# A DU PONT JOB-FINDER CHART FOR BS-MS ENGINEERS AND SCIENTISTS

Here is a sampling of the kinds of engineers and scientists which Du Pont will employ this year with BS-MS training—and their fields of work. The chart is an easy way to match your own interests against job openings at Du Pont.

For example: If you are a mechanical engineer, run your finger across the "Mechanical Engineers" column. The code letters refer to the type of work (Research, Development, etc.). The departments of the Company are listed across the top. The columns across the bottom indicates some of the locations where these departments have openings. Du Pont also has opportunities for other engineering and scientific specialties, but space does not permit a complete listing.

- A** Research
- B** Development
- C** Design
- D** Production
- E** Plant Engineering
- F** Sales
