

Jobless Benefits, Tax Cut Favored

WASHINGTON (AP)—Sen. John F. Kennedy (D.-Mass.) said Monday that Congress should consider extending jobless benefits to some of the two million idle presently excluded from receiving any unemployment compensation aid.

There are more than five million idle. The government

Korean Reds To Return Pilot

PANMUNJOM, Korea (AP)—Communist North Korea admitted Monday that its batteries shot down a U.S. Air Force jet over the demilitarized zone Thursday. It agreed to return the pilot.

The Communists announced this at a meeting of the Military Armistice Commission. Communist delegates reported the pilot, Capt. Leon Pfeiffer of Kenosha, Wis., is in good health.

There was no specific word on whether Pfeiffer was hurt either by the shelling or his parachute jump.

No date was set by the Communists for his release.

The U.N. delegate, Gen. Olaf Kyster, accused the Reds of making an "unnecessary armed attack" on planes that flew over the demilitarized area by mistake. Another Sabre Jet with Pfeiffer's escaped the Red gunfire.

Stevenson Backs Pa. Dems

HARRISBURG (AP)—Adlai E. Stevenson, unsuccessful Democratic candidate for president in 1952 and 1956, Monday endorsed Mayor David L. Lawrence of Pittsburgh for governor and Gov. George L. Leader for U.S. Senator.

To State, With Love--

(Continued from page four) cipline principle is bound to wear off. This "seepage" could be more acute during times of national danger, when most emphasis is placed on the military, usually at the expense of the civilian.

To be trite about it, there's a place for everything, and everything in its place.

reportedly will announce the mid-February unemployed totals 5,100,000. A little more than three million are receiving or have received UC benefits. But the nearly two million remaining are not covered by such aid.

President Eisenhower proposed over the weekend that Congress extend benefits temporarily at federal cost to the covered workers whose payments are running out. Idle workers under UC are presently exhausting benefits at the rate of about 40,000 a week.

Vice President Richard M. Nixon said Monday he favors a substantial across-the-board tax cut if the economy fails to show an upturn in the next few weeks.

Nixon told reporters, in what obviously was an expression of majority sentiment within the Eisenhower administration, he is opposed to any massive new program of public works.

Although he said he retains confidence that employment and business generally will show gains in the near future, Nixon said that if the recession continues he prefers to "go down the tax cutting road rather than the spending road."

Ike Appoints Cross To Succeed Mack

WASHINGTON (AP)—President Eisenhower Monday nominated John S. Cross, 53-year-old veteran in communications work, to succeed Richard A. Mack as a member of the Federal Communications Commission.

Cross, a Democrat, is now assistant chief of the State Department's telecommunications division. The White House said he has been in communications work for 22 years and with the State Department since 1946.

Mack, also a Democrat, resigned from the FCC a week ago while under fire from the House subcommittee which has been investigating the FCC.

Garcia Urges Economic Help

MANILA (AP)—President Carlos P. Garcia is expected to open the SEATO foreign ministers' conference Tuesday with a call for more economic help for Asian members of the pact.

Jose W. Cruz, spokesman for the Philippine delegation, told newsmen Garcia will emphasize the need of solving pressing economic problems in the treaty area.

The Philippines indicated previously it would press for more aid from the pact's wealthier nations for the three Asian members, the Philippines, Thailand and Pakistan.

Whiteside Breaks Date

WASHINGTON (AP)—Thurman A. Whiteside, alleged "fixer" in a Miami TV case, broke a date to testify before House investigators Monday but sent word he will be there on Wednesday.
