

# BusAd Career Day Speakers Announced

Speakers have been named for the afternoon segment of the Business Administration Career Day program, March 13.

The afternoon program will begin at 2 p.m.

The accounting section of the program will meet in the Mineral Industries Auditorium. Speakers for the section

will be Paul M. Herring, national vice president of the National Association of Accountants, Kutztown; Thomas H. Carroll, C.P.A., president of the Pennsylvania Institute of Certified Public Accountants, Philadelphia.

The insurance and finance group will meet in 111 Boucke. Speakers for the group will be William J. Graul, president of the Pennsylvania Association of Insurance Agents, Reading; Robert S. Hussey, C.L.U., regional vice president of the New York Life Insurance Company, Philadelphia, and Edward B. Mulligan, partner in the Green, Ellis and Anderson Brokerage firm, Wilkes-Barre.

The section discussing economics and labor will meet in 110 Osmond and will be addressed by Elizabeth Johnson, director, Bureau of Women and Children, State Department of Labor and Industry, Harrisburg.

Management will meet in 214 Boucke. Speakers will be George D. Lobingier, manager of the educational department of the Westinghouse Electric Corporation, Pittsburgh and John L. McClucas, president of Haller, Raymond and Brown, State College.

The marketing section will meet in the Hetzel Union auditorium. John A. Byrum, buyer for S. H. Kress and Company, Ho-Ho-Kus, N.J., and Sidney N. Colin, sales coordinator for the American Seating Company, Philadelphia, will address the group.

The transportation group will hear John N. Kiefer Jr. of the traffic department of the International Salt Company Inc., Scranton, in 112 Osmond.

## May Day Candidates To Be Photographed

Senior candidates for May queen and members of the freshman, sophomore and junior classes who are candidates for May Day attendants will be photographed at 7 tonight at the Penn State Photo Shop.

Candidates have been asked to wear dark skirts and white blouses.

## Cook to Address Club

Donald Cook, director of the Placement Service, will speak to the Psychology Club at 7:40 tonight in 12 Sparks.

He will discuss employment opportunities for graduates.

William J. Smith  
Poet-Translator

## Smith to Give Poetry Reading At 8 Tonight

William Jay Smith, poet and translator, will present the first lecture of the 11th annual Simmons Series at 8 tonight.

He will present "Poetry Readings" at 8 in 121 Sparks. The lecture is open to the public.

The Simmons Series, sponsored by the Department of German, honors the late Dr. Lucretia V. T. Simmons, for many years professor and head of the Department of German.

Smith's works has included a collected edition of poetry, entitled, "Poems: 1947-57," and two children's books in verse.

He has translated and edited "Poems of a Multimillionaire" by Valery Larbaud and "Selected Writings of Jules Laforgue."

Both his poetry and translations have been praised by prominent contemporary poets including W. H. Auden, Stephen Spender, Rolfe Humphries, Horace Gregory, Dudley Fitts and Louise Bogan. Poetry Magazine awarded him its Young Poets Prize in 1945 and he was Phi Beta Kappa poet at Columbia University in 1951.

Smith is a graduate of Washington University in St. Louis, Mo., and has engaged in graduate work at Columbia and, as a Rhodes Scholar, at Oxford University. He has also studied in France and Italy.

His wife is Barbara Howes, who is also a poet and former editor of "Chimera."

The U.S. Department of Commerce reports that the nation now uses 262 billion gallons of water a day.

# University Program Rivals Ma Perkins

Ma Perkins now has competition on the University level — "Penn State: Men and Ideas" is bouncing over the TV waves.

This new series of programs, which originates on campus, is broadcast over WFBG-TV Channel 10, Altoona. The programs, 10 minutes long, may be seen from 9:50 to 10:00 a.m.

Monday, Wednesday and Friday.

Each program deals with a limited, cohesive unit of subject matter, one or two concepts or ideas rather than a broad, general treatment of complex subject matter.

