

Ike's Space Agency Hit by AF General

WASHINGTON, Jan. 10 (AP)—An Air Force general tonight challenged President Eisenhower's plan for a separate unified space agency.

Maj. Gen. Bernard A. Schriever, boss of the Air Force missile program, contended the plan is a costly duplication of

Jimenez Forms New Cabinet In Venezuela

CARACAS, Venezuela, Jan. 10 (AP) — President Marcos Perez Jimenez formed a new Cabinet today and ousted the unpopular heads of his Interior Ministry and security police in an effort to save his regime.

He thus apparently resolved the most serious crisis since he became president in 1952. The crisis has been mounting since he put down a military revolt New Year's Day.

Thrown out of office and reported en route to exile were Interior Minister Laureano Vallencia Lanz and the security police chief, Pedro Estrada.

The interior minister had been bitterly criticized as the author of the formula to have Perez Jimenez returned to the presidency for a new five year term at the yes or no plebescite last Dec. 15. The President had no opposition on the ballot.

Estrada was perhaps more hated by some Venezuelan political leaders than Perez Jimenez himself. They accused Estrada of torturing political prisoners, among them leading members of the armed forces, who were arrested on conspiracy charges on the very eve of the revolt.

Dulles Rebukes Bulganin Letter As Propaganda

WASHINGTON, Jan. 10 (AP)—Secretary of State Dulles today dismissed Soviet Premier Bulganin's new letter to President Eisenhower as "massive repetition" and clever propaganda.

Dulles rejected Bulganin's proposal made yesterday, for an East-West summit conference within the next three months. He delivered a scathing rebuke of Soviet promises and propaganda techniques.

But Dulles told a news conference the United States would go to a summit meeting provided:

1. "There is adequate preparation for it . . . there should be sufficient advance exploration of the subjects to be discussed to be sure that the subjects will really relate to significant matters."

2. There is "a reasonable assurance that it will accomplish some desirable result . . . a prospect of agreement in some worthwhile form."

Of disarmament, Dulles said it would be imprudent and "futile and rather reckless" to make changes in policy on a purely speculative basis.

He said there would have to be advance knowledge that such changes stood a good chance of being accepted by the Soviet Union.

Drive Started For SAC Technicians

SHREVEPORT, La., Jan. 10 (AP)—The Air Force said today top technicians are being drafted from the Strategic Air Command in an accelerated drive to get SAC missile units operational.

Officials at nearby Barksdale Air Force Base said in some instances men are being called from higher headquarters posts by name to fill missile personnel needs.

Scientists, a spokesman said, are screening personnel records

Van Zandt Urges Coal Research Plan

WASHINGTON, Jan. 8 (AP)—Representative James E. Van Zandt (R-Pa) today urged Congress to pass as soon as possible legislation to establish a research program for the coal industry.

Such a program would "in effect, give our coal producing regions a greater opportunity for lifting themselves out of the economic doldrums that have persisted for the greater part of the dozen and one years since the conclusion of World War II," he said.

Van Zandt also cited the need to locate new industries in economically depressed areas. He is sponsor of one of a number of bills which would grant federal aid to such industries.

Van Zandt said that a law creating a research and development commission is essential to the economic health of coal-producing states and to an assured supply of energy in the future.

Van Zandt also cited the need to locate new industries in economically depressed areas. He is sponsor of one of a number of bills which would grant federal aid to such industries.

Current Editions
+ KEELER'S = CASH
\$ \$ \$
Starting MONDAY, JAN. 13

Keeler's will buy back the books you've used this semester. So, for the cash you'll be needing over the semester vacation, bring in your used books. Be sure they are current editions, but Keeler's will buy them even if they're not used here at Penn State! See you Monday at...
