

Shifting ROTC-- Chem-Phys Council AP Poll--

(Continued from page one)
The second resolution was commended by Maloney as to form, even though he said he does not agree it's the opinion.

When asked if All-University Cabinet's opinion on the subject would carry any weight, he replied that he didn't think the Senate would overlook it.

However, he said, "We must regard this body as a transient part of the University—here today, gone tomorrow." The next students to come here may have different opinions from the present student body, he said.

Robert Nurock, president of the council, interjected that he received a letter from Wilmer E. Kenworthy, Executive Assistant to the President, stating that the Board of Trustees would consider favorably, at their next meeting, any opinion of a responsible student body.

Benefits for Veterans

A Veterans Administration representative will be in 6 Old Main between 10 a.m. and 3:15 p.m. today to assist veterans and their dependents in applying for current benefits.

To Organize Fair

The Chemistry-Physics Student Council will meet at 7 tonight in 209 Hetzel Union.

Marilyn King, chairman of the College of Chemistry and Physics, open house and science fair to be held April 26, will make initial committee appointments at the meeting.

The council will also discuss the fraternity-independent rotation plan for electing the All-University and class officers.

(Continued from page seven)

Bearcats, winners of their own invitational tournament, climbed into fourth place. Kentucky dropped to fifth followed by Maryland, San Francisco, West Virginia, Michigan State and Minnesota.

The second 10: Bradley, Seattle, UCLA, Rice, Utah, Oklahoma State, Oregon State, Mississippi State, Richmond and North Carolina State.
