forthcoming Soviet gesture, therefore, may involve the Middle East. But Westerners here are accustomed to surprises, and the next one could be from any direction.

"Khrushchev and his followers have sprung so many unexpected things on us recently," said one diplomat, "that now we look for almost anything to happen—and it probably will."

Military Secrecy Denied by Snider

NEW ORLEANS, Nov. 20 (AP)—Asst. Secretary of Defense Murray Snider today denied a congressional charge that a White House "hush-hush agency" is concealing news about the nation's military race against Russia.

"There is a widespread myth that people in government—at all levels—are engaged in a great conspiracy of secrecy," Snider told the Associated Press. "Man-East. But Westerners here are devoted exclusively to freedom of information."