The series is being handled cooperatively by the nine colleges of the University. The first week's programs, the week of Feb. 3, were presented by the College of Education, with Dean John R. Rackley host. One of the programs discussed the recent Governor's Conference on Education in Harrisburg.

The program for the second week was presented by the Arts and Sciences Extension.

The College of Engineering and Architecture, with Dear Merritt A. Williamson as host, presented the series last week. The program dealt with the place of the University centers in relation to technical engineering, the University's nuclear reactor and contributions of the University to the International Geophysical Year.

The series is being presented by the three branches of ROTC this week.

The schedule for the coming weeks is:

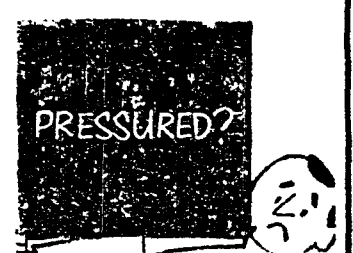

Week of March 3, General Extension; week of March 10, The College of Physical Education and Athletics; week of March 17, The College of the Liberal Arts; week of March 24, The College of Home Economics; week of March 31, The College of Chemistry and Physics.

Sponsors of the remaining programs have not been named.

The programs follow Sociology 1, also broadcast on Channel 10.

## Hillel Social Committee To Meet at Foundation

The Hillel Social Committee will meet at 7:30 tonight in the lounge of the foundation to discuss plans for the Purim Carnival to take place on March 15. Any student may attend.

So busy that you can't bother with career planning until graduation day?

A career in life insurance selling may be right in your line. It offers many benefits—among them:

- No limit on earnings
- A business of your own

Take the time now, to talk with the head of your college unit about an absorbing future in the life insurance business.

# 53 Frosh Awarded Math Prize

Fifty-three freshmen will be awarded a freshman honors prize for outstanding work in their basic course in mathematics at 7:30 tonight in the main lounge of the Hetzel Union Building.

The course, Mathematics 41, in which approximately 1350 students were enrolled for the fall semester, is a course in analytic geometry and is required for students in the scientific and technical curriculums.

Dr. Orrin Frink, professor and head of the department of mathematics, said the outstanding work of the students indicated they had received excellent training in their high school courses.

Each of the students cited will receive as a prize a copy of "Mathematics in Western Culture" by Kline. This prize has been provided by the Curtis-Wright Corporation. Winners are: George Sabol, Ernest Loggren, Louis Dufrene, William Grimm, Eugene Grumer, Leif Mollo, Marilyn Trimble, Jesse Koonitz, Donald Gardner, Gerald Ruffner, Donald Curry, Samuel Diehl, David Oepferman.

Donald Clayett, John Kardos, William Winter, Douglas Baker, Howard Coleman, Charles Steerman, Stephen Brown, George Bergey, Charles Gaston, Thomas Savits, Robert Howard, Gary Bergholtz, Ronald Smith.

Richard Bonser, Adrian Tewksbury, Frank Radler, Robert Tipping, William Hardham, David Wahl, Lawrence Koons, George Gilchrist, Edwin Marshall, Otis Slagle, Harry Mathews, William Hartmann, Ira Coen.

Glenn Johnson, Murray Garbrick, Robert Larsen, David Ruppert, James Carnes, Elizabeth Dowling, William Ward, James Newman, William Prast, Paul Graham, Thomas Rockwell, Marion Siemens, Jeffrey Parsons and Richard Martz.

**CAMP INTERVIEWS**  
Camp Menstoma, Me., Feb. 28 and Mar. 1; Camp Woodlands, Me., Mar. 3; Clear Pool Camp, N.Y., Mar. 3; Camp Delwood, Penna., Mar. 4-5; Indian Lake Camp, Penna., Mar. 5.

## Behind the News--

(Continued from page four)  
And Pennsylvania State has her WSGA Black Mark system and political party meetings.

Penn State students should be proud that they are free from the shocking and outrageous vices of other undergraduate bodies.

... but we can't help wondering if there is any student apathy problem at Glasgow University.
