

# Sororities To Continue 'Chat' Dates

Conversation between rushees and sorority women will continue as the second round of chatter dates begin at 1:30 p.m. today. The dates will be held from 1:30 to 5 p.m. today and tomorrow.

During the first round each rushee could accept 10 invitations. In the second round she is limited to six.

All invitations will go through the Panhellenic post office and rushees may pick up and answer invitations there from 10:30 to 11:45 a.m. today.

According to the Panhellenic rushing rules, there may be no telephone calls between a sorority and rushees except when a rushee must break a date.

Even if a rushee does not accept an invitation she has been asked to check "regret" so a sorority can be sure the invitation reached her.

If a rushee finds it is impossible to pick up her own invitations on time she may make other arrangements in the dean of women's office.

Anyone with questions concerning the rushing program may contact Mrs. R. Mae Shultz, assistant to the dean of women, at the Panhellenic post office; Grace Antes, president of Panhellenic council, or Barbara Rilling, Panhellenic rushing chairman.

If a coed decides to drop out of rushing, she is required to notify the dean of women. Panhel will then notify the sororities she was rushing.

During the first round of rushing held Saturday and Sunday no invitations were required.

Rushees will be required to fill out IBM cards indicating which hours they have free. The second round of chatter dates follows an off day when no rushing was permitted.

# Party---

(Continued from page one) office in that party. But, a student so nominated may not be a member of any other party during the semester.

The only official identification for registration in a party will be the permanent semester University identification and activity card (matriculation card). In any case where this permanent card has not been made available by the University, the temporary student identification and activities card will be accepted at the discretion of the Elections Committee member in charge of that registration.

A person may not hold an elected or an appointed office in or be a member of more than one political party at one time. Once a student is a card holding member of a party, this card shall be binding for the duration of the semester in which it was issued, and in no instance or under any circumstance will the student be permitted to obtain a card in another party. Violations of this article will be referred to the dean of men or dean of women's office.

The All-University party chairman shall be elected by the entire party. All party elections will be supervised by the Elections Committee.

A party must have on deposit with the Associated Student Activities Fund \$25 one week prior to the last official party meeting before elections.

D'Angelo issued a statement to The Daily Collegian last night after learning that Sunday's meeting (including the registration) had been voided.

"We will abide by Election Committee's decision and will hold a complete re-election this coming Sunday. In view of the points brought up, I think the committee made a fair decision."

Pfautz said: "I feel that the outcome of the Elections Committee hearing indicates that certain violations were committed (at the University Party meeting) and that they were judged with completely unbiased opinion..."

# Nominations Due Today For Service Award

Today is the deadline for submitting names of faculty and staff members to be considered for Alpha Phi Omega's "distinguished service" award.

The names, in the form of a letter of recommendation signed by a student, must be submitted by 5 p.m. at the Hetzel Union desk.

The national service fraternity started the annual award last year.

**COLD WEATHER** is still here and Delta Tau Delta fraternity members—Richard Drayne, junior in English Composition from Pittsburgh; George Mabey, senior in arts and letters from Kenmore, N.Y., and Martin Lane, sophomore in hotel administration from Harrisburg—have taken up hockey on their own tennis courts. They iced the courts and made a skating rink, good until the weather turns warm.

# Brailowski to Play All Chopin In Artists' Concert Friday

Alexander Brailowsky, who will play all Chopin music when he presents the tenth program of the Artists' Series at 8:30 p.m. tomorrow in Schwab auditorium, is widely known for playing of that composer's works.

In 1924 in Paris he played the 172 works of Chopin in six consecutive recitals. This marked the first time in history a complete cycle of Chopin's works had been presented.

Brailowsky also has been the only pianist since Franz Liszt to play in public on the piano on which Chopin composed many of his masterpieces.

He was born in Kiev, Russia, in 1896 the son of an oil executive and an amateur pianist. He studied at the Kiev Conservatory where he was encouraged by Serge Rachmaninoff and later studied in Vienna under Theodor Leschetizky.

