

Egypt, Syria Ratify Pact Forming Arab Republic

CAIRO, Feb. 5 (AP)—The parliaments of Egypt and Syria roared approval today for their new, United Arab Republic and for a provisional constitution under which Egypt's President Abdel Gamal Nasser will rule with virtually absolute power as chief of state.

Korean Premier Would Oust Forces

LONDON, Feb. 5 (AP)—Red North Korea's Premier Kim Il Sung called tonight for withdrawal of all foreign troops from Korea and elections that would reunify the divided nation. Faced by the fact that U.S. divisions now have weapons capable of firing nuclear warheads across the 38th Parallel, Kim bid again to break the East-West stalemate that arose over Korea in the Geneva negotiations of 1954.

Ike Boosts Stassen

WASHINGTON, Feb. 5 (AP)—President Eisenhower said today he thinks Harold Stassen would make a good governor of Pennsylvania—which could be one way of saying Stassen soon will resign as Eisenhower's disarmament adviser.

Accident Toll Drops

CHICAGO, Feb. 5 (AP)—Killed—95,000. Injured—9 1/2 million. The cost—\$11,800,000,000. That was the toll caused by accidents in the United States in 1957—the lowest such death rate in the history of accidents records.

There are 172 lawyers, 84 businessmen, 75 farmers and 62 medical men in the new 691-member Parliament elected in Turkey last October 27.

Milton Asks New System Of Education

BALTIMORE, Feb. 5 (AP)—Dr. Milton S. Eisenhower, president of Johns Hopkins University and former Penn State president, today advanced a new education program to combat what he called a tendency toward decreased quality, "if not mediocrity," in the nation's secondary school system.

Dr. Eisenhower, a brother of President Eisenhower, offered his suggestions in a speech before the Baltimore Advertising Club, which gave him its annual award as "Man of The Year."

"Our secondary schools," Dr. Eisenhower said, "now offer choices in several hundred different subjects, many of them vocational. There is no substitute, in preparatory education, for rigorous study of such fundamentals as mathematics, English, a foreign language, science, history and social studies."

"I would remove," he added, "all peripheral subjects from preparatory curriculums, and concentrate them in a 13th high school year for those who want terminal vocational education."

Dr. Eisenhower said he also would increase the academic load of all students.

"The real reason that most of the 200,000 of our most talented young people are not going to college at all is that they have been bored to death, and have developed slovenly thinking and learning habits," he said.

Ike Says Tax Cut Could Aid Business

WASHINGTON, Feb. 5 (AP)—President Eisenhower said today a tax cut could be a reserve weapon to give business a shot in the arm. But he gave no indication whatever of recommending a reduction at this time.

Instead, Eisenhower, at his weekly press conference, stood by his prediction that business should pick up around the middle of the year.

The chief executive didn't comment, nor was he asked to, on the Navy's second failure, early today, to get a Vanguard satellite into orbit.

Eisenhower said, too, that "we are working very hard" to see

whether there is a possible approach to some kind of heads of state meeting in pursuit of peace. But he said he sees no fact to warrant a conclusion that recent exchanges of letters with Soviet Premier Nikolai Bulganin have advanced prospects of better understanding or increased the likelihood of a fruitful summit conference.

COMING BURNING BRIGHT

If you answered "No" to all questions, you obviously smoke Camels — a real cigarette. Only 6 or 7 "No" answers mean you better get on to Camels fast. Fewer than 6 "No's" and it really doesn't matter what you smoke. Anything's good enough!

But if you want to enjoy smoking as never before, switch to Camels. Nothing else tastes so rich, smokes so mild. Today more people smoke Camels than any other cigarette. The best tobacco makes the best smoke. Try Camels and you'll agree!