He has toured extensively in Europe, North America and South America. Besides being able to play all of Chopin's works he can also play a great deal of Liszt, Brahms, Schumann and Scriabin. He has played 17 complete recitals without duplicating a single piece.

Brailowsky has a curious hobby—that of memorizing the train schedules in all the areas in which he has traveled. He can tell the time a train leaves from Kiev for Paris in six languages—French, Polish, Portuguese, Russian, Spanish and English—all of which he speaks fluently.

# Frizzel to Present Vesper Meditation

John Henry Frizzell, University chaplain emeritus, will give the meditation at the vesper service at 4:30 p.m. today in the Helen Eakin Eisenhower Chapel.

He will speak on "A Few Thoughts about Ourselves," emphasizing the importance of man and his relationship to God in the guided missile age.

# LOOKING FOR A DIFFERENT VALENTINE GIFT

If you are, we have the perfect answer a gift certificate from the VOGUE BEAUTY SALON. That special girl will really love this unique remembrance. Gift certificates are available for hair styling, permanent waves, and contour hair cutting. And she'll be pleased to know that we're open all day Monday through Saturday, and also Tuesday and Thursday evenings.

402 E. College Avenue AD 7-2286

# Agent Hopes to Cut Costs of Insurance

An affiliate of the insurance company which is offering the voluntary student program yesterday said that, if the program is successful, steps may be taken to decrease costs and increase benefits.

He said it will take about two years to determine the plan's success. "With 45 to 50 per cent student participation, we should be able to decrease the cost to the student," he explained. "We were hoping for about 20 per cent enrollment by now."

Present enrollment is slightly more than 2400, or about 17 per cent of the eligible students. Plan I, which provides fullest coverage and costs \$10, is the most popular, with more than 95 per cent of the enrolled requesting it.

Claim forms are now available at the Hetzel Union desk and the Centre County Hospital, in Bellefonte. They are filled out and sent to Pittsburgh for processing. When the forms are properly filled out, payments usually will be made to the insured in three to five days.

The front of the form must be completed by the student with the requested information on his claim. The physician's certification goes on the reverse side. Doctor and hospital bills must be mailed in along with the form.

If the student wishes to assign payment to a physician or hospital, he designates his preference in the space provided on the form. If the assigned payment method is used, the student need not enclose the bills with the claim form.

# Research Contract Extended by AEC

A contract for research on "The Amount and Distribution of Uranium in Base Metal Sulfide Minerals in Vein Ore Deposits," directed by Dr. Harold D. Wright, associate professor of mineralogy, has been extended for a third year by the Atomic Energy Commission with new funds of \$11,730.

The investigation is concerned with the factors controlling the extent of solid solution of uranium in certain base metal sulfide minerals from a large number of deposits.

# Council Favors PhysEd Option For Veterans

The Agriculture Student Council has voted 21 to 15 in favor of making physical education elective for veterans.

A recommendation to this effect was brought up at the last meeting of All-University Cabinet but was tabled for action at a future meeting.

Russell Beatty, council president, in bringing the question before the group read the reasons for and against the issue as they were brought out at the Cabinet meeting.

A council member said most veterans are married and their object is to get out of school as soon as possible. Having to take three hours of physical education a week for only one credit instead of three hours of another subject for three credits may keep them in school longer, he said.

Most of the members who voted against the question said they believe veterans should not be treated any differently than are other students.

Beatty appointed Robert Heilman to serve as chairman of the council elections committee. The committee members are Donald Gould, Gordon Miller, Walter North and Robert Slagle.

# WSPA House to Hold Reorganization Meeting

The Women's Student Government Association House of Representatives will hold a reorganization meeting at 12:30 p.m. today in 107 Boucke.

Chairman Lois Henderson will appoint chairmen for May Day committees.
